The First Fifty Years Of The British Mountaineering Council:

The First Fifty Years of the British Mountaineering Council Geoff Milburn, 1997-01-01 **The Story of White Hall Centre** Pete McDonald, 2018-05-01 **The Sunlit Summit** Robin Lloyd-Jones, 2013-08-15 William Hutchison Murray 1913 1996 was one of Scotland's most distinguished climbers in the years before and after the Second World War. As a prisoner of war in Italy, he wrote his first classic book *Mountaineering in Scotland* on rough toilet paper which was confiscated and destroyed by the Gestapo. The rewritten version was published in 1947 and followed by the now equally famous *Undiscovered Scotland*. In 1951 he was deputy leader to Eric Shipton on the Everest Reconnaissance Expedition which discovered the eventual successful route which would be climbed by Hilary and Tensing. From the 1960s onwards he was heavily involved in conservation campaigns and his book *Highland Landscape* commissioned by the National Trust for Scotland identified areas of outstanding beauty that should be protected. It proved to be extremely influential. In 1966 he was awarded an OBE as he pursued a life of service as is well illustrated by the various posts he held: Commissioner for the Countryside Commission for Scotland 1968-1980, President of the Scottish Mountaineering Club 1962-1964 and of the Ramblers Association Scotland 1966-82, Chairman of Scottish Countryside Activities Council 1967-82, Vice President of the Alpine Club 1971-72, President of Mountaineering Council of Scotland 1972-75. He was a prolific author but a proper understanding of his life and work requires that we appreciate that his driving force was a quest to achieve inner purification that would lead him to oneness with Truth and Beauty. For many years the climber, author and teacher Robin Lloyd Jones above has been researching the life and work of Bill Murray and working steadily on this biography. It is not only a triumph of fine writing and interest but a worthy accolade for this great man. Philosophy, Risk and Adventure Sports Mike J. McNamee, 2007-06-11. This book is a collection of papers examining philosophical perspectives of adventure sports and related concepts of risk, danger, death, elation, authenticity and wilderness, written by well-known academics with personal experience of these fascinating sports.

Mountain Guru Catherine Moorehead, 2023-10-05. Winner of the Kekoo Naoroji Award. Doug Scott was a legend among mountaineers. His expeditions undertaken over a period of five decades are unparalleled achievements. This book describes the extraordinary drama of them all, from the Himalaya to New Zealand, Patagonia, Yosemite and Alaska. It includes his famous epic on The Ogre, one of the hardest peaks in the world to climb, his ascent of Kangchenjunga without supplementary oxygen and his ascent with Dougal Haston of Everest in 1975. Catherine Moorehead also uncovers the elusive man behind the obsessive mountaineer. From his rumbustious youth in Nottingham through two tempestuous marriages to a secure third marriage, she shows how Scott matured in thought and action as his formidable global reputation increased. In doing so, she reveals him to be a clash of opposites: an infuriating monomaniac who took extraordinary risks yet who developed a deep interest in Buddhism and inspired widespread affection. Scott spent almost as long as his climbing career in founding and developing Community Action Nepal, providing schools and health posts in remote parts of Nepal where he is still much
