The First Hundred Years A Short History Of Cobb County In Georgia:

The First Hundred Years Sarah Blackwell Gober Temple,1935 The First Hundred Years Mrs. Sarah Blackwell (Gober) Temple,1935 **A Brief History of Smyrna, Georgia** William P. Marchione,2013-09-10 The dynamic city of Smyrna Georgia situated a scant fifteen miles northwest of Atlanta has a fascinating history In July 1864 two significant battles were fought within the confines of present day Smyrna as General Sherman s Federal juggernaut converged on the Gateway City of Atlanta The town was incorporated in 1872 with a population of fewer than three hundred residents and high expectations that rapid suburban development would ensue It was the coming to the area of the aeronautics industry in the post World War II period that finally generated sustained growth Then in the 1990s the city reinvented itself through an aggressive urban renewal program spearheaded by its dynamic mayor Max Bacon and a progressive minded city council Join author William P Marchione PhD as he recounts the fascinating history that created Smyrna *The First Hundred Years* Sarah Blackwell Gober Temple,1989 *Marietta, 1833-2000* James Bolan Glover,Joe McTyre,Rebecca Nash Paden,1999-11-01 For 165 years Marietta has played an important role in both the government and growth of the state of Georgia Established as the seat of Cobb County in 1834 Marietta has grown from a celebrated resort town into a thriving prosperous community Unlike other communities where rapid development and huge increases in population diminish the city s original character Marietta has retained its unique identity as a small southern town Included in this volume of more than 200 vintage photographs drawings and maps are accounts of Marietta s war time experiences the early pioneers in education and health care and the industries such as Lockheed that altered the course of the city s history Divided into six distinct time periods from the birth of the city to the fast paced days of the late twentieth century Marietta 1833 2000 is a scrapbook of memories for longtime residents and a tool for newcomers who want to learn more about the area Homes churches local businesses and notable residents are all featured within these pages and offer a glimpse of what Marietta was like in days gone by Generations of Black Life in Kennesaw and Marietta, Georgia Patrice Shelton Lassiter,1999-10 Generations of Black Life in Kennesaw and Marietta Georgia is the first documented pictorial history of two rich and diverse black communities during the nineteenth and early twentieth centuries Through carefully preserved vintage images and informative captions Lassiter tells a story that is unique but at the same time recognizable to black communities everywhere

Cherokee Tragedy Thurman Wilkins,1989-07-01 Chronicles the rise of the Cherokee Nation and its rapid decline focusing on the Ridge Watie family and their experiences during the Cherokee removal **Cobb County** Rebecca Nash Paden,Joe McTyre,2005 Cobb County was a wilderness of virgin forests and unspoiled vistas inhabited by the Creek and Cherokee Indians when the first settlers began arriving in the early 1800s Farms railroads booming trade new houses schools and churches and industrial development soon marked the area After the state land lottery in 1832 wagonloads of people poured into the new county encroaching on American Indian lands The federal government s removal of the Native

Americans construction of the state owned railroad and the Civil War greatly affected Cobb County in the 1800s Reconstruction and the Great Depression forced a severe economic downturn on the entire South and the area lagged behind the rest of the nation until after World War II Unprecedented growth in the last half of the 20th century and the beginning of the 21st has boosted Cobb s economic stance and its place as the fourth largest county in Georgia

Where Peachtree Meets Sweet Auburn Gary M. Pomerantz,2021-04-13 A magnificent piece of writing a beautiful tapestry of prose in which the stories of two of Atlanta s most celebrated families have been woven densely into the history of the city itself The New York Times The Intersection of Peachtree Street historically the residential and commercial street of Atlanta s white elite and Sweet Auburn Avenue the spiritual main street of Atlanta s community mirrors the often separate but mutually dependent worlds of whites and blacks in this Southern city In Where Peachtree Meets Sweet Auburn Gary M Pomerantz traces five generations of two families the Allens descended from slave owners and the Dobbsses from slaves These families produced the two most influential mayors of the modern South Ivan Allen Jr and Maynard Jackson Jr Through hundreds of interviews and five years of painstaking research Pomerantz shows how the families rose to social economic and political prominence But he also demonstrates how their interesting lives paralleled the shifting relations between Atlanta s blacks and whites as the city grew to become the capital of the New South It is a representative story of the transformation of a city and the entire south

History and Memory in African-American Culture Geneviève Fabre,Robert G. O'Meally,1994 The relation between history and memory has become an object of increasing attention among historians and literary critics Through a team of leading scholars this volume offers a complex picture of the dynamic ways in which an African American historical identity constantly invents and transmits itself in books art performance and oral documents

To Honor These Men Richard M. Coffman,Kurt D. Graham,2007 Details the organization of a legion and its combat odyssey This book takes the reader through most of the major battles in the eastern theater of the Civil War

Pierce M. B. Young Lynwood M. Holland,2009-08-01 Pierce M B Young The Warwick of the South published in 1964 is an account of a major figure in Reconstruction era Georgia The youngest major general in the Confederate Army he was the first Georgian to be allowed to take a seat in Congress after the Civil War As a Congressman Young s main concern was rebuilding life in the South along national rather than sectional lines Young was a member of the diplomatic corps under Grover Cleveland where he arranged the Central American exhibit at the Cotton States and International Exposition in Atlanta in 1895 His friendships with such diverse personalities as Robert E Lee George Custer Jefferson Davis and Henry W Grady are notable

