Williams, 1986 Bidemmi draws pictures and tells stories about cherries Bidemmi makes up a series of stories from her vivid imagination and illustrates each story with her crayons Each story that she tells has something to do with cherries and the discarded cherry pits but she never quite finishes any one story until she begins telling one that involves herself In her last story she imagines herself eating cherries and planting the cherry pits until they grow into an entire grove of cherry trees abundant enough to feed everyone from Nairobi to Brooklyn and from Toronto to St Paul "A Study of the By-products of the Cherry-pit" ... Elsmere R. Lowell, 1928 *Quest for the Finish* Jim Buck, 2020-09-01 Quest for the Finish Diary of a Distance Runner is the story of one man's personal experiences in the custom of running It details how he got mixed up in such an endeavor and how it became an integral part of his life how it morphed into a preferred method for keeping fit The author describes how a fitness routine can become a sport how the everyday jogger can become an athlete how the athlete moves from one challenge to the next In relating his running experiences over the years the author provides detailed and inspirational accounts of his own experiences in training and in races at distances from 1 mile to the 26.2 mile marathon These accounts offer valuable insights into training and racing techniques the challenges of reaching the finish line the joy of competition the anguish when things go wrong The book is also a travel log of sorts since it provides descriptions of running adventures across the USA and in several foreign countries The author takes the reader on an often humorous and sometimes painful journey from the novice runner to the peak of fitness followed by the eventual slow decline in performance that comes with age and life's struggles The Muckers William Osborne Dapping, 2016-11-02 In 1899 William Osborne Dapping was a Harvard bound nineteen year old when he began writing down exploits from his rough childhood in the immigrant slums of New York City Now published for the first time *The Muckers* A Narrative of the Crapshooters Club recovers a long lost fictionalized account of Dapping's life in a gang of rowdy boys Simultaneously a polished work of social reform literature and a rejoinder to the era's alarming exposes of the dangerous classes *The Muckers* stands as an important reform era primary document The thinly disguised autobiographical narrative is told in the slangy profane voice of the gang's leader Spike who describes life through the eyes of the young boys who thronged the city's streets hawking newspapers playing baseball shooting craps pilfering beer and tormenting any and all adult authorities These muckers are dirty and insubordinate and prefer to steal rather than to work but they also possess a high spirited zest for life and mischief a wily intelligence and a sturdy code of honor that help them exploit the good intentions of social reformers and survive in a darkly violent and hypocritical world Historian Woody Register's introduction explores the book's documentary value as a social

history of 1890s tenement life as a literary work that challenged the conventions of writing about children and the poor and as a window through which to observe the remarkable story of the author's transformation from slum mucker to Harvard man. Destined to become a classic of Progressive Era literature, *The Muckers* reads with the lively cadence of a novel told in the voice of an unforgettable narrator of wit, grit, and heart.
