The Chakras Charles Webster Leadbeater, 1927 **The Theosophist** , 1927 **The Inner Life of Krishnamurti** Aryel Sanat, 2013-11-01 Aryel Sanat's meticulously researched and cogently argued exploration of Krishnamurti's inner life and experiences explodes a number of popular myths about Krishnamurti particularly that he denied the existence of the Theosophical Masters and disdained the esoteric side of the spiritual path Rather Sanat persuasively demonstrates Krishnamurti had a rich and intense esoteric life Moreover the truths of the Ancient Wisdom as revealed through the Masters were a reality to Krishnamurti every day of his life from his boyhood until his death The real story of Krishnamurti's inner life is shown to have critical implications for our understanding of Krishnamurti's life and ideas and for our views of Theosophy Buddhism the teachings of Gurdjieff indeed the entirety of contemporary spiritual thought **The New Metaphysicals** Courtney Bender, 2010-07-15 American spirituality with its focus on individual meaning experience and exploration is usually thought to be a product of the postmodern era But as *The New Metaphysicals* makes clear contemporary American spirituality has historic roots in the nineteenth century and a great deal in common with traditional religious movements To explore this world Courtney Bender combines research into the history of the movement with fieldwork in Cambridge Massachusetts a key site of alternative religious inquiry from Emerson and William James to today Through her ethnographic analysis Bender discovers that a focus on the new on progress and on the way spiritual beliefs intersect with science obscures the historical roots of spirituality from its practitioners and those who study it alike and shape an enduring set of modern religious possibilities in the process *The Chakras in Stained Glass* Evelyn Wolff, 2025-05-16 Enjoy the remarkable artwork in Evelyn Wolff's *Chakras in Stained Glass* they are some of her finest Reading her personal story about working with her chakras to channel these glowing images will teach you their meaning and how to visualize balance and bring healing to your chakras using color crystals and her psychological insights Finally Evelyn Wolff also offers the wisdom of her clinical experience and explores new research validating the power of these spiritual vortices to affect our health and happiness
