Alford,Alexander M. Hicks,Mildred A. Schwartz,2005-05-23 This Handbook provides a complete survey of the vibrant field of political sociology Part I explores the theories of political sociology Part II focuses on the formation transitions and regime structure of the state Part III takes up various aspects of the state that respond to pressures from civil society *The Role Of The Supreme Court In American Politics* Richard Pacelle,2018-03-05 When the Supreme Court s effectively decided the presidential election of 2000 it decision illustrated a classic question in American politics what is the appropriate role for the Supreme Court The dilemma is between judicial activism the Court s willingness to make significant changes in public policy and judicial restraint the Court s willingness to confine the use and extent of its power While the Framers of the Constitution felt that the judiciary would be the least dangerous branch of government many have come to the conclusion that courts govern America a notion at odds with democratic government Richard Pacelle traces the historical ebb and flow of the Court s role in the critical issues of American politics slavery free speech religion abortion and affirmative action Pacelle examines the arguments for judicial restraint including that unelected judges making policy runs against democratic principles and the arguments for judicial activism including the important role the court has played as a protector of minority rights Pacelle suggests that there needs to be a balance between judicial activism and restraint in light of the constraints on the institution and its power Stimulating and sure to generate discussion The Supreme Court in American Politics is a concise supplemental text for American Government and Judicial Politics course **Political Parties and Democracy** Kay Lawson,2010-07-20 Native scholars explore the relationship between political parties and democracy in regions around the world The

development of political parties over the past century is the story of three stages in the pursuit of power liberation democratization and de democratization Political Parties and Democracy is comprised of five stand alone volumes that probe the realities of political parties at all three stages In each volume contributors explore the relationship between political parties and democracy or democratization in their nations providing necessary historical socioeconomic and institutional context as well as the details of contemporary political tensions Contributors are distinguished indigenous scholars who have lived the truths they tell and are thus able to write with unique breadth depth and scope They show the parties of their respective nations as they have developed through history and changing institutional structures and they explain the balance of power among them and between them and competing agencies of power today

The Supreme Court in a Separation of Powers System Richard Pacelle, 2015-01-09 The U S Supreme Court is not a unitary actor and it does not function in a vacuum It is part of an integrated political system in which its decisions and doctrine must be viewed in a broader context In some areas the Court is the lead policy maker In other areas the Court fills in the gaps of policy created in the legislative and executive branches In either instance the Supreme Court s work is influenced by and in turn influences all three branches of the federal government as well as the interests and opinions of the American people Pacelle analyzes the Court s interaction in the separation of powers system detailing its relationship to the presidency Congress the bureaucracy public opinion interest groups and the vast system of lower courts The niche the Court occupies and the role it plays in American government reflect aspects of both the legal and political models The Court has legal duties and obligations as well as some freedom to exercise its collective political will Too often those studying the Court have examined it in isolation but this book urges scholars and students alike to think more broadly and situate the highest court as the balance wheel in the American system

A Comparative Introduction to Political Science Robert J. Jackson, Doreen Jackson, 1997 Globally oriented this thoughtfully executed book presents the concepts frameworks and interpretative tools for understanding the diverse range of political systems at work in our world today from democratic to authoritarian Prompting readers to ask What constitutes good government and how it can be achieved it introduces the dynamic worlds of political science politics and government examines theories and methods of comparison and international relations and focuses on both domestic and global factors in promoting change Introducing the ideas which form the basis of political science it compares culture ideology constitutions government institutions public administration elections and parties and interest groups among the world s 192 states Exploring both international and domestic factors in politics it discusses recent controversies such as the strategic environment disarmament North South Politics human rights environmental economic and health questions Chapters are organized to help readers learn to appreciate the rigorous relationship between concepts and empirical analysis pairing a more general chapter is followed by an empirically oriented chapter concerning all democratic and authoritarian countries For those beginning work in the fields of civics politics government and international affairs

