The Fear Standard A Guide And Personal Journey To Regain Our Intuitive Spirit:

The Fear Standard Triza Schultz, 2004 How can we really live an authentic and joyful life How do we simplify our daily experiences and create sustaining compassion and gratitude when our world is immersed in fear even promoting it Triza Schultz's insightful experience as an intuitive empath beginning from childhood and throughout her adult life describes influences from family to age old institutions that promote fear She guides us out of illusion toward self empowerment Triza shatters the complexity of fear with deep seated insight provides wisdom through storytelling and further engages the reader with self reflective questions at the end of every chapter Triza teaches that all fear is a spiritual matter It is in the realm of Spirit that we mainly live and create and it is there where we must chart a course of positive action through intuition help and support the power of a discerning free will and the power of knowledge She explains how the dream dimension exists as a true ally to help us meet and transcend our fears Triza reminds us that we are spiritual beings whose relationship with The Divine can be an intimate daily constant in our lives and the only thing that ever stifles that relationship is a fearful mind
