# The Human Side Of Diabetes Beyond Doctors Diets And Drugs

**Janet Meirelles**

## **The Human Side Of Diabetes Beyond Doctors Diets And Drugs:**

**The Human Side of Diabetes** Mike Raymond, Michael W. Raymond, 1992 Explains how to come to terms with diabetes how to handle the personal and emotional aspects of the disease and how to lead a healthy balanced productive and satisfying life in spite of it

**Perceptions of Health and Illness** Keith J. Petrie, John Weinman, 1997 The study of how individuals perceive and make sense of health and illness is a new and rapidly developing area in health psychology The field has undergone important recent theoretical developments and applications to a wide range of health threats and illnesses The first section of this book examines current theoretical and measurement issues in the field and includes issues related to illness perceptions across the life span disability and the assessment of illness representations in chronic illness The second section addresses the role of illness perceptions in health screening and prevention and includes work on perceptions of genetic disease cancer screening and how individuals process health risk information The third section is concerned with the application of illness perceptions to patients with chronic illness and those undergoing treatment Illnesses examined using this approach include chronic fatigue syndrome breast cancer diabetes and myocardial infarction

**Psychology in Diabetes Care** Frank J. Snoek, T. Chas Skinner, 2007-06-29 Psychosocial issues have long been acknowledged to have a crucial role in the successful treatment of people with diabetes An understanding of these issues can enable health care professionals to assist their patients effectively The second edition of the acclaimed title Psychology in Diabetes Care gives background information and practical guidelines needed by healthcare professionals to address the cognitive emotional and behavioural issues surrounding diabetes management The book bridges the gap between psychological research on self care and management of diabetes and the delivery of care and services provided by the diabetes care team Written jointly by psychologists active in diabetes research and practising clinicians Psychology in Diabetes Care Second Edition provides a practical evidence based approach to intervention in diabetes care

*Care of People with Diabetes* Trisha Dunning, 2013-07-08 This remarkably comprehensive book reflects the depth of knowledge and experience of its author and will assist nurses in the process of diabetes management I wholeheartedly recommend this text to all health professionals whether working directly in or on the fringe of diabetes From the foreword by Marg McGill Chair International Diabetes Federation Consultative Section on Diabetes Education Care of People with Diabetes is an essential guide to the care and management of people with diabetes mellitus with particular emphasis on the acute care setting It is written by an experienced clinical nurse specialist with extensive knowledge of evidence based diabetes care The book serves as an essential companion to clinical practice for nurses and health professionals This third edition of Care of People with Diabetes has been extensively revised and includes new information on smoking cessation diabetes and driving coeliac disease and Polycystic Ovarian Syndrome Key features Fully revised new edition of a successful text Provides the evidence for best practice Includes protocols for consistent care and improvement of patient outcomes Each chapter includes lists of key points

