BY JASON AUGUSTUS NEWCOMB

The Chaldaean Oracles

W. Wynn Westcott

The Chaldaean Oracles:

The Chaldean Oracles of Zoroaster Sapere Aude,1895-01-01 These Oracles are considered to embody many of the principal features of Chaldean philosophy They have come down to us through Greek translations and were held in the greatest esteem throughout antiquity a sentiment which was shared alike by the early Christian Fathers and the later Platonists The doctrines contained therein are attributed to Zoroaster though to which particular Zoroaster is not known historians give notices of as many as six different individuals all bearing that name which was probably the title of the Prince of the Magi and a generic term The word Zoroaster is by various authorities differently derived Kircher furnishes one of the most interesting derivations when he seeks to show that it comes from TzURA a figure and TziUR to fashion ASH fire and STR hidden from these he gets the words Zairaster fashioning images of hidden fire or Tzuraster the image of secret things Others derive it from Chaldee and Greek words meaning a contemplator of the Stars It is not of course pretended that this collection as it stands is other than disjointed and fragmentary and it is more than probable that the true sense of many passages has been obscured and even in some cases hopelessly obliterated by inadequate translation Where it has been possible to do so an attempt has been made to elucidate doubtful or ambiguous expressions either by modifying the existing translation from the Greek where deemed permissible or by appending annotations It has been suggested by some that these Oracles are of Greek invention but it has already been pointed out by Stanley that Picus de Mirandula assured Ficinus that he had the Chaldee Original in his possession in which those things which are faulty and defective in the Greek are read perfect and entire and Ficinus indeed states that he found this MS upon the death of Mirandula In addition to this it should be noted that here and there in the original Greek version words occur which are not of Greek extraction at all but are Hellenised Chaldee Berosus is said to be the first who introduced the writings of the Chaldeans concerning Astronomy and Philosophy among the Greeks and it is certain that the traditions of Chaldea very largely influenced Greek thought Taylor considers that some of these mystical utterances are the sources whence the sublime conceptions of Plato were formed and large commentaries were written upon them by Porphyry Iamblichus Proclus Pletho and Psellus That men of such great learning and sagacity should have thought so highly of these Oracles is a fact which in itself should commend them to our attention The term Oracles was probably bestowed upon these epigrammatic utterances in order to enforce the idea of their profound and deeply mysterious nature The Chaldeans however had an Oracle which they venerated as highly as the Greeks did that at Delphi

The Chaldaean Oracles of Zoroaster Julianus (the Theurgist.),1895 *The Chaldean Oracles of the Zoroaster* William Wynn Westcott, **The Chaldaean Oracles of Zoroaster** Anonymous,2023-11-20 The Chaldaean Oracles of Zoroaster is a fascinating collection of mystical texts that blend Gnostic Platonic and Eastern philosophical traditions reflecting an intricate understanding of metaphysics and divine hierarchy Written in a cryptic style these oracles are attributed to Zoroaster and are critical to the study of Neoplatonism as they seek to articulate the relationship between the

divine and the human soul The text employs rich allegorical language and symbolic imagery immersing the reader in a spiritual journey that transcends conventional religious dogmas thus offering a glimpse into the synthesis of ancient wisdom from various cultures The author of these enigmatic writings remains anonymous suggesting a collective wisdom rather than individual authorship It is likely that the oracles were composed during a time when various religious and philosophical influences were converging in the Hellenistic world This synthesis of ideas reflects the author s deep engagement with contemporary thought and spiritual practices capturing the intellectual zeitgeist of late antiquity while addressing universal questions of existence and transcendence For scholars and enthusiasts of ancient philosophy The Chaldaean Oracles of Zoroaster is an indispensable text that deepens one s understanding of mystical traditions and their implications for contemporary thought This book invites readers to explore its profound messages and encourages a contemplative engagement with the nature of reality and the divine

The Chaldaean oracles of Zoroaster. With an intr. by L.O. Zoroaster (the magician.),1895 *The Chaldaean Oracles of Zoroaster* W. Wynn Westcott,2011-05 The Chaldean Oracles Chaldaean Oracles in International English have survived as fragmentary texts from the 2nd century AD and consist mainly of Hellenistic commentary on a single mystery poem which may have been compilations from several oracular sources considering the random subject changes that was believed to have originated in Chaldea Babylonia They appear to be a syncretic combination of Neoplatonic elements with others that were Persian or Babylonian in origin Later Neoplatonists such as Proclus and Iamblichus rated them highly The 4th century Emperor Julian suggests in his Hymn to the Magna Mater that he was an initiate of the God of the Seven Rays and was an adept of its teachings When Christian Church Fathers or other Late Antiquity writers credit the Chaldeans they are probably referring to this tradition An analysis of the Chaldean Oracles demonstrates an inspiration for contemporary gnostic teachings fiery emanations initiate from the transcendental First Paternal Intellect from whom the Second Intellect the Demiurge comprehends the cosmos as well as himself Within the First Intellect a female Power designated Hecate is like Sophia the mediating World Soul At the base of all lies created Matter made by the Demiurgic Intellect The matter farthest from the Highest God First Father Intellect was considered a dense shell from which the enlightened soul must emerge shedding its bodily garments A combination of ascetic conduct and correct ritual are recommended to free the soul from the confines of matter and limitations and to defend it against the demonic powers lurking in some of the realms between Gods and mortals *The Chaldaean Oracles* George Robert Stow Mead,1908

The Chaldaean Oracles of Zoroaster William Wynn Westcott,2025-09-12 The Chaldaean Oracles of Zoroaster rooted in the intellectual ferment of the Renaissance presents a text long misattributed to Chaldean and Zoroastrian traditions The Chaldean Oracles Ruth Majercik,2015-09-01 Preliminary material RUTH MAJERCIK INTRODUCTION RUTH MAJERCIK FRAGMENTS RUTH MAJERCIK VARIOUS CHALDEAN EXPRESSIONS RUTH MAJERCIK DOUBTFUL FRAGMENTS RUTH MAJERCIK COMMENTARY RUTH MAJERCIK BIBLIOGRAPHY RUTH MAJERCIK INDEX
