The Far Side Of Forever:

The Far Side of Forever Robert Zorich, 2013-08-20 Time Immutable Untouchable A river always streaming past us Something we cant ever turn back or fix Or can we John Gillian renowned physicist and Rebecca Harleson renaissance thinker and mathematician and their team have created the first machine capable of sending messages through infinite time and space Their invention causes shock waves throughout the world and become the target of protestors and unscrupulous politicians The possibilities for misuse are endless When the newly appointed Secretary of Technology Development takes over the project to prevent a tragedy from occurring the warnings of side effects are ignored The results are a world spinning out of control as great paradoxes are manifested around the team and their device Now only Gillian and his team can get back to the source and stop the escalating events before they unfold

To the Far Side of Hell Derrick Wright, 2005 A poignant account and analysis of the bloody battle in the Pacific To the Far Side of Hell is the story of the World War II battle for the Pacific island of Peleliu in the autumn of 1944 Although this battle is far less well known even among U S Marine Corps veterans than Tarawa Iwo Jima or Okinawa the savagery of the fighting the courage and determination displayed and the casualty rate suffered by the units of the 1st Marine Division can claim equal significance Peleliu was a troubled operation from the start Since the fast moving situation in the Central Pacific seemed to have removed

any pressing need to occupy the Palau Islands it is arguable that the battle was not necessary For the planners of the island hopping campaign the operation was a distraction from a more important goal the Marianas The 1st Marine Division weary from earlier campaigns was not given needed resources prior to the invasion and there were damaging tensions within the senior ranks When the Marines landed they came up against Japan s new defensive technique a garrison determined to die where they stood fortified in deep complex bunker systems In searing heat and exposed to the dug in Japanese guns amidst the ridges and gulches of an unsuspected labyrinth of concrete hard coral the Marines found the predicted short conflict turned into a protracted bloody 71 day battle The PreHistory of The Far Side: Gary Larson,1989-09-01 1989 FarWorks Inc All Rights Reserved The Far Side and the Larson signature are registered trademarks of FarWorks Inc On the Far Side of the Mirror B.
