recluse's remote home. Additionally, the novel is one of the earliest examples of the departure of horror fiction from the Gothic style of supernatural psychological hauntings to more realist science fiction cosmic horror themes. The recluse is among other events transported to a mysterious supra-universal plane populated by monsters and elder gods, and his house withstands assaults from legions of monsters as he travels across time and the solar system. The book was very influential on H. P. Lovecraft, who himself was famous for the cosmic horror themes in his work. The concept of an uncaring and even evil universe that Lovecraft found so disturbing is front and center in this supremely strange novel. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

The House on the Borderland William Hodgson, 2014-03-27. *The House on the Borderland* William Hope Hodgson. Classic Supernatural Horror. *The House on the Borderland* is a supernatural horror novel by British fantasist William Hope Hodgson. In 1877, two gentlemen, Messrs Tonnison and Berreggnog, head into Ireland to spend a week fishing in the village of Kraithean. Whilst there, they discover in the ruins of a very curious house a diary of the man who had once owned it. Its torn pages seem to hint at an evil beyond anything that existed on this side of the curtains of impossibility. This is a classic novel that worked to slowly bridge the gap between the British fantastic and supernatural authors of the later 19th century and modern horror fiction. Noted American horror writer H. P. Lovecraft lists this and other works by Hodgson among his greatest influences. Two good friends, Tonnison and Berreggnog, travel to the remote village of Kraithean in rural Ireland. On the third day of their trip, they stumble upon the ruins of a strangely shaped house bordering a large lake. They discover the mouldering journal of the Recluse, an unidentified man who recorded his last days in the house before its destruction.
