Early Jesuits and the Rhetorical Tradition Jaska Kainulainen,2024-02-27 This book explores sixteenth and seventeenth century Jesuit contributions to the rhetorical tradition established by Isocrates Aristotle Cicero and Quintilian It analyses the writings of those Jesuits who taught rhetoric at the College of Rome including Pedro Juan Perpi a 1530 66 Carlo Reggio 1539 1612 Francesco Benci 1542 94 Famiano Strada 1572 1649 and Tarquinio Galluzzi 1574 1649 Additionally it discusses the rhetorical views of Jesuits who were not based in Rome most notably Cypriano Soarez 1524 93 the author of the popular manual *De arte rhetorica* Jesuit education Ciceronianism and civic life feature as the key themes of the book *Early Jesuits and the Rhetorical Tradition* 1540 1650 argues that in line with Cicero early modern Jesuit teachers and humanists associated rhetoric with a civic function Jesuit writings not only on rhetoric but also on moral religious and political themes testify to their thorough familiarity with Cicero s civic philosophy Following Cicero Isocrates and Renaissance humanists early modern Jesuit teachers of the studia humanitatis coupled eloquence with wisdom and in so doing invested the rhetorician with such qualities and duties which many quattrocento humanists ascribed to an active citizen or statesman These qualities centred on the duty to promote the common good by actively participating in civic life This book will appeal to scholars and students alike interested in the history of the Jesuits history of ideas and early modern history in general

Aquinas's Summa Theologiae and Eucharistic Sacrifice in the Early Modern Period M. P. M. Lynch,2023-12-01 This book is focused on the reception history of Thomas Aquinas account of Eucharistic sacrifice during the sixteenth and early seventeenth centuries Although the sacrificial character of the Eucharist has been of interest to theologians throughout the Church s history during the early sixteenth century renewed attention was given to this subject in part because of disputes that arose between Reformed and Catholic theologians about the relationship between the Eucharistic liturgy and Christ s sacrifice on the cross Does the Eucharistic presence itself have a sacrificial quality Can aspects of the liturgy or dimensions of the moral life be considered a sacrifice and if so in what way The emergence of these and other new questions in Eucharistic theology at the beginning of the sixteenth century coincided with a shift within the practice of theology in universities that began to emphasize Aquinas *Summa theologiae* as the standard text of theological instruction in place of Peter Lombard s *Sentences* Because of the *Summa* s relatively late ascendancy as a text of commentary and instruction studying the *Summa* s reception history involves the interpreter in a complex textuality Although itself a product of the middle ages as a received text the *Summa* is in many

ways a creature of the early modern period Interpreting the reception of this text therefore requires one to consider not only the Summa in its original environment but the life of this same text as it was received in new interpretive contexts

Saint Cicero and the Jesuits Dr Robert Aleksander Maryks, 2013-06-28 In this commanding study Dr Maryks offers a detailed analysis of early modern Jesuit confessional manuals to explore the order's shifting attitudes to confession and conscience Drawing on his census of Jesuit penitential literature published between 1554 and 1650 he traces in these works a subtly shifting theology influenced by both theology and classical humanism In particular the roles of Tutorism whereby an individual follows the law rather than the instinct of their own conscience and Probabilism which conversely gives priority to the individual's conscience are examined It is argued that for most of the sixteenth century books such as Juan Alfonso de Polanco's Directory for Confessors espousing a Tutorist line dominated the market for Jesuit confessional manuals until the seventeenth century by which time Probabilism had become the dominating force in Jesuit theology What caused this switch from Tutorism to Probabilism forms the central thesis of Dr Maryks book He believes that as a direct result of the Jesuits adoption of a new ministry of educating youth in the late 1540s Jesuit schoolmasters were compelled to engage with classical culture many aspects of which would have resonated with their own concepts of spirituality In particular Ciceronian humanitas and civilt along with rhetorical principles of accommodation influenced Jesuit thinking in the revolutionary transition from medieval Tutorism to modern Probabilism By integrating concepts of theology classical humanism and publishing history this book offers a compelling account of how diverse forces could act upon a religious order to alter the central beliefs it held and promulgated This book is published in conjunction with the Jesuit Historical Institute series Bibliotheca Instituti Historici Societatis Iesu
