## **The Faroe Islands Interpretations Of History:**

**The Faroe Islands** Jonathan Wylie, 1987      The Faroe Islands Jonathan Wylie, 2021-10-21 Stranded in a stormy corner of the North Atlantic midway between Norway and Iceland the Faroe Islands are part of the unknown Western Europe a region of recent economic development and subnational peoples facing uncertain futures This book tells the remarkable story of the Faroes cultural survival since their Viking settlement in the early ninth century At first an unruly little republic the islands soon became tributary to Norway dwindled into a Danish Norwegian mercantilist fiefdom and in 1816 were made a Danish province Today however they are an internally self governing Danish dependency with a prosperous export fishery and a rich intellectual life carried out in the local language Faroese Jonathan Wylie an anthropologist who has done extensive field work in the Faroes creates here a vivid picture of everyday life and affairs of state over the centuries using sources ranging from folkloric texts to parliamentary minutes and from census data to travelers tales He argues that the Faroes long economic stagnation preserved an archaic way of life that was seriously threatened by their economic renaissance in the nineteenth century especially as this was accompanied by a closer political incorporation into Denmark The Faroese accommodated increasingly profound social change by selectively restating their literary and historical heritage Their success depended on domesticating a Danish ideology glorifying folkish ways and so claiming a nationality separate from Denmark s The book concludes by comparing the Faroes nationality without nationhood to the contrasting situations of their closest neighbors Iceland and Shetland The Faroe Islands is an important contribution to Scandinavian as well as regional and ethnic studies and to the growing literature combining the insights and techniques of anthropology and history Engagingly written and richly illustrated it will also appeal to scholars in other fields and to anyone intrigued by the lands and peoples of the North      The Statesman's Yearbook 2023 Palgrave Macmillan, 2023-01-04 Now in its 159th edition The Statesman s Yearbook continues to be the reference work of choice for accurate and reliable information on every country in the world Covering political economic social and cultural aspects the Yearbook is also available online for subscribing institutions      **Pilot Whaling in the Faroe Islands** Jóan Pauli Joensen, 2009      Semi-Peripheral Realism Christinna Hazzard, 2024-05-30 This book explores the geopolitical and symbolic borders of Europe through the concept of the semi periphery Focusing on the North Atlantic island nations Iceland and the Faroe Islands and Turkey a set of very different social and cultural landscapes the book compares the semi peripheral aesthetics of Halldór Laxness s and William Heinesen s novels with the semi peripheral city and borderscapes in works by Orhan Pamuk and Latife Tekin It offers new readings of texts such as Laxness s The Atom Station and Pamuk s Snow and provides original readings of works that little has been written about in English such as Heinesen s The Black Cauldron and Tekin s Swords of Ice Making use of the theory of uneven and combined development and world systems theory the book illustrates that the experience of nation building and capitalist modernisation in the semi periphery results in a particular realist aesthetic that is remarkably similar across

different regional literatures The book's world literary method shows that the semi periphery constitutes a vital and productive area of study both for world literature and for broadening our understanding of colonialism and imperialism on the margins of continental Europe

**Plagues Upon the Earth** Kyle Harper, 2021-10-12 Panoramic in scope *Plagues upon the Earth* traces the role of disease in the transition to farming the spread of cities the advance of transportation and the stupendous increase in human population Harper offers a new interpretation of humanity's path to control over infectious disease one where rising evolutionary threats constantly push back against human progress and where the devastating effects of modernization contribute to the great divergence between societies The book reminds us that human health is globally interdependent and inseparable from the well being of the planet itself cFrom publisher's description

**Entrepreneurship in the Polis** Inga Narbutaitė Aflaki, Evangelia Petridou, 2016-05-06 Dynamics of entrepreneurship have attracted growing attention from scholars of political science policy studies public administration and planning as well as more recently from the realms of international relations and foreign policy analysis Under the banner of political entrepreneurship this volume considers and maps out conceptual approaches to the study of entrepreneurship drawn from these fields discusses synergies envisages new analytical tools and offers contemporary empirical case studies illustrating the diverse political contexts in which entrepreneurship takes place in the polis Drawing upon an international cast of senior academics and cutting edge young researchers the volume takes a closer look at key aspects of political entrepreneurship such as defining political entrepreneurs how it relates to change decision making and strategies organizational arrangements institutional rules varying contexts and future research agendas By highlighting the political aspects of entrepreneurship the volume presents new exciting opportunities for understanding entrepreneurial activities at regional national and international levels The volume will be of particular relevance to scholars and students of political science policy studies public administration planning international relations and business studies as well as practitioners interested in the nexus and utility of entrepreneurship in the modern day political world

It will save hours of research and cross referencing between different sources, and is an essential annual purchase. The Valkyries' Loom Michèle Hayeur Smith, 2023-01-03. Michèle Hayeur Smith uses Viking textiles as evidence for the little-known work of women in the Norse colonies that expanded from Scandinavia across the North Atlantic in the 9th century AD. **Images of Contemporary Iceland** Gisli Pálsson, E. Paul Durrenberger, 1996-01-01. The Anthropology of Iceland presents the first perspectives on Icelandic anthropology from both Icelandic and foreign anthropologists. The thirteen essays in this volume are divided into four themes: ideology and action, kinship and gender, culture, class and ethnicity, and the Commonwealth period of circa 930 to 1220, which saw the flowering of sagas. Insider and outsider viewpoints on such topics as the Icelandic women's movement, the transformation of the fishing industry, the idea of mystical power in modern Iceland, and archaeological research in

Iceland merge to form an international comparative discourse Individually and collectively by bringing the insights of anthropology to bear on Iceland the native and foreign authors of this volume carry Iceland into the realm of modern anthropology advancing our understanding of the island s people and the practice of anthropology *Medieval Iceland* Jesse L. Byock,1990-02-07 Gift of Joan Wall Includes index Includes bibliographical references p 227 248 and index glr 20090610

Coping with Distances Jørgen Ole Bærenholdt,2011-03 The Nordic Atlantic area has seen remarkable examples of social formations in areas that many would perceive as too remote to allow the construction of functioning communities But through innovations networking and the formation of identities people have coped with distances thus continuously rebuilding societies in Northern Norway Iceland the Faroes and Greenland Living conditions in the Nordic Atlantic are so extreme that one might ask whether the notion of society is applicable under these circumstances The author argues that yes there is a meaningful way of comprehending these social formations which is through the spatial and temporal practices that produce reproduce stabilize destabilize and change them He introduces the concept of coping which means neither mastering nor adapting but relates to in between strategies and tactics reflected in practices of securing people s way of life under conditions that are never totally under their control