National Health Services

of Western Europe Guido Giarelli, Mike Saks, 2023-08-14 This book draws on research within neo Weberian and neo institutionalist perspectives to critically analyse National Health Services NHSs in Western Europe Exploring the challenges posed by neo liberal policies it also looks at the impact of the role of the state the medical profession the public and the medical industrial complex in their development Bringing together a top line range of expert international contributors this book includes national studies from three European macro regions Britain Scandinavia and the Mediterranean In the first part the NHSs of each country considered are examined historically and in a contemporary context in face of emerging challenges from cost containment to governance The second part looks across the macro regions at the influence of the main actors involved in their evolution and sustainability Comparing and contrasting the NHSs of Western Europe the book ends with a discussion of future directions This book makes a vital contribution at a time when health services globally have been under great pressure in the wake of the COVID 19 pandemic It is written for academics and advanced students of healthcare management public policy social policy and sociology in addition to health professionals and policymakers

Institutions and Institutional Change in China F. Wang, 2016-01-18 Wang proposes and applies an innovative analytical framework to study the institutional continuity and changes in China More specifically this study examines and explains the peculiar premodernity and the profound modernization process of China On the track of a state led modernization the dragon of China is found to be institutionally entering the nets of the market economy An inquiry of China s labour allocation patterns and their changes serves as the indicator for the institutional analysis

Political Science & Feminisms Kathleen A. Staudt, William G. Weaver, 1997 The volumes in this series examine the impact of feminist advocacy theory and methodology on the humanities social sciences and natural sciences

From Family to Market Fei-Ling Wang, 1998 This book analyzes Chinese history politics and economic development through the lens of labor allocation within the world s largest workforce Capturing the peculiarities continuities and changes in the PRC s institutional structure Fei Ling Wang examines the segmented nature of China s labor force today He points to the rare coexistence of four labor allocation patterns the traditional family based system authoritarian state allocation community based labor markets and the emerging national labor market China s enduringly stable yet backward institutional structure was based firmly on a mix of family and state institutions now the addition of market forces highlights the PRC s transitional state Bolstered with rich case study detail and Chinese source material this study argues that the development of labor allocation patterns will profoundly influence China s political and economic development in the coming century

Media Role in African Changing Electoral Process Cosmas Uchenna Nwokefor, Kehbema Langmia, 2013-12-20 Media Role in African Changing Electoral Process analyzes the effect of mass media on African elections Featuring contributions by leading African scholars and professionals this book covers a wide array of social science disciplines political discourses and political communication issues In addition the book is an essential reference guide for mass media scholars political scientists consultants professionals and diplomats interested

in the media's role in the electoral process **The SAGE Handbook of Human Rights** Anja Mihr, Mark Gibney, 2014-07-21

The SAGE Handbook of Human Rights will comprise a two volume set consisting of more than 50 original chapters that clarify and analyze human rights issues of both contemporary and future importance. The Handbook will take an interdisciplinary approach combining work in such traditional fields as law, political science and philosophy with such non-traditional subjects as climate change, demography, economics, geography, urban studies, mass communication and business and marketing. In addition, one of the aspects of mainstreaming is the manner in which human rights has come to play a prominent role in popular culture and there will be a section on human rights in art, film, music and literature. Not only will the Handbook provide a state of the art analysis of the discipline that addresses the history and development of human rights standards and its movements, mechanisms and institutions but it will seek to go beyond this and produce a book that will help lead to prospective thinking.

Theories of Institutions Joseph Jupille, James A. Caporaso, 2022-01-20

The human condition teems with institutions, intertemporal social arrangements that shape human relations in support of particular values and the social scientific work developed over the last five decades aimed at understanding them is similarly vast and diverse. This book synthesizes scholarship from across the social sciences with special focus on political science, sociology, economics and organizational studies. Drawing out institutions' essentially social and temporal qualities and their varying relationships to efficiency and power, the authors identify more underlying similarity in understandings of institutional origins, maintenance and change than emerges from overviews from within any given disciplinary tradition. Most importantly, *Theories of Institutions* identifies dozens of avenues for cross-fertilization, the pursuit of which can help keep this broad and inherently diverse field of study vibrant for future generations of scholars.

Research Methods in Human Rights Bård A. Andreassen, Claire Methven O'Brien, Hans-Otto Sano, 2024-05-02

In this thoroughly revised second edition, editors Bård A. Andreassen, Claire Methven O'Brien and Hans-Otto Sano advance contemporary discussions on human rights methodology, bringing together an array of leading scholars to offer instruction and guidance on the methodological approaches to human rights research.
