## **The Final Harvest Medjugorje At The End Of The Century:**

Final Harvest Wayne Weible, 2002 For more than two decades the Blessed Virgin Mary has reportedly appeared daily in apparition to six Croatian youths in the rural village of Medjugorje in Bosnia Hercegovina This incredible event began in June 1981 and continues to the present The stated objective is to bring the people of the world back to God The apparitions are elevated in drama and urgency as the Virgin reveals that these will be her formal apparitions on earth because as she adds it will no longer be necessary The past two centuries have been described as the darkest in human history Revolutions fueled by humanism with a singular hatred of religion have led to an erosion of moral law world wars the edipemic of abortion and world wide acts of terrorism Yet the Blessed Virgin is sent by heaven with a message of hope for those who will listen In the FINAL HARVEST Wayne Weible the most popular chronicler of the phenomenon updates the events of Medjugorje and ties them to the Virgin's past apparitions at La Salette and Fatima Meticulously researched and analyzed the author gently urges the reader on a spiritual pathway that leads to wanting to be part of this incredible harvest of souls He does so with a fresh perspective and an intriguing sense of what is still to come

**Signs on the Earth** Richard Leviton, 2025-09-12 Virgin Mary Apparitions UFO Sightings Crop Circles What do these have in common Earth energies expert Richard Leviton is convinced that these three seemingly distinct phenomena are all interconnected And he insists the signs indicate something very real and very important is happening we're fast approaching the end of the world as we know it and that might not be such a bad thing In Signs on the Earth Leviton combines newspaper and firsthand accounts with his own intuitive research to examine the exploding number of such reports from around the world He focuses his study by selecting a handful of Marian apparition sites including Lourdes Fatima Medjugorje and others as well as UFO hot spots such as California's Topanga Canyon and the Hudson River Valley For his investigation of the crop circle phenomenon Leviton takes you to Wiltshire England an area he calls the crop circle mecca Encouraging you to think of the Earth as a cosmic bulletin board Leviton believes that these phenomena are messages from the galaxy and the spiritual worlds offering us an unprecedented opportunity to enter the next level of reality Signs on the Earth shows that these signs are literally directions to a 3 step process for looking within as well as beyond yourself and unlocking your vast spiritual potential

Christian Prophecy Niels Christian Hvidt, 2007-04-19 Throughout the Hebrew Bible God guides and saves his people through the words of his prophets When the prophets are silenced the people easily lose their way What happened after the incarnation death and resurrection of Christ Did God fall silent The dominant position in Christian theology is that prophecy did indeed cease at some point in the past if not with the Old Testament prophets then with John the Baptist with Jesus with the last apostle or with the closure of the canon of the New Testament Nevertheless throughout the history of Christianity there have always been acclaimed saints and mystics most of them women who displayed prophetic traits In recent years the charismatic revival in both Protestant and Catholic circles has once again raised the question of the place and function of prophecy in

Christianity Scholarly theological attitudes toward Christian prophecy range from modest recognition to contempt Mainstream systematic theology both Protestant and Catholic has mostly marginalized or ignored the gift of prophecy In this book however Niels Christian Hvidt argues that prophecy has persisted in Christianity as an inherent and continuous feature in the life of the church Prophecy never died he argues but rather proved its dynamism by mutating to meet new historical conditions He presents a comprehensive history of prophecy from ancient Israel to the present and closely examines the development of the theological discourse that surrounds it Throughout though there is always an awareness of the critical discernment required when evaluating the charism of prophecy The debate about prophecy Hvidt shows leads to some profound insights about the very nature of Christianity and the church For example some have argued that Christianity is a perfect state and that all that is required for salvation is acceptance of its doctrines Others have emphasized how God continues to intervene and guide his people onto the right path as the full implementation of God s salvation in Christ is still far away This is the position that Hvidt forcefully and persuasively defends and develops in this ambitious and important work

**The Fruits of Medjugorje** Elizabeth Ficocelli, 2006 Just in time for the 25th anniversary of the first apparition of the Virgin Mary in the village of Medjugorje on June 25th this volume provides readers with a collection of compelling firsthand accounts of visits to the site and how Medjugorje genuinely and permanently transformed people s lives

*Grieving with Mary* Mary K Doyle, 2009 More art music and literature have been devoted to Mary than to any other woman in history and millions of believers make hard pilgrimages to visit her shrines every day But why do Catholics pray to Mary in times of sorrow or need And how does she help them develop a closer relationship to Christ In *Grieving with Mary* author Mary K Doyle finds comfort and healing in devotion to the Blessed Virgin Doyle walks readers through the illustrious history of the many ways Catholics have of approaching Mary and encourages readers to use one or more of the following to nurture their own personal relationship with the Mother of God Hymns and prayers Devotional art Shrines Rosary beads Labyrinths Feasts and processions When Catholics pray to Mary or any other saint they ask for her intercession In prose that is clear and precise Doyle makes clear that adoration of Mary does not replace worshipping God but rather draws believers closer to God Ultimately devo

**Balkan Idols** Vjekoslav Perica, 2002-07-11 Reporting from the heartland of Yugoslavia in the 1970s Washington Post correspondent Dusko Doder described a landscape of Gothic spires Islamic mosques and Byzantine domes A quarter century later this landscape lay in ruins In addition to claiming tens of thousands of lives the former Yugoslavia's four wars ravaged over a thousand religious buildings many purposefully destroyed by Serbs Albanians and Croats alike providing an apt architectural metaphor for the region's recent history Rarely has the human impulse toward monocausality the need for a single explanation been in greater evidence than in Western attempts to make sense of the country's bloody dissolution From Robert Kaplan's controversial *Balkan Ghosts* which identified entrenched ethnic hatreds as the driving force behind Yugoslavia's demise to NATO's dogged pursuit and arrest of Slobodan Milosevic the quest for easy answers has frequently served to obscure the Balkans complex history Perhaps most surprisingly no book has focused explicitly on the role religion has played in the conflicts that continue to torment southeastern Europe Based on a wide range of South Slav sources and previously unpublished often confidential documents from communist state archives as well as on the author's own on the ground experience *Balkan Idols* explores the political role and influence of Serbian Orthodox Croatian Catholic and Yugoslav Muslim religious organizations over the course of the last century Vjekoslav Perica emphatically rejects the notion that a clash of civilizations has played a central role in fomenting aggression He finds no compelling evidence of an upsurge in religious fervor among the general population Rather he concludes the primary religious players in the conflicts have been activist clergy This activism Perica argues allowed the clergy to assume political power without the accountability faced by democratically elected officials What emerges from Perica's account is a deeply nuanced understanding of the history and troubled future of one of Europe's most volatile regions [Braille Book Review](#) ,2001 [Braille Books](#) Library of Congress.
