Cultural Assessment in Clinical Psychiatry Group for the Advancement of Psychiatry, 2008-08-13 Culture permeates human activity the world over In today's technological global village people from very different cultures are interacting more closely and more often than ever making it critical for clinicians to understand and incorporate cultural dimensions into their daily practices This volume offers a contemporary pragmatic understanding of how culture is inextricably intertwined with mental health and mental illness In Chapter 1 the 17 member GAP Committee on Cultural Psychiatry begins by discussing the history particularly within the last two decades and scope of culture in clinical psychiatry In Chapter 2 the authors describe 11 selected cultural variables that strongly influence clinical work ethnic identity race gender and sexual orientations age religion migration and country of origin socioeconomic status acculturation and acculturative processes language dietary influences and education In Chapter 3 the authors present a brief history and detailed analysis of the Cultural Formulation the newest instrument for ensuring thorough clinical assessments explaining its clinical use based on DSM IV guidelines In Chapter 4 the authors integrate the 11 cultural variables described in Chapter 2 with the use of the Cultural Formulation described in Chapter 3 producing an extraordinary cross section of case vignettes How the son of Irish Catholic immigrants struggles to reconcile old country traditions with life in modern American society The sometimes painful and always complex process and outcomes of acculturation for a Pakistani Muslim family who had come to the United States for only a temporary period but ended up staying permanently Diagnosing social phobia in an Asian American whose traditional reticence must be viewed within the context of Asian culture Loss of country of origin and family ties as catalysts leading to significant behavioral changes and severe depressive symptoms in an African immigrant tribesman from Kenya and the cultural context of his recovery The interplay of gender age and religion with developmental issues personality organization and symptom development for a good Catholic girl The existential interpersonal and clinical experiences of a Protestant minister from predominantly Catholic Ecuador who came to the United States as pastor of an Hispanic church in a predominantly white city In Chapter 5 the authors conclude with a summary and suggestions regarding the complex issues raised by a thorough cultural assessment Enhanced by a detailed index this powerful work meets the significant and rapidly growing need for psychiatrists and other mental health professionals to understand the role of culture in psychiatry and to integrate this knowledge into their practice so that they can provide the most comprehensive and useful care to their patients

**In the Long Run...Longitudinal Studies of Psychopathology in Children** Group for the Advancement of Psychiatry, 1999 this volume presents studies of the outcome of pathology for children with specific psychiatric diagnoses such as in children with chronic medical illnesses childhood traumas mood and anxiety disorders attention deficit hyperactivity disorder conduct disorders and eating disorders **Couples and Family Therapy in Clinical Practice** Ira D. Glick, Douglas S. Rait, Alison M. Heru, Michael Ascher, 2015-10-15 Couples and Family Therapy in Clinical Practice has been

the psychiatric and mental health clinician's trusted companion for over four decades. This new fifth edition delivers the essential information that clinicians of all disciplines need to provide effective family centered interventions for couples and families. A practical clinical guide, it helps clinicians integrate family systems approaches with pharmacotherapies for individual patients and their families. *Couples and Family Therapy in Clinical Practice* draws on the authors' extensive clinical experience as well as on the scientific literature in the family systems, psychiatry, psychotherapy, and neuroscience fields.

**Forced Into Treatment** Group for the Advancement of Psychiatry. Committee on Government Policy, 1994. What role does coercion play in psychiatric treatment? Does it increase or decrease the chances for successful outcome? *Forced Into Treatment* discusses various aspects of coercion, ranging from the role of coercion in initiating psychiatric treatment to its effect on treatment process and outcome. The book demonstrates that a patient who is appropriately forced into treatment can move from initial defiance through reluctant compliance to a successful therapeutic alliance and a successful outcome. In addition, *Forced Into Treatment* addresses the role of coercion, power, and authority in socializing children, the use of coercive social pressure as a motivation to seek help, the effects of court-ordered treatment for people who have refused psychiatric help, the historical and legal aspects regarding coercive treatment.

**Adolescent Suicide** Group for the Advancement of Psychiatry. Committee on Adolescence, 1996. Even the most skilled therapist may underestimate suicide potential. Careful assessment and competent psychiatric intervention cannot always predict the suicidality of a particular person. *Adolescent Suicide* GAP Report 140 presents techniques that allow psychiatrists and all those caring for the health and welfare of adolescents to respond to signals of distress with timely therapeutic intervention. It also suggests measures of anticipatory prevention. *Adolescent Suicide* presents an overview of adolescent suicidal behavior. It explores risk factors, the identification and evaluation of the suicidal adolescent, and approaches to therapy. It offers both historical and cross-cultural perspectives, the relevance of suicide to adolescent development, mental health training needs regarding suicidality, and related issues such as public health policies and medicolegal concerns. The risk of suicide presents a unique crisis in adolescent development. For this reason, all mental health professionals will find this report an indispensable tool in the treatment of adolescents at risk for suicide. Drawing from years of combined experience, this committee has applied its expertise on adolescent development to the sobering problem of suicide.

The new edition of *Psychiatric and Mental Health Nursing* focuses on practice in mental health and psychiatric care, integrating theory and the realities of practice. Mental wellness is featured as a concept, and the consideration of a range of psychosocial

factors helps students contextualise mental illness and psychiatric disorders The holistic approach helps the student and the beginning practitioner understand the complex causation of mental illness its diagnosis effective interventions and treatments and the client s experience of mental illness

**New Models of Care for Patients with Severe Mental Illness - Bridging In- and Outpatients** Martin Heinze,Yasser Khazaal,Alexandre Wulschleger,2018-03-13 Over the past years psychiatric services have been continuously faced with the challenge of providing comprehensive care to people suffering from severe mental illnesses Legal and conceptual advances like the UN convention on the rights of persons with disabilities or the concept of recovery have rendered this challenge more actual and urgent than ever However psychiatric institutions often show only low levels of cooperation and integration between their different services Hence they need to develop new ways of bridging all sectors of care in order to help people most in need on their way to recovery and full inclusion in society In this research topic European researchers and clinicians present new ways of dealing with this essential issue by developing strategies and interventions on both institutional and non institutional levels The nine contributions of this ebook thus reflect actual clinical and conceptual considerations They all aim at improving quality of care and providing adequate support to people suffering from severe mental illness
