The Chosen Few An Examination Of Some Aspects Of University Selection In Britain:

The Chosen Few. An Examination of Some Aspects of University Selection in Britain Walter Desmond Charles FURNEAUX, Nuffield Foundation, 1961 **The Chosen Few** W. D. Furneaux, 1986-04-23 This book reports the results of a ten year study of the British university admissions system **The Chosen Few** W. D. Furneaux, 1961 **Economics of Education** M. Blaug, 2014-05-09 Economics of Education A Selected Annotated Bibliography is an annotated bibliography of the economics of education The criterion of selection is a simple one whether the country or area study contributes to fundamental generalization about the economic aspects or economic role of education The literature on developed countries is distinguished from that dealing with the developing nations Comprised of 12 chapters this volume begins with a list of topics for developed countries including the economics and politics of education educational planning manpower forecasting and social mobility and reserves of talent The same topics are addressed in the second part for developing countries The bibliography covers topics ranging from the theory of economic growth and the role of education in social change to the problems of labor and management in economic growth the role of education in social and economic development the economics of public education and the economics of human resources This book will be of interest to economists and educators *The Woman Composer* Jill Halstead, 2017-07-05 Unlike previous anthologizing examinations of women and musical composition this book concentrates on the reasons why there have been and continue to be so few women composers Jill Halstead focuses on the experiences of nine composers born in the twentieth century Avril Coleridge Taylor Grace Williams Elizabeth Maconchy Minna Keal Ruth Gipps Antoinette Kirkwood Enid Luff Judith Bailey and Bryony Jagger to explore the physiological social and political factors that have inhibited women from pursuing careers as composers Is there a biological argument for inferior female creativity Do social structures such as marriage serve to restrict potential women composers Is the gender of a composer reflected in the music they write If so how would this manifest itself The conclusions that are reached are as complex and challenging as the questions that are raised This powerful and provocative book aims to open up debate on these issues which have all too often been avoided by critics and musicologists whose writings have perpetuated arguments that denigrate women's ability to compose By confronting these arguments this study will hopefully begin a reassessment of attitudes towards women and music so that women composers are less of a rarity by the end of the next century *Researching Higher Education* Jennifer M. Case, Jeroen Huisman, 2015-10-14 Research on higher education has yielded many insights that have improved our theoretical and practical understanding but there are still many themes that continue to appear on research agendas provoking renewed focus on these complex questions and problems Researching Higher Education explores these issues examining topics such as equity in access and participation the relationship between higher education and society how and what students learn and the professional development of academics In this volume contributors from Europe Australia Africa and the US critically address ongoing issues with a set of

key questions to guide their analysis What do we know What are the missing links and gaps in past research What are the implications for further research Key themes include The nature of higher education Higher education and society Staff and students in higher education Teaching and learning Curriculum and assessment Critical engaging and international in scope Researching Higher Education will be a valuable guide for academics researchers postgraduate students and policy makers in the higher education community Annotated bibliography Wolfgang Nitsch,Walter Weller,2018-12-03 No detailed description available for Annotated bibliography British Further Education A. J. Peters,2014-05-16 British Further Education A Critical Textbook provides a coherent account of the system of Further Education in Great Britain which is defined as the public provision for the education of persons who have left school other than at universities colleges of education or establishments run by the armed services This book discusses the aims of the national system of Further Education how Further Education is provided education for industrial skill and part time day education for all under 18 years of age The topics on youth service Further Education for the disabled and handicapped and commonwealth relations of British Further Education are also elaborated in this publication This textbook is beneficial to students and researchers conducting work on the expansion of education in Great Britain Theory and Structure in Addiction and Cure Adi Ann Berkovic,Shlomo Giora Shoham,Efrat Vignansky-Addad,2019-01-03 This book will be of value to everyone interested in the prevention of addiction and the detection treatment and rehabilitation of drug addicts It interprets and applies research findings about the causation and cure of drug addiction using the author s personality theory which is extensively compared with that of other personologists The book includes the qualitative analysis of 12 addict case studies It is especially timely in view of the need for effective legislation judicial procedures and treatment programs to deal with the opioid crisis in the United States and Canada **The Prediction of Achievement and Creativity** Raymond Bernard Cattell,Harold John Butcher,1968
