Salwak,2008-04 Part epistolary memoir part handbook Teaching Life reflects on more than three decades of teaching
literature and touching the lives of students Both a reflection on a life in literature and a primer on teaching as a vocation
this soul stirring work also provides behind the scenes stories of many of the authors who have influenced Dale Salwak s
career Written in response to the sudden death of one of his students who died tragically in an automobile accident on her
way to Salwak s office to talk over her career plans Teaching Life is an effort to impart lessons to the next generation of
teachers It was the suddenness of her death I think along with the utter loss of so much potential which struck me forcibly
and I found myself wondering if anything I had said in class had made a difference in her too short life or for that matter in
the lives of any of my students By turns analytical reflective and exhortatory Teaching Life unselfconsciously captures the
fascination enlightenment and sheer joy that literary studies can offer professors and students It also implicitly speaks to
society s prevailing and disturbing prejudice against the profession **The Human Aura** Dr D. M. Baker, Dr Baker clearly
defines the nature and function of the human aura and how it can be used to enhance the quality of our lives Combining his
medical training with 40 years of metaphysical study the author is able to dispel the existing confusion and gross
misconception about the aura and human energy fields Subject Guide to Children's Books in Print 1997 Bowker Editorial
