Leni Riefenstahl Jürgen Trimborn, 2008-01-22 Dancer actress mountaineer and director Leni Riefenstahl's uncompromising will and audacious talent for self promotion appeared unmatched until 1932 when she introduced herself to her future protector and patron Adolf Hitler Known internationally for two of the films she made for him *Triumph of the Will* and *Olympia* Riefenstahl's demanding and obsessive style introduced unusual angles new approaches to tracking shots and highly symbolic montages Despite her lifelong claim to be an apolitical artist Riefenstahl's monumental and nationalistic vision of Germany's traditions and landscape served to idealize the cause of one of the world's most violent and racist regimes Riefenstahl ardently cast herself as a passionate young director who caved to the pressure to serve an all powerful Führer so focused on reinventing the cinema that she didn't recognize the goals of the Third Reich until too late Jürgen Trimborn's revelatory biography celebrates this charismatic and adventurous woman who lived to 101 while also taking on the myths surrounding her With refreshing distance and detailed research Trimborn presents the story of a stubborn and intimidating filmmaker who refused to be held accountable for her role in the Holocaust but continued to inspire countless photographers and filmmakers with her artistry

Leni Riefenstahl Renata Berg-Pan, 1980 *A Portrait Of Leni Riefenstahl* Audrey Salkeld, 2011-10-31 Leni Riefenstahl will always be remembered for her brilliant film of the 1936 Olympic Games in Berlin still rated as one of the best documentaries ever made Before that she was acclaimed for her roles in silent feature films when German cinema was in its artistic heyday in the 1920s She pioneered the box office success of such classic mountaineering dramas as *The White Hell of Piz Palu* and then began to direct her own films *The Blue Light* was admired by Hitler and led to her filming the Wagnerian Nuremberg Rally of 1934 After the war she was shunned by the film industry despite a court in 1952 proclaiming her not guilty of supporting the Nazis in a punishable way Her undoubted charisma led to many affairs and grandiose schemes deep

sea diving in her seventies and still filming wildlife in her nineties Audrey Salkeld has sifted the fact from the legend and gives us a moving portrait of the great movie star who suffered more in the wilderness than her enduring fame suggests

Leni Riefenstahl Rainer Rother, 2003-10-01 Leni Riefenstahl now aged 101 achieved fame as a dancer actress photographer and director but her entire career is colored by her association with the Nazi party This overt tension between the political meaning of her work for National Socialism and its essential aesthetic quality forms the basis of the compelling account Appointed by Hitler Leni Riefenstahl directed the Nazi propaganda film *Triumph des Willens* along with her bestknown work *Olympia* a documentary of the 1936 Berlin Olympics By 1939 Riefenstahl was arguably the most famous women film director in the world yet after World War II she was never again accepted as a filmmaker Rainer Rother's book is a remarkable account of the fascinating life and work of Germany's most controversial photographer and filmmaker

Soviet montage Cinema French New Wave Indian Cinema Olympia Taylor Downing, 2012 Leni Riefenstahl's *Olympia* 1938 is one of the most controversial films ever made Capitalising on the success of *Triumph of the Will* 1935 her propaganda film for the Nazi Party Riefenstahl secured Hitler's approval for her grandiose plans to film the 1936 Berlin Olympics The result was a work as notorious for its politics as celebrated for its aesthetic power This revised edition includes new material on Riefenstahl's film making career before *Olympia* and her close relationship with Hitler Taylor Downing also discusses newly available evidence on the background to the film's production that conclusively proves that the film was directly commissioned by Hitler and funded through Goebbels's Ministry of Propaganda and not as Riefenstahl later claimed commissioned independently from the Nazi state by the Olympic authorities In writing this edition Taylor Downing has been given access to a magnificent new restoration of the original version of the film by the International Olympic Committee Bloomsbury publishing *Leni Riefenstahl and Olympia* Cooper C. Graham, 1986 Leni Riefenstahl's four hour film *Olympia* deals with the major propaganda achievement of Nazi Germany in the 1930s the Eleventh Olympic Games that were held in Berlin in 1936 Graham has scrutinized the history of the film and shows that it was deeply involved with the regime both in its stages of production and in its later distribution He also argues that the film can be regarded as a masterpiece of propaganda and further that virtually any work of this nature is bound to have a propaganda effect whether intended or not The author relates the film's subsequent history against the background of the worsening political situation in Europe The book will be of value to film historians sports scholars and those interested in the history and culture of Nazi Germany

Riefenstahl Screened Neil Christian Pages, Mary Rhiel, Ingeborg Majer O'Sickey, 2008-01-01 Leni Riefenstahl is larger than life From the lure of her persona as it enters our homes via television to our pleasure in the recognition of her film images at rock concerts to her place as part of the history of the Nazi period Riefenstahl lives on in our imagination and in our cultural productions Thus the editors' introduction to this volume examines the manner in which Riefenstahl haunts debates on aesthetics and politics and how her legacy reverberates in the contemporary cultural scene The editors view the collection as a three part framework The essays in the opening section of the book show that Riefenstahl is still very much alive and well and controversial in popular culture Her films continue to determine the way in which we think about the Nazi period providing instantly recognizable images and messages that often go unquestioned We cannot separate these phenomena from Riefenstahl's years of avid self-fashioning The second section of the book offers treatments of the shifting mobile relationship between Riefenstahl's stubborn attempts to create and control her personae and her reactions to others re-appropriations of the meanings of her life and work Reading the texts and discourses surrounding Riefenstahl these scholars treat her memoirs and her repeated assertions about herself as a springboard into understanding anew how we might approach her films in a productive way The closing section of the volume comprises essays that go right to the heart of the matter Riefenstahl's films and photography The new contexts theoretical discussions and emerging discourses that

animate these essays include Scarry's treatise on beauty justice and the global the problems of history and memory the place of Riefenstahl's filmmaking technique in contemporary cinema and her appropriation of German musical traditions Fueled by the work of a diverse range of scholars then Riefenstahl Screened offers an opportunity to rethink the place of Leni Riefenstahl and her work in contemporary culture and in academic discourse It insists upon a critical self examination that maps a topography of how scholars and teachers avail themselves of Riefenstahl's corpus

Documentary Barry Keith Grant, Jeannette Sloniowski, 1998 Documenting the Documentary features essays by 27 film scholars from a wide range of critical and theoretical perspectives Each essay focuses on one or two important documentaries engaging in questions surrounding ethics ideology politics power race gender and representation but always in terms of how they arise out of or are involved in the reading of specific documentaries as particular textual constructions By closely reading documentaries as rich visual works this anthology fills a void in the critical writing on documentaries which tends to privilege production over aesthetic pleasure As we increasingly perceive and comprehend the world through visual media understanding the textual strategies by which individual documentaries are organized has become critically important Documenting the Documentary offers clear serious and insightful analyses of documentary films and is a welcome balance between theory and criticism abstract conceptualization and concrete analysis
