The Case Of Valentin Tomberg Anthroposophy Or Jesuitism:

The Case of Valentin Tomberg Sergei O. Prokofieff, 1998-03 Born in 1900 in Russia Valentin Tomberg was for many years an enthusiastic student of Anthroposophy In 1945 however he converted to Roman Catholicism and completely turned his back on the former phase of his life By the time of his death in 1973 he had written two major works Meditations on the Tarot and Covenant of the Heart in which he presented much esoteric knowledge though under the spiritual authority of the Catholic Church What is the mystery behind Tomberg's life Prokofieff provides his views in this forcefully argued and uncompromising book

Valentin Tomberg and Anthroposophy Sergei O. Prokofieff, 2005 Valentin Tomberg was for many years a strong proponent of Rudolf Steiner's spiritual science He became a prominent lecturer and writer on anthroposophy then in 1945 he turned away from anthroposophy and converted to Roman Catholicism subsequently authoring two influential texts on Catholicism Nevertheless a number of Tomberg's modern day adherents maintain that he remained faithful to esoteric Christianity and to Rudolf Steiner's ideas Prokofieff presents startling new research that in his estimation shows the hypothesis of Tomberg's followers to be misguided His key evidence is a letter reproduced in the book that was handwritten by Tomberg in 1970 Using this text Prokofieff attempts to show that Valentin Tomberg condemned and dismissed Rudolf Steiner and his spiritual path

Christ and Sophia Valentin Tomberg, R H Bruce, 2011-03 In these astounding meditations on the true Christian nature of the scriptures Tomberg shows how the central story of entire Bible is really a history of the Christ being He describes the cosmic and earthly preparations for the Mystery of Golgotha its significance and results for humanity and the world as a whole and the central role of the Sophia being and her relationship to the Christ the Holy Spirit the Disciples and Pentecost and all of humanity He also imagines the Grail nature of the Christ's involvement in earthly history All of Valentin Tomberg's profound studies are finally available in a single volume Drawn from four difficult to find and out of print editions this completely revised and updated text includes Tomberg's anthroposophic meditations on the Old Testament the New Testament and the Apocalypse while the appendix contains his final unfinished work The Four Sacrifices of Christ Christ and Sophia contains all of Valentin Tomberg's essential anthroposophic works on the scriptures providing an invaluable resource for anyone who wishes to gain a deeper understanding of Rudolf Steiner's spiritual scientific approach to esoteric Christianity as revealed by a close meditative reading of the Bible from Genesis to John's Revelation This volume contains English translations of these works by Valentin Tomberg

Anthroposophisch Betrachtungen ber des Alte Testament Anthroposophische Betrachtungen ber das Neue Testament Geisteswissenschaftliche Betrachtungen ber die Apokalypse des Johannes **Anthroposophy and the Philosophy of Freedom** Sergei O. Prokofieff, 2009

I asked Rudolf Steiner What will remain of your work thousands of years from now He replied Nothing but The Philosophy of Freedom But everything else is contained in it If one realizes the act of freedom described there one can discover the whole content of Anthroposophy Walter Johannes Stein Some people's path to Anthroposophy leads them directly to Rudolf Steiner

s early work *Intuitive Thinking as a Spiritual Path A Philosophy of Freedom* which becomes the philosophical basis for further exploration Steiner referred to this as a safe approach However the destiny of many leads them directly to Anthroposophy itself perhaps through one of its practical initiatives such as Waldorf education or biodynamics sometimes making it difficult to relate to the cognitive basis of Anthroposophy In this unique study Prokofieff offers a fresh approach to Steiner s crucial book *Intuitive Thinking as a Spiritual Path* He shows why the book is so important to Anthroposophy as the work in which Steiner lays a foundation for his method of spiritual research In Steiner s own words One who is willing can indeed find the basic principles of Anthroposophy in my *Philosophy of Freedom* Prokofieff discusses the Christian nature of the anthroposophic means of cognition and how it is integral to freedom and love This in turn reveals the deeply Christian roots of *Intuitive Thinking as a Spiritual Path* and its importance for modern Christian esoteric work In considering its multifaceted cosmic and human dimension Prokofieff discusses *Intuitive Thinking as a Spiritual Path* in relation to the mystery of the Resurrection the work of the hierarchies the being Anthroposophia the Fifth Gospel Steiner s path of initiation the Rosicrucian and Michaelic impulses the life between death and rebirth the Foundation Stone the Christian mysteries of karma and the science of the Grail Star Wisdom and Rudolf Steiner David Tresemer,2007-02 Flower essences are liquid energetic remedies derived from living flowers They bring the natural dynamic energy of the plant directly into the human electro system where they work to bring about movement toward health and balance Because of their energetic and living quality they work directly and deeply in the emotional system assisting in the release of early wounds and trauma These suppressed imprints are considered to be a main causes of many types of diseases or imbalances today Flower essences are a perfect complement to many of today s health practices They enhance the effects of energy work physical therapy acupuncture psychotherapy cranial sacral work massage aroma therapy and many other forms of healing and treatment Flower essences are safe natural and non toxic Continuing the work of Edward Bach *Stars of the Meadow* looks deeply into the relationship between health and the human personality David Dalton takes us on a thorough and soulful exploration of how to use more than forty medicinal herbs as flower essences portraying each flower in a way that is both substantive and inspired Each description is organized to present a picture of how the flower essence affects the adult personality as it has been formed through life and describes its direct clinical effects on children and animals Dalton also connects different types of flowers based on the number and arrangement of petals as well as associated colors and qualities to the system of human chakras or energy centers This innovative approach allows the reader to discover new ways to employ flower essences to focus on specific areas of one s being from the most physical to the highest levels allowing a kind of flexibility rarely found in any single system of healing *Stars of the Meadow* is a valuable guide not only for those who are new to flower essences but also for seasoned herbalists who wish to deepen their knowledge of this effective method of healing body mind and soul

