The Case Against Hillary Clinton:

The Case Against Hillary Clinton Peggy Noonan, 2010-12-07 As the long scandal ridden trial of the Clinton years comes to an end and as the first lady mounts her own campaign for independent political office it is time for a summation What is the legacy of Clintonism What is there in Hillary Clinton's background talents or record of achievement that qualifies her to represent New York in the U S Senate And most important what will happen if Hillary should win this fall Where will her ambition lead her next Peggy Noonan one of our most astute political observers and a speechwriter for the Reagan White House argues in this passionate and compelling book that everyone in the United States not just New Yorkers must look closely at Hillary and the implications of her Senate bid The Case Against Hillary Clinton offers an eye opening assessment of the scandals and failures of the Clinton years from Whitewater to health care to the Filegate and Travelgate affairs casting a revealing light on the first lady's motives and behavior It poses searching questions about the difference between the citizens of New York and the Clintons of Arkansas between public service and lip service between the whole truth and the shameless parade of evasion and spin the first couple has marshaled throughout their White House years And finally in these pages Noonan calls on us to consider the climate of deception and disgrace the Clintons have left in their wake weakening our nation's moral standing and damaging our political process in ways that will take years to heal Never before has the character of a first lady been so integral to the fate of a presidential administration and no writer before Peggy Noonan has had the courage to offer so uncompromising an estimation of Hillary Clinton as the one contained in this book The Case Against Hillary Clinton takes the measure of the woman the candidate the striving politician and offers a convincing argument that her calculated bid for power will be the first truly important election of the new millennium I thought seven years ago that the Clintons might turn out to be inspiring They had guts came from nowhere were bright and hard driving he was educated credentialed a political moderate but not a boring one she appeared to be something new and interesting a modern woman who operated with confidence in all the circles of the world Hillary could have been a strong and encouraging presence maybe continuing to work in the world as a lawyer as Cherie Blair has in Great Britain a judge working mother and first lady who is everywhere a figure of respect What a presidency this would have been What a legacy they would have left What did the Clintons do with their two administrations They left behind a country more damaged more removed from its old rough idealism a country whose children live in a coarser and more dangerous place a country whose political life has been distorted and lowered And for this reason for all of these reasons Clintonism should not be allowed to continue And if it is not to continue the next great battle may prove to be the decisive one and that is the battle of New York From The Case Against Hillary Clinton The Clintons' War on Women Roger Stone, Robert Morrow, 2016-09-06 This book on Hillary really tough President Donald Trump Hillary Clinton is running for president as an advocate of women and girls but there is another shocking side to her story that has been carefully covered up until now This stunning expos reveals for

the first time how Bill and Hillary Clinton systematically abused women and others sexually physically and psychologically in their scramble for power and wealth In this groundbreaking book New York Times bestselling author Roger Stone and researcher and alternative historian Robert Morrow map the arc of Bill and Hillary s crimes and cover ups They reveal details about their actions in Arkansas during Bill Clinton s time in the White House about who really ordered the deadly attack on the Branch Davidian compound in Waco during Hillary s tenure as secretary of state about their time at the Clinton Foundation and during Hillary s current campaign for president This is the first book to shed light on the couple s deeply personal violations of the people they crushed in their obsessive quest for power Along the way Stone and Morrow reveal the family s darkest secrets including a Clinton family member s drug rehab treatment that was never reported by the press Hillary Clinton s unusually close relationship with a top female aide and a stunning revelation of such impact that it could strip Bill Clinton of his current popularity and derail Hillary s push to be the second Clinton in the White House Anyone who cares about the future of the United States will want to read this tell all exposing the appalling unvarnished and ugly truth about the Clintons This paperback edition includes a new preface from Roger Stone revealing explosive new information he s learned since the hardcover s release [The Case Against the Democratic House Impeaching Trump](#) Alan