boxes highlighting key information further reading patient information and patient care sheets      **Practical Psychology for Diabetes Clinicians** Barbara Anderson, Richard Rubin, 2003-06-04 Improve the outcomes of your diabetes treatment with the resource that covers hard to find topics such as empowerment female eating disorders and minority patients Leading behavioral scientists have taken their findings on the latest behavioral information for diabetes management and translated them into practical guidelines Six years worth of information packed into one book that covers Understanding and Treating Professional Burnout Eating and Diabetes A Patient Centered Approach Smoking Cessation in Diabetes Working with Children Who Have Type 1 Diabetes Involving Family Members in Diabetes Treatment Recognizing and Managing Depression in Patients with Diabetes      **Diabetes is Not a Piece of Cake** Janet Meirelles, 1997 Written for family friends and coworkers of people with diabetes this book provides trusted information for understanding this disorder The book is also great for the newly diagnosed as well as those who want to know the latest developments 27 line drawings      **Zen and the Art of Diabetes Maintenance** Charles Creekmore, 2002-04-11 How I Learned to Stop Worrying and Love Diabetes shows you how to explore the spiritual depths of your diabetic crisis Part how to book part memoir part inspirational tract this book is a spiritual humane and humorous approach to diabetes It includes expert advice from medical and psychiatric professionals on the healing power of spiritual practice and stories of other people who have diabetes      **Cassette Books** Library of Congress. National Library Service for the Blind and Physically Handicapped, 1993      *The Reader's Adviser*, 1994      **Talking Book Topics**, 1994      **PIALA '94**, 1994      **Forthcoming Books** Rose Army, 2002-02      *Small Press Record of Books in Print* Len Fulton, 1994      **Beyond a Shadow of a Diet** Judith Matz, Ellen Frankel, 2024-05-20 Now in its third edition Beyond a Shadow of a Diet is the most comprehensive book available for professionals working with clients who struggle with binge and emotional eating chronic dieting and body image Divided into three sections The Problem The Treatment and The Solution this book is filled with compelling clinical examples visualizations and exercises that professionals can use to deepen their knowledge and skills as they help clients find freedom from preoccupation with food and weight New research on diet failure health weight and weight stigma makes a case for why clinicians must reflect on their own attitudes and biases to understand how a weight loss focus can harm clients In addition to addressing the symptoms dynamics and treatment of eating problems this book presents a holistic framework that includes topics such as cultural ethical and social justice issues the role of self compassion and promoting physical and emotional well being for people of all shapes and sizes Drawing from the attuned eating and weight inclusive frameworks this book serves as an essential resource for both new clinicians and those interested in shifting their clinical approach Trauma informed and filled with compelling client stories and step by step strategies Beyond a Shadow of a Diet offers professionals and their clients a positive evidence based model for making peace with food their bodies and themselves      **The Inner World of Medical Students** Johanna Shapiro, 2016-07-06 This is a practical and comprehensive guide to communication in family medicine for

doctors nurses and staff in the primary healthcare team It brings together all facets of communication in healthcare including involvement of patients staff and external workers It shows how to address all aspects of communication in relation to one to one situations teaching and groups and encourages the reader to reflect on their own clinical and work experience Using think boxes exercises and references this is an accessible guide relevant to all members of the practice team     **Medical and Health Care Books and Serials in Print** ,1997     *The Cumulative Book Index* ,1992 A world list of books in the English language     Paperbound Books in Print 1995 Reed Reference Publishing,Reference Reed,1995-12     Promoting Wellness Beyond Hormone Therapy, Second Edition Mark A. Moyad,2013-08-20 When a patient is told that his prostate cancer has progressed to a new stage he has both questions and concerns Promoting Wellness Beyond Hormone Therapy Second Edition is written specifically to answer questions for patients whose prostate cancer is considered hormone refractory meaning that it no longer responds well to hormone therapy The book provides a wealth of valuable resources for patients caregivers and healthcare professionals alike Comprehensive information on the many treatment options currently available The latest updates on an exciting number of therapies undergoing testing now Suggestions to patients to lessen or eliminate treatment side effects Question and Answer format gives direct responses to patient queries Health and wellness tips included throughout the book Arm yourself with a wealth of new information to discuss with your healthcare provider

**Reclaim Your Body!** Saravanan Kandan,2020-10-20 The book details the solution to the complex health issues faced by human dysevolution The solution is traced after gross explanation of evolution of human design and the reasons of disruption Grounded in science and explained with real life case studies the solution elucidates the catalytic role and prescription of real food right movement and healthy lifestyle Backed by research the author demystifies myths and debunks the hype around modern diets to explain the value of natural wholesome real foods Detailed content on how exercise cures diseases and prescription to improve the movement deficit lifestyle has been outlined The book concludes with integrated health framework for society where preventive healthcare in the true sense could help in focusing all the developmental effort Thus the book offers a holistic long term approach enabling the reader to reclaim the human body in the pursuit of a healthier and happier life
