**A Garden of One's Own** Tam King-fai, 2012-08-20 This authoritative collection contains writings by some thirty of the most significant Chinese writers of the period between 1919 and 1949 The three decades from which these pieces are drawn encompass most of the Republican period a tumultuous era in Chinese history in which modernization and republicanism coexisted with classical culture Thematically these xiaopin wen or modern Chinese essays differ significantly from the more social and political fiction of the May Fourth movement Their scope varies from ruminations on broader existential issues to more personal contemplations on everyday life often delving into issues of morality and interpersonal relations Although described as essays they are not restrained by the formal expository connotations of this English term rather their tone is more intimate reflective and at times witty or tinged with melancholy *N.Y. Supreme Court* , **Heroes of the Uprising** Michael Keigan, 2012-03-06 In 1862 a mere four years after becoming a state the Dakota Uprising was a watershed event that would affect Minnesota at all levels The tenacity and stoicism of the settlers and pioneers would be tested but so too the very survival of the Eastern Dakota and their society all were in the balance The Dakota Uprising was one of the many chapters in the story of the American Indian wars that occurred across the western United States up into the 1890s However the Dakota Uprising was largely overshadowed by a greater conflict that was occurring in the East the Civil War This book this story is an attempt to relay the events surrounding the Uprising before during and immediately after But the author has tried to shift the focus of the story off of the battles slightly and to highlight the heroes that emerged during the Uprising The heroes are well represented on both sides settler and native These heroes in this story both native and settler are highlighted because we need to remember their deeds and the effort they put forth in trying to save themselves their families and their people In our modern society where we spend so much time keeping track of what is going on in exotic places around the globe we sometimes forget the very important history that occurred right in our own backyards *Harper's Popular Cyclopædia of United States History* Benson John Lossing, 1898 *Reports of Cases Argued and Decided in the Supreme Court of the United States* United States.
