Department of Transportation,2001 **Historical Archaeology of the Delaware Valley, 1600-1850** Richard Veit,David Orr,2014-01-30 The Delaware Valley is a distinct region situated within the Middle Atlantic states encompassing portions of Delaware Pennsylvania New Jersey and Maryland With its cultural epicenter of Philadelphia its surrounding bays and ports within Maryland and Delaware and its conglomerate population of European settlers Native Americans and enslaved Africans the Delaware Valley was one of the great cultural hearths of early America The region felt the full brunt of the American Revolution briefly served as the national capital in the post Revolutionary period and sheltered burgeoning industries amidst the growing pains of a young nation Yet despite these distinctions the Delaware Valley has received less scholarly treatment than its colonial equals in New England and the Chesapeake region In *Historical Archaeology of the Delaware Valley 1600 1850* Richard Veit and David Orr bring together fifteen essays that represent the wide range of cultures experiences and industries that make this region distinctly American in its diversity From historic period American Indians living in a rapidly changing world to an archaeological portrait of Benjamin Franklin from an eighteenth century shipwreck to the archaeology of Quakerism this volume highlights the vast array of research being conducted throughout the region Many of these sites discussed are the locations of ongoing excavations and archaeologists and historians alike continue to debate the region s multifaceted identity The archaeological

stories found within Historical Archeology of the Delaware Valley 1600 1850 reflect the amalgamated heritage that many American regions experienced though the Delaware Valley certainly exemplifies a richer experience than most it even boasts the palatial home of a king Joseph Bonaparte elder brother of Napoleon and former King of Naples and Spain This work thoroughly based on careful archaeological examination tells the stories of earlier generations in the Delaware Valley and makes the case that New England and the Chesapeake are not the only cultural centers of colonial America **A History of the New Jersey Department of Transportation**, 2000 *A History of the Transport Service* Albert Gleaves, 1921

Birkner, 2001-02-28 Richard P McCormick made his mark as an innovative student of American party politics as well as the most influential interpreter of New Jersey history A distinguished teacher scholar and public historian McCormick revitalized a venerable but dormant state historical society Later he used notable anniversaries such as the Bicentennial of the American Revolution and the Tercentenary of New Jersey s founding as vehicles to bring history to schools and the general public He also helped create a state historical agency the New Jersey Historical Commission to promote New Jersey s past and preserve its historic treasures Birkner describes McCormick s life and times He looks at McCormick s scholarly apprenticeship the origins of his interest in a new political history and his contributions to the study of American politics before the Civil War McCormick s concern for elucidating political machinery was fused with a fundamental skepticism about American democracy as run by and for the people Through use of oral history McCormick tells his own story Then through their exchanges Birkner challenges some of McCormick s scholarly arguments and elicits responses that help to shed light on his subject s theory of politics Mass Transportation--1969, Hearings Before the Subcommittee on Housing and Urban Affairs of ..., 91-1 on S. 676, S. 1032, S. 2656 ..., July 23 ...
