Lodwick, 1986 *The Chinese Recorder Index* is the only complete index and research guide to the Chinese Recorder and Missionary Recorder The core of this monumental work is three separate indexes The Persons Index includes every individual who is mentioned at least four times over the run of the journal Index entries for each person are keyed to indicate the location of such biographical information as his or her title denominational affiliation dates and locations of service in China and names of spouse and children as well as any articles he or she contributed to the Recorder The Missions and Organizations Index includes references to mission locations personnel finances converts made attacks sustained and other data and to hospitals schools opium refuges and orphanages The Subject Index includes references to the many topics covered in the Recorder Following these indexes are lists that provide quick reference to specific information such as persons and missions by location women and medical doctors      *The Chinese Crisis from Within* Boon Keng Lim, 2006  
*The Chinese Repository*, 1837      **The Chinese in Europe** Gregor Benton, Frank N. Rights Reader Stephen C. Angle, Marina Svensson, 2001 Weiyun and Others 1979      **THE CHINESE DREAM: The Rise of the World's Largest Middle Class and What It Means to You** Helen H. Wang, 2nd Edition July 6 2012 In *The Chinese Dream* a groundbreaking book about the rising middle class in China Forbes columnist and China expert Helen Wang challenges us to recognize that some of our fears about China are grossly misplaced As a result of China's new capitalist paradigm a burgeoning middle class calculated to reach 800 million within the next fifteen years is jumping aboard the consumerism train and riding it for all it's worth a reality that may provide the answer to America's economic woes And with China's increasing urbanization and top-down governmental approach it now faces increasing energy environmental and health problems problems that the U S can help solve Through timely interviews personal stories and a historical perspective China-born Wang takes us into the world of the Chinese entrepreneurial middle class to show how a growing global mindset and the realization of unity in diversity may ultimately provide the way to creating a saner safer world for all      **The Chinese Chameleon Revisited** Zheng Yangwen 郑阳文, 2014-09-01 By examining how the Middle Kingdom has been portrayed by foreigners and the Chinese themselves this volume advances a new perspective in our reading and interpretation of the Chinese past by placing these producers and presenters of China in the spotlight The chapters probe how these figures produced or presented the country cross-examining their backgrounds and circumstances Their gaze upon the Middle Kingdom was dictated by religious and political conviction but also particularly by the consumers of that gaze Like invisible hands producers and consumers of China continue to constrain representations of the country looming larger than the literary artistic or journalistic works they produce This volume also addresses scholars of Europe and America who have overlooked what Western writers on China reveal about their own contexts which is indeed often more than they reveal about their ostensible subject As such the Middle Kingdom serves as a convenient mirror to reflect European and American anxieties and ambitions