Dershowitz,2019-01-01 New York Times bestselling author One of America s most respected legal scholars a Democrat explains why impeachment proceedings against Donald Trump would be a bad idea for America In the 2018 New York Times bestseller [The Case Against Impeaching Trump](#) Alan Dershowitz lamented how American political discourse has devolved into hypocrisy and the criminalization of political differences in the rush to impeach President Trump Arguments to impeach Trump failed Dershowitz s shoe on the other foot test or his political golden rule Democrats must do unto Republicans what they would have Republicans do unto them and vice versa Since then we ve only become more divided and the impeachment power wielded by the Democratic majority in the House of Representative threatens to further polarize the country [The Case Against the Democratic House Impeaching Trump](#) includes and expands upon Dershowitz s 2018 book It puts recent political events including the hyper partisan Kavanaugh hearings the unrestrained power of the Mueller investigation and the generally intolerant current political discourse into context American democracy Dershowitz argues is suffering from political hypocrisy And two years of impeachment proceedings brought by the House and the media circus that would undoubtedly surround them is clearly not the answer This book is Alan Dershowitz s plea for honest dialogue for arguments that would be made even if the shoe was on the other foot **The Case Against Barack Obama** David Freddoso,2008-07-15 He s the

media s darling the fresh face of the Democratic ticket But what does Barack Obama really stand for and will his extreme liberal agenda and complete inexperience in global affairs endanger the country That s what David Freddoso investigative reporter and National Review Online columnist examines in [The Case Against Barack Obama](#) **Daily Skeptic 2016** Cody Scott,2016-12-19 The Daily Skeptic is a blog dedicated to investigating news articles science religion politics history articles

and book reviews This book is a collection of those essays from 2016 with topics ranging from the 2016 election to social unrest to book reviews and historical investigation The Case Against Lawyers Catherine Crier,2002-10-08 THE EMMY AWARD WINNING HOST OF COURT TV S CATHERINE CRIER LIVE DESCRIBES AN AMERICAN LEGAL SYSTEM DANGEROUSLY OUT OF CONTROL AND FINDS THE LAWYERS GUILTY AS CHARGED As a child Catherine Crier was enchanted by film portrayals of crusading lawyers like Clarence Darrow and Atticus Finch As a district attorney private lawyer and judge herself she saw firsthand how the U S justice system worked and didn t One of the most respected legal journalists and commentators today she now confronts a profoundly unfair legal system that produces results and profits for the few and paralysis frustration and injustice for the many Alexis de Tocqueville s dire prediction in Democracy in America has come true We Americans have ceded our responsibility as citizens to resolve the problems of society to legal authorities and with it our democratic freedoms The Case Against Lawyers is both an angry indictment and an eloquent plea for a return to common sense It decries a system of laws so complex even the enforcers such as the IRS cannot understand them It unmasks a litigation crazed society where billion dollar judgments mostly line the pockets of personal injury lawyers It deplores the stupidity of a system of liability that leads to such results as a label on a stroller that warns Remove child before folding It indicts a criminal justice system that puts minor drug offenders away for life yet allows celebrity murderers to walk free And it excoriates the sheer corruption of the iron triangle of lawyers bureaucrats and politicians who profit mightily from all this inefficiency injustice and abuse The Case Against Lawyers will make readers hopping mad And it will make them realize that the only response can be to demand change Now **The Case Against Impeaching Trump** Alan Dershowitz,2018-07-09 A brilliant lawyer A new and very important book I would encourage all people to read President Donald J Trump Absolutely amazing If you care about justice read this book Sean Hannity Maybe the question isn t what happened to Alan Dershowitz Maybe it s what happened to everyone else Politico Alan Dershowitz has been called one of the most prominent and consistent defenders of civil liberties in America by Politico and the nation s most peripatetic civil liberties lawyer and one of its most distinguished defenders of individual rights by Newsweek Yet he has come under partisan fire for applying those same principles to Donald Trump during the course of his many appearances in national media outlets as an expert resource on civil liberties and constitutional law The Case Against Removing Trump seeks to reorient the debate over impeachment to the same standard that Dershowitz has continued to uphold for decades the law of the United States of America as established by the Constitution In the author s own words In the fervor to impeach President Trump his political enemies have ignored the text of the Constitution As a civil libertarian who voted against Trump I remind those who would impeach him not to run roughshod over a document that has protected us all for two and a quarter centuries In this case against impeachment I make arguments similar to those I made against the impeachment of President Bill Clinton and that I would be making had Hillary Clinton been elected and Republicans were seeking to impeach her Impeachment and removal