Greenbackers, Knights of Labor, and Populists Matthew Hild,2010-02-25 Historians have widely studied the late nineteenth century southern agrarian revolts led by such groups as the Farmers Alliance and the People s or Populist Party Much work has also been done on southern labor insurgencies of the same period as kindled by the Knights of Labor and others However says Matthew Hild historians have

given only minimal consideration to the convergence of these movements Hild shows that the Populist or People's Party the most important third party of the 1890s established itself most solidly in Texas Alabama and under the guise of the earlier Union Labor Party Arkansas where farmer labor political coalitions from the 1870s to mid 1880s had laid the groundwork for populism's expansion Third party movements fared progressively worse in Georgia and North Carolina where little such coalition building had occurred and in places like Tennessee and South Carolina where almost no history of farmer labor solidarity existed Hild warns against drawing any direct correlations between a strong Populist presence in a given place and a background of farmer laborer insurgency Yet such a background could only help Populists and was a necessary precondition for the initially farmer oriented Populist Party to attract significant labor support Other studies have found a lack of labor support to be a major reason for the failure of Populism but Hild demonstrates that the Populists failed despite significant labor support in many parts of the South Even strong farmer labor coalitions could not carry the Populists to power in a region in which racism and violent and fraudulent elections were tragically central features of politics The Papers of Andrew Johnson Andrew Johnson, 1967 **Biographical Register of the Confederate Congress** Ezra J. Warner, Jr., 1975-09-01 Modeled after Ezra J Warner's two earlier books *Generals in Gray* and *Generals in Blue* the volume contains an introduction describing the makeup of the Confederate Congress biographical sketches of the congressmen and a substantial bibliography Each biographical sketch includes the place and date of birth family background education means of livelihood politics public service record and degree of financial and political success of each congressman by 1860 The authors describe each individual's participation in or his opposition to secession and detail the circumstances of his election to the Confederate Congress A prominent section of each sketch is devoted to each man's activities in the Congress his position on the major issues before Congress his chief interest and the measures he sponsored and the reason he left the Congress Then the authors attempt to pick up the lives of each congressman after the Civil War The sketches include the place and date of death of each man as well as the place of burial Anyone interested in Civil War history will find *Biographical Register of the Confederate Congress* an indispensable reference Dwelling Place Erskine Clarke, 2020-08-11 Winner of the Bancroft Prize A beautifully conceived and penetrating book one of the finest studies of American slavery ever written The New Republic Published some thirty years ago Robert Manson Myers's *Children of Pride* The True Story of Georgia and the Civil War won the National Book Award in history and went on to become a classic reference on America's slaveholding South That book presented the letters of the prominent Presbyterian minister and plantation patriarch Charles Colcock Jones 1804 1863 whose family owned more than one hundred slaves While extensive these letters can provide only one part of the story of the Jones family plantations in coastal Georgia In this remarkable new book the religious historian Erskine Clarke completes the story offering a narrative history of four generations of the plantations inhabitants white and black Encompassing the years 1805 to 1869 *Dwelling Place* A Plantation Epic describes the simultaneous but vastly different

experiences of slave and slave owner This upstairsdownstairs history reveals in detail how the benevolent impulses of Jones and his family became ideological supports for deep oppression and how the slave Lizzy Jones and members of her family struggled against that oppression Through letters plantation and church records court documents slave narratives archaeological findings and the memory of the African American community Clarke brings to light the long suppressed history of the slaves of the Jones plantations a history inseparably bound to that of their white owners Clarke s magisterial multiperspective study of the antebellum South describes two family groups a total history of interconnected people divided by race legal status and gender Choice **More Generals in Gray** Bruce S. Allardice,2006-04-01 In this masterpiece of research a splendid supplement to Ezra J Warner s Generals in Gray Bruce S Allardice brings to light a neglected class of officers the Confederacy s other generals men who attained their rank outside the usual avenue of appointment by President Jefferson Davis and who had been virtually forgotten as a consequence Explaining that the process of becoming a general was fraught with politics lobbying intrigue accident mismanagement and chance Allardice identifies six main categories of legitimate claimants to the rank of Confederate General two more than historians have traditionally recognized He presents a substantial biographical sketch of 137 generals not found in Warner s original and a short bibliography of each For the vast majority his is the first treatment ever published Confederate Women Mauriel Phillips Joslyn,2004-05-31 True stories of Southern women in the Civil War for any reader with an interest in women s history An eye opening experience ForeWord The women featured in this anthology refute the common belief that Southern women were delicate and fragile These Confederate women started relief organizations and militia companies learned how to fire a musket and even worked as spies One courageous woman disguised herself as a male officer and recruited troops from around the South Confederate Women includes ten essays about the crucial role Southern women played during and after the Civil War believing that the war was certainly ours as well as that of the men Excerpts from correspondence with their sons fathers husbands and other women shed light on their unique position in America s past Often women are left out of history books only to fade into the shadows of time Thanks to Mauriel Phillips Joslyn and her contributing authors these women will remain a part of history never to be forgotten An affecting reminder that Southern women faced the challenges of the wartime era with courage and determination Civil War News Previously published as Valor and Lace The Roles of Confederate Women 1861 1865 Civil Wars George C. Rable,2022-10-17 Born into a male dominated society southern women often chose to support patriarchy and their own celebrated roles as mothers wives and guardians of the home and humane values George C Rable uncovers the details of how women fit into the South s complex social order and how Southern social assumptions shaped their attitudes toward themselves their families and society as a whole He reveals a bafflingly intricate social order and the ways the South s surprisingly diverse women shaped their own lives and minds despite strict boundaries Paying particular attention to women during the Civil War Roble illuminates their thoughts on the conflict and the threats and challenges they faced and

looks at their place in both the economy and politics of the Confederacy He also ranges back to the antebellum era and forward to postwar South when women quickly acquiesced to the old patriarchal system but nonetheless lived lives changed forever by the war Winner of the 1989 Jefferson Davis Award of the Museum of the Confederacy 1989 Winner of the Julia Cherry Spruill Prize of the Southern Association of Women Historians 1991
