Najib George Awad

The Case For Peace How The ArabIsraeli Conflict Can Be Resolved:

The Case for Peace Alan Dershowitz, 2011-01-06 In *The Case for Peace* Dershowitz identifies twelve geopolitical barriers to peace between Israel and Palestine and explains how to move around them and push the process forward From the division of Jerusalem and Israeli counterterrorism measures to the security fence and the Iranian nuclear threat his analyses are clear headed well argued and sure to be controversial According to Dershowitz achieving a lasting peace will require more than tough minded negotiations between Israelis and Palestinians In academia Europe the UN and the Arab world Israel bashing and anti Semitism have reached new heights despite the recent Israeli Palestinian movement toward peace Surveying this outpouring of vilification Dershowitz deconstructs the smear tactics used by Israel haters and shows how this kind of anti Israel McCarthyism is aimed at scuttling any real chance of peace **Chomsky and Dershowitz**

Howard Friel, 2013-09-21 Through the lens of a careful assessment of the political views of MIT's Noam Chomsky and Harvard's Alan Dershowitz the two protagonists of a Cambridge based feud over the past forty years author Howard Friel chronicles an American intellectual history from the U S war in Vietnam in the 1960s to the contemporary debate about the Israel Palestine conflict Major findings reveal the consistency of Chomsky's principled support of international law human rights and civil liberties and a reversal by Dershowitz from support in the 1960s to opposition of those legal standards today Friel's volume argues that a Chomskyan adherence by the United States to international law and human rights would reduce the threat of terrorism and preserve civil liberties that the Dershowitz backed war on terrorism increases the threat of terrorism and undermines civil liberties and that the incremental but steady transition toward a preventive state threatens the permanent suspension of civil liberties in the United States *The Case Against Israel's Enemies* Alan

Dershowitz, 2008-09-29 Israel is seriously under attack from political academic religious and military enemies who are making vociferous threats against its continued existence In this important new book Dershowitz gives pro Israel supporters the ammunition necessary to defend themselves *How Terrorism Ends* Audrey Kurth Cronin, 2011-08-28 Annotation This work answers questions concerning the length of time that terrorist campaigns last and when targeting leadership finishes a group It examines a wide range of historical examples to identify the ways in which almost all terrorist groups die out

The Case Against the Democratic House Impeaching Trump Alan Dershowitz, 2019-01-01 New York Times bestselling author One of America's most respected legal scholars a Democrat explains why impeachment proceedings against Donald Trump would be a bad idea for America In the 2018 New York Times bestseller *The Case Against Impeaching Trump* Alan Dershowitz lamented how American political discourse has devolved into hypocrisy and the criminalization of political differences in the rush to impeach President Trump Arguments to impeach Trump failed Dershowitz's shoe on the other foot test or his political golden rule Democrats must do unto Republicans what they would have Republicans do unto them and vice versa Since then we've only become more divided and the impeachment power wielded by the Democratic

majority in the House of Representative threatens to further polarize the country The Case Against the Democratic House Impeaching Trump includes and expands upon Dershowitz s 2018 book It puts recent political events including the hyper partisan Kavanaugh hearings the unrestrained power of the Mueller investigation and the generally intolerant current political discourse into context American democracy Dershowitz argues is suffering from political hypocrisy And two years of impeachment proceedings brought by the House and the media circus that would undoubtedly surround them is clearly not the answer This book is Alan Dershowitz s plea for honest dialogue for arguments that would be made even if the shoe was on the other foot