The Encounter with Evil and Its Overcoming Through Spiritual Science Sergei O. Prokofieff,1999 In our everyday lives

we are constantly challenged by the phenomenon of evil in all its many manifestations But how can we cope with this seemingly eternal hindrance In the first of these three essays Prokofieff suggests that we start by developing a knowledge of the forces of evil in order to learn how they work in human evolution Such knowledge is in itself the beginning of the process of overcoming evil In order that members of the Anthroposophical Society might go further along this path Rudolf Steiner gave them the spiritual Foundation Stone of the Good This Foundation Stone which consists of light imaginative form and the substance of love can live in our hearts and souls as a firm foundation for esoteric work and a creative contribution towards the overcoming of evil Ultimately it can lead us to a conscious experience of Christ in the etheric realm of the earth In the second and third essays Prokofieff examines further themes relating to the etheric advent of Christ and its connection with the Foundation Stone of the Good

Steiner and Kindred Spirits Robert McDermott, 2015-08-01 Rudolf Steiner 1861 1925 the Austrian founder of Anthroposophy is frequently viewed by those familiar with his teaching as unique and separate from other spiritual teachers of our modern era While Steiner is thought by anthroposophists to be a scientist and a philosopher as well as an interpreter of events depicted in Christian scriptures he is nevertheless generally ignored by scientists and philosophers as well as by both liberal and fundamentalist scriptural scholars and theologians In this book Robert McDermott the editor of *American Philosophy* and Rudolf Steiner which investigates Steiner's philosophy in the context of American philosophers places Steiner and his work in the context of a variety of spiritual teachers and teachings both Western and Eastern In doing so the reader is guided to new perspectives that show the similarities and contrasts between Steiner's Spiritual Science and a number of Christian Hindu Buddhist and secular spiritual worldviews The kindred spirits in this book include His Holiness the Dalai Lama C G Jung Teilhard de Chardin Martin Buber Sri Aurobindo Rabindranath Tagore Gandhians feminists ecologists and more Steiner went as far up the spiritual ladder as any modern individual but unlike some enthusiasts for Steiner McDermott is also impressed by other religious thinkers and spiritual practitioners who have been helpful to those of us in need of encouragement and guidance and whose vistas and insights may not have been researched or explained by Steiner For those with unbiased open minds this book presents a fresh look at Rudolf Steiner a modern spiritual initiate and his contributions to the world along with a generous and appreciative view of his kindred spirits of our time

The Zelator David Ovason, 2013-06-30 THIS BOOK REVEALS THE CONSPIRACY BY LEONARDO NEWTON GOETHE AND OTHER MEMBERS OF THE INITIATE TRADITION TO INFLUENCE THE COURSE OF HISTORY BY MAGIC From the dawn of history and perhaps beyond a small group of magi working within a specific magical tradition have believed they have been influencing the course of history guiding mankind towards higher levels of consciousness Theirs is a reincarnationist philosophy and they believe that as initiates of the highest order they return in local groups at key moments to conspire to change the course of events Whether or not their beliefs are right whether or not their magical practices work in the way they believe this book will prove that certain remarkable individuals many of them

famous in other areas have undoubtedly held these beliefs Bestsellers such as HOLY BLOOD HOLY GRAIL and THE TOMB OF GOD have been written by amateur historians trying to penetrate the veil of secrecy that surrounds this conspiracy here for the first time an initiate of the order reveals the truth *Dictionary of Gnosis and Western Esotericism* Wouter J. Hanegraaff, Antoine Faivre, R. van den Broek, Jean-Pierre Brach, 2005 This is the first comprehensive reference work to cover the entire domain of Gnosis and Western Esotericism from Late Antiquity to the present It contains critical discussions of all its major authors currents and manifestations from Gnosticism to the New Age Also available soon in unabridged one volume edition [Index to Book Reviews in Religion](#) ,1998
