The Fifth Of Pistis Sophia:

The Nag Hammadi Library in English Marvin W. Meyer, James MacConkey Robinson, 1977 **The Nag Hammadi Library in English** James James McConkey Robinson, Richard Smith, Coptic Gnostic Library Project, 1996-01-01 First published in 1978 The Nag Hammadi Library was widely acclaimed by critics and scholars alike Containing many of the writings of the Gnostics since the time of Christ this was the work that launched modern Gnostic studies and exposed a movement whose teachings are in many ways as relevant today as they were sixteen centuries ago Although some of the texts had appeared in other translations the 1978 edition was the first and only translation of these ancient and fascinating manuscripts to appear in one volume This new edition is the result of ten years of additional research and editorial and critical work Every translation has been changed or added to many have been thoroughly revised Unearthed in 1945 near the town of Nag Hammadi in Upper Egypt the texts literally begin where the Dead Sea Scrolls end Their discovery is seen as equally significant bringing to light a long hidden well of new information sources and insights into early Judaism and the roots of Christianity Each text is accompanied by a new and expanded introduction Also included are a revised general introduction and an afterword discussing the modern relevance of Gnosticism from Voltaire and Blake through Melville and Yeats to Jack Kerouac and science fiction writer Philip K Dick The translations and introductions to the Nag Hammadi texts are by members of the Coptic Gnostic Library Project which includes such scholars as Helmut Koester George McRae and Elaine Pagels **The Seductiveness of Jewish Myth** S. Daniel Breslauer, 2012-02-01 The Seductiveness of Jewish Myth offers a panorama of diverse definitions of myth understandings of Judaism and competing evaluations of the mythic element in religion The contributors focus on the problem of defining myth as a category in religious studies examine modern religion and the role of myth in a secularized world and look at specific cases of Jewish myth from biblical through modern times

The Nag Hammadi Library in English James McConkey Robinson, 1984 Books of the Saviour W. Iamwe Ph.D., 2021-02-01 The resurrection teachings Jesus taught to his disciple Matthew 13 10 confirms the separate teachings The disciples came to Jesus and asked Why do you speak to the people in parables He replied The knowledge of the secrets of the kingdom of heaven has been given to you but not to them For this people's heart has become calloused they hardly hear with their ears and they have closed their eyes Otherwise they might see with their eyes hear with their ears understand with their hearts and turn and I would heal them This is why I speak to them in parables Though seeing they do not see though hearing they do not hear or understand In them is fulfilled the prophecy of Isaiah You will be ever hearing but never understanding you will be ever seeing but never perceiving But blessed are your eyes because they see and your ears because they hear For truly I tell you many prophets and righteous people longed to see what you see but did not see it and to hear what you hear but did not hear it Matthew 13 10 16 It is not only important to fully understand all of the knowledge within Jesus teachings the level within the heavens you will inherit after your life depends upon it **The Nag Hammadi**

Hooper,2005 A careful study of Christian origins and detailed analysis of all the canonical apocryphal and Gnostic Gospels in which Mary Magdalene appears Considered the first apostle of Christianity by early Christians the author explains why the patriarchs of the early church found it necessary instead to reinvent Mary as a wanton woman rather than Jesus most favored disciple

The Gospel of Mary Magdalene Jean-Yves Leloup,2002-02-01 Restores to the forefront of the Christian tradition the importance of the divine feminine The first complete English language translation of the original Coptic Gospel of Mary with line by line commentary Reveals the eminence of the divine feminine in Christian thought Offers a new perspective on the life of one of the most controversial figures in the Western spiritual tradition Perhaps no figure in biblical scholarship has been the subject of more controversy and debate than Mary Magdalene Also known as Miriam of Magdala Mary Magdalene was considered by the apostle John to be the founder of Christianity because she was the first witness to the Resurrection In most theological studies she has been depicted as a reformed prostitute the redeemed sinner who exemplifies Christ s mercy Today s reader can ponder her role in the gospels of Philip Thomas Peter and Bartholomew the collection of what have come to be known as the Gnostic gospels rejected by the early Christian church Mary s own gospel is among these but until now it has remained unknown to the public at large Orthodox theologian Jean Yves Leloup s translation of the Gospel of Mary from the Coptic and his thorough and profound commentary on this text are presented here for the first time in English The gospel text and the spiritual exegesis of Leloup together reveal unique teachings that emphasize the eminence of the divine feminine and an abiding love of nature over the dualistic and ascetic interpretations of Christianity presented elsewhere What emerges from this important source text and commentary is a renewal of the sacred feminine in the Western spiritual tradition and a new vision for Christian thought and faith throughout the world **Biblical Figures Outside the Bible**

The Emergence of the Christian Religion Birger A. Pearson,2012-11-08 In this book Birger Pearson argues for the study

of Christianity as one of the religions of the world He proposes that the study of the New Testament and the other early Christian literature be moved out of the realm of theology and into the area of comparative research of religion The book therefore addresses the problematic of Christian origins that is the historical process by which a new religion Christianity emerges out of an older one Second Temple Judaism Included are studies ranging from the prehistory of Christianity Jesus together with an illuminating lengthy and detailed critical analysis of the work of the Jesus Seminar and the trends in current North American gospel research it reflects into the New Testament and up to the fourth century A concluding chapter presents the author s reflections on scholarly methods used in the study of the Christian religion **The Woman Jesus Loved** Antti Marjanen, 2020-10-26 This is the first comprehensive study on Mary Magdalene in those second and third century Gnostic texts in which Jesus most famous female follower gains a prominent position Special attention is paid to the way Mary is presented in relation to other disciples and to how her portrait pertains to gender imagery used in the writings Detailed text analyses based on a careful philological study show that no uniform picture and use of the figure of Mary can be traced Contrary to a common supposition the book also demonstrates that the positive view of Mary displayed in the texts does not automatically imply a positive attitude towards women in general The work provides a basis for all further discussion of Mary Magdalene in the Nag Hammadi and related documents Paganism and Christianity in Egypt Philip David Scott-Moncrieff, 1913 **Crisis in Early Religion** Mait Kõiv, Märt Läänemets, Kerstin Droß-Krüpe, Sebastian Fink, 2022-12-02 Religion is closely linked to social development as it often serves as the ideological fundament of a society and one of the foremost expressions of its culture The articles in this volume are devoted to the study of religious crisis in Antiquity and deal with these phenomena in the Ancient Near East Rome Greece China and India