The Case Against Impeaching Trump Alan Dershowitz, 2018-07-09 A brilliant lawyer A new and very important book I would encourage all people to read President Donald J Trump Absolutely amazing If you care about justice read this book Sean Hannity Maybe the question isn t what happened to Alan Dershowitz Maybe it s what happened to everyone else Politico Alan Dershowitz has been called one of the most prominent and consistent defenders of civil liberties in America by Politico and the nation s most peripatetic civil liberties lawyer and one of its most distinguished defenders of individual rights by Newsweek Yet he has come under partisan fire for applying those same principles to Donald Trump during the course of his many appearances in national media outlets as an expert resource on civil liberties and constitutional law The Case Against Removing Trump seeks to reorient the debate over impeachment to the same standard that Dershowitz has continued to uphold for decades the law of the United States of America as established by the Constitution In the author s own words In the fervor to impeach President Trump his political enemies have ignored the text of the Constitution As a civil libertarian who voted against Trump I remind those who would impeach him not to run roughshod over a document that has protected us all for two and a quarter centuries In this case against impeachment I make arguments similar to those I made against the impeachment of President Bill Clinton and that I would be making had Hillary Clinton been elected and Republicans were seeking to impeach her Impeachment and removal of a president are not entirely political decisions by Congress Every member takes an oath to uphold the Constitution of the United States and the Constitution sets out specific substantive criteria that MUST be met I am thrilled to contribute to this important debate and especially that my book will be so quickly available to readers so they can make up their own minds

A History of the Israeli-Palestinian Conflict Mark Tessler, 2009-03-24 Mark Tessler's highly praised comprehensive and balanced history of the Israeli Palestinian conflict from the earliest times to the present updated through the first years of the 21st century provides a constructive framework for understanding recent developments and assessing the prospects for future peace Drawing upon a wide array of documents and on research by Palestinians Israelis and others Tessler assesses the conflict on both the Israelis and the Palestinians terms New chapters in this expanded edition elucidate the Oslo peace process including the reasons for its failure and the political dynamics in Israel the West Bank and Gaza at a critical time of transition

The Case Against the Iran Deal Alan Dershowitz, 2015-07-29 The lawyer and New York Times bestselling author of *The Case for Israel* discusses the pros and cons of the Iran nuclear agreement An Iranian nuclear arsenal could make the world more dangerous That is why decisions regarding Iran's nuclear program are among the most important of our time Here Harvard Law Professor Emeritus Alan Dershowitz argues that the negotiations that led to this bad deal were deeply flawed Evaluating the pros and cons of the Iran nuclear agreement he asks the fundamental questions about what the deal means how it will be implemented and whether we now have the capacity to stop Iran from developing nuclear weapons As a lawyer with decades of negotiation experience and a regular commentator on Middle Eastern politics Dershowitz explains how we could have gotten a better deal and offers a unique analysis of the Obama administration's negotiations with Iran and the implications of a deal for Israel the Middle East and the global community It is a call for both intelligent reflection and determined action to stop Iran from getting the bomb

Palestinianism Alan Dershowitz, 2015-04-15 Palestinianism is not only the newest manifestation of anti-Semitism it also poses grave threats to peace human rights and democratic values Its dangers must be exposed and challenged in the marketplace of ideas It is the purpose of this book to pose that challenge and to put Palestinianism on trial for the moral crimes of bigotry incitement to violence and destroying any prospects for peace By Palestinianism Alan Dershowitz does not mean merely supporting a Palestinian state or the rights and well being of the Palestinian people Those are entirely reasonable positions to take He means only the obsessive focus on the claims of Palestinians and their supporters to the exclusion or minimization of the claims of other more deserving groups This singular focus on the rights of Palestinians is coupled with an equivalent singular focus on the alleged wrongs of only one country Israel the nation state of the Jewish people It is the coupling of these biases that constitutes the new Palestinianism that we are now experiencing on university campuses in international organizations among hard left politicians and in many media In *Palestinianism* Dershowitz explores the sources of contemporary Jew hatred Israel demonization and other threats to Jewish communities around the world He demonstrates why he believes things are likely to get worse as they did in Germany during the late 1930s He does not believe they will culminate in another genocidal

holocaust but that when the young bigots who so fervently rally behind Palestinianism grow into influential adults they will increase the hatred against Jews and their nation state He argues that Jews and their state must become more self reliant and less dependent on the approval support or selection by others
