BOOK JACKET

Mark's Other Gospel Scott G. Brown,2006-01-01 Did the evangelist Mark write two versions of his gospel According to a letter ascribed to Clement of Alexandria Mark created a second more spiritual edition of his gospel for theologically advanced Christians in Alexandria Clement s letter contains two excerpts from this lost gospel including a remarkably different account of the raising of Lazarus Forty five years of cursory investigation have yielded five mutually exclusive paradigms abundant confusion and rumours of forgery Strangely one of the few things upon which most investigators agree is that the letter s own explanation of the origin and purpose of this longer gospel need not be taken seriously Mark s Other Gospel Rethinking Morton Smith s Controversial Discovery calls this pervasive bias into question After thoroughly critiquing the five main paradigms Scott G Brown demonstrates that the gospel excerpts not only sound like Mark but also employ Mark s distinctive literary techniques deepening this gospels theology and elucidating puzzling aspects of its narrative This mystic gospel represents Mark s own response to the Alexandrian predilection to discover the essential truths of a philosophy beneath the literal level of revered texts

Day One Martyn L. Schorr,2017-11-21 Martyn L Schorr recalls over fifty years of automotive memories including work with Carroll Shelby the Ford GT race program and more

Mark's Gospel Hermann Beckh,2021-05-17 Hermann Beckh s masterful study of Mark s Gospel offers much more than scholarly argument It is the work of a true visionary who allows his readers to discover the meaning of the Earth and of humanity for themselves Beckh was in the forefront of entirely new research and recovery of the Gospel writing more for the future than for his own time It is not uncommon for biblical scholars to view St Mark s Gospel as little more than an assemblage of fragmentary sources and a copy of uncertain early memories The Gospel is said to have little historical veracity harmony or guiding structure Beckh s contemporary the German writer Arthur Drews even argued that the text was nothing more than a simplistic solar myth wherein another Sun hero pursued his way around the Greco Roman constellations Mark s Gospel The Cosmic Rhythm is a response to such twentieth century materialistic thinking He was asked to write the book in the 1920s by the leaders of The Christian Community who sought to rescue the desecrated

Gospel from its opponents Inspired by Rudolf Steiner and a vast knowledge of ancient languages Tibetan Sanskrit Pali and Avestan along with Hebrew Greek and Latin the Rev Professor Hermann Beckh perceived how the Gospel reflects God's Everlasting Covenant and meticulously expressed its aesthetic unity the consonance of its parts and its consequent radiant clarity His far reaching understanding of sacred texts in the original languages always associated with the disciplined meditation he had attained from anthroposophy led to unprecedented insight This new edition of his classic study has been revised and redesigned The Publishers' Trade List Annual ,1992 *Britain's X-traordinary Files* David Clarke,2014-09-25

David Clarke opens The National Archives own X Files to uncover the secret official accounts behind legendary paranormal and extraordinary phenomena From mediums employed by the police to help with psychic crime busting to sea monster sightings reported to the Royal Navy Britain's X-traordinary Files brings to light a range of secret documents created by military intelligence and government agencies who have investigated and even used extraordinary phenomena or powers in recent history Each chapter is underpinned by original official records held at The National Archives which throw new light on many rumours and unsolved historical mysteries including the Angels of Mons and other legends of the Great War plus a variety of strange phenomena reported both in the sea and in the air from phantom helicopters to the great sea serpent of the Victorian era The final chapter scrutinises official interest in the infamous Loch Ness Monster of Scotland and the Beast of Bodmin These accounts are supplemented with contextual material gathered from interviews and the author's own investigations making truly eye opening reading for anyone interested in the paranormal
