**100 Must-read Historical Novels** Nick Rennison, 2009-09-21 This latest guide in the highly successful Must Read series depicts 100 of the finest historical fiction tales published with a further 500 recommendations The text covers a wide range of classic works and key authors

*The Roman Republic, History, Myths, Politics, and Novelistic Historiography* Miguel A. Faria, Jr., 2025-06-09 The history of the Roman Republic has been shrouded in myth assailed by gaps in historical knowledge and even immersed in political biases But in this book the author has succeeded in penetrating the mist using both ancient and modern sources as well as numismatic information and other illustrative materials and artforms He narrates the history of ancient Rome from its beginnings with the legendary seven kings of Rome the founding and struggles of the Republic the wars of conquests and civil wars to the collapse of the Republic and the inception of the Roman Empire with Augustus Peace is finally established and the Augustan Renaissance and the Pax Romana followed hinting at the course of Western civilization One lesson is learned Liberty and civic duties are too valuable to be forsaken for the material safety of bread and circuses because in the end citizens so partaking may end up with neither liberty nor safety

Servilia and her Family Susan Treggiari, 2019-01-03 Servilia is often cited as one of the most influential women of the late Roman Republic Though she was a high born patrician her grandfather died disgraced and her controversial father was killed before he could stand for the consulship she herself married twice but both husbands were mediocre Nevertheless her position in the ruling class still afforded her significant social and political power and it is likely that she masterminded the distinguished marriages of her one son Brutus and her three daughters During her second marriage she began an affair with Iulius Caesar which probably lasted for the rest of his life and is further indicative of the force of her charm and her exceptional intelligence The patchiness of the sources means that a full biography is impossible though in suggesting connections between the available evidence and the speculative possibilities open to women of Servilia's status this volume aims to offer an insightful reconstruction of her life and position both as a member of the senatorial nobility and within her extended and nuclear family The best attested period of Servilia's life for which the chief source is Cicero's letters follows the murder of Caesar by her son and her son in law Cassius who were leaders among the crowd of

conspirators in the Senate House on the Ides of March in 44 BC We find her energetically working to protect the assassins interests also defending her grandchildren by the Caesarian Lepidus when he was declared a public enemy and his property threatened with confiscation Exploring the role she played during these turbulent years of the late Republic reveals much about the ways in which Romans of both sexes exerted influence and sought to control outcomes as well as about the place of women in high society allowing us to conclude that Servilia wielded her social and political power effectively though with discretion and within conventional limits *In Between* Margit Grieb, Yves-Antoine Clemmen, Will Lehman, 2019 The essays in this anthology probe and comment on the space time issue between in aesthetic or linguistic productions in a variety of cultures For over three decades the Southeast Conference on Foreign Languages Literatures and Film SCFLLF which convenes biennially has been and continues to be a showcase for scholarship in the Humanities with a special emphasis on non English language area studies In 2018 at the 23rd SCFLLF fifty three national and international scholars presented their research on linguistics literature film culture and language pedagogy The essays we selected to showcase all probe and comment on the space time issue between in aesthetic or linguistic productions in a variety of cultures We have organized these contributions in three parts entitled Part I Between Fiction and Reality Part II Between Continuity and Transformation and Part III Between Conformity and Resistance The Readers' Advisory Guide to Historical Fiction Jennifer S. Cornelius Sulla is one of the central figures of the late Roman Republic Indeed he is often considered a major catalyst in the death of the republican system the ambitious general whose feud with a rival Marius led to his marching on Rome with an army at his back leading to civil war and the terrible internecine bloodletting of the proscriptions In these things and in his appropriation of the title of dictator with absolute power he set a dangerous precedent to be followed by Julius Caesar a generation later Lynda Telford believes Sulla s portrayal as a monstrous brutal tyrant is unjustified While accepting that he was responsible for much bloodshed she contends that he was no more brutal than many of his contemporaries who have received a kinder press Moreover even his harshest measures were motivated not by selfish ambition but by genuine desire to do what he believed best for Rome The author believes the bias of the surviving sources and modern biographers has exaggerated the ill feeling towards Sulla in his lifetime After all he voluntarily laid aside dictatorial power and enjoyed a peaceful retirement without fear of assassination The contrast to Caesar is obvious Lynda Telford gives a long overdue reappraisal of this significant personality considering such factors as the effect of his disfiguring illness The portrait that

emerges is a subtle and nuanced one her Sulla is very much a human not a monster      After The Celebration Ken Gelder,Paul Salzman,2009-01-01 After the Celebration explores Australian fiction from 1989 to 2007 after Australia's bicentenary to the end of the Howard government In this literary history Ken Gelder and Paul Salzman combine close attention to Australian novels with a vivid depiction of their contexts cultural social political historical national and transnational From crime fiction to the postmodern colonial novel from Australian grunge to rural apocalypse fiction from the Asian diasporic novel to the action blockbuster Gelder and Salzman show how Australian novelists such as Frank Moorhouse Elizabeth Jolley Peter Carey Kim Scott Steven Carroll Kate Grenville Tim Winton Alexis Wright and many others have used their work to chart our position in the world The literary controversies over history identity feminism and gatekeeping are read against the politics of the day Provocative and compelling After the Celebration captures the key themes and issues in Australian fiction where we have been and what we have become      **Encyclopedia of American Popular Fiction** Geoff Hamilton,Brian Jones,2015-04-22 Provides information on American authors and their works who have been ignored by most literary guides      Ready-Made Book Displays Nancy M.
