The First Of Medieval Man Firsts:

A History of the University of Cambridge: Volume 4, 1870-1990 Christopher Brooke, Christopher N. L. Brooke, Damian Riehl Leader, Victor Morgan, Peter Searby, 1988 This is the fourth volume of A History of the University of Cambridge and explores the extraordinary growth in size and academic stature of the University between 1870 and 1990 Though the University has made great advances since the 1870s when it was viewed as a provincial seminary it is also the home of tradition a federation of colleges one over 700 years old one of the 1970s This book seeks to penetrate the nature of the colleges and of the federation and to show the way in which university faculties and departments have come to vie with the colleges for this predominant role It attempts to unravel a fascinating institutional story of the society of the University and its place in the world It explores in depth the themes of religion and learning and of the entry of women into a once male environment There are portraits of seminal and characteristic figures of the Cambridge scene and there is a sketch inevitably selective but wide ranging of many disciplines an extensive study in intellectual and academic history *Women in the History of Linguistics* Wendy Ayres-Bennett, Helena Sanson, 2020-12-31 Women in the History of Linguistics is a ground breaking investigation into women s contribution to the description analysis and codification of languages across a wide range of different linguistic and cultural traditions Notably the volume looks beyond Europe to Africa Australia Asia and North America offering a systematic and comparative approach to a subject that has not yet received the scholarly attention it deserves In view of women s often limited educational opportunities in the past their impact is examined not only within traditional and institutional contexts but also in more domestic and less public realms The chapters explore a variety of spheres of activity including the production of grammars dictionaries philological studies critical editions and notes and reflections on the nature of language and writing systems as well as women s contribution to the documentation and maintenance of indigenous languages language teaching and acquisition methods language debates and language use and policy Attitudes towards women s language both positive and negative that regularly shape linguistic description and analysis are explored alongside metalinguistic texts specifically addressed to them as readers Women in the History of Linguistics is intended for all scholars and students interested in the history of linguistics women s studies social and cultural history and the intersection between language and gender *The Publishers Weekly*, 1926 **Man versus Society in Medieval Islam** Franz Rosenthal, 2014-10-09 In Man versus Society in Medieval Islam Franz Rosenthal 1914 2003 investigates the tensions and conflicts that existed between individuals and society as the focus of his study of Muslim social history The book brings together works spanning fifty years the monographs The Muslim Concept of Freedom The Herb Hashish versus Medieval Muslim Society Brill 1971 Gambling in Islam Brill 1975 and Sweeter than Hope Complaint and Hope in Medieval Islam Brill 1983 along with all the articles on unsanctioned practices sexuality and institutional learning Reprinted here together for the first time they constitute the most extensive collection of source material on all these themes from all genres

History and Salvation in Medieval Ireland Elizabeth Boyle, 2020-12-30 History and Salvation in Medieval Ireland explores medieval Irish conceptions of salvation history using Latin and vernacular sources from c 700 c 1200 CE which adapt biblical history for audiences both secular and ecclesiastical This book examines medieval Irish sources on the cities of Jerusalem and Babylon reworkings of narratives from the Hebrew Scriptures literature influenced by the Psalms and texts indebted to Late Antique historiography It argues that the conceptual framework of salvation history and the related theory of the divinely ordained movement of political power through history had a formative influence on early Irish culture society and identity Primarily through analysis of previously untranslated sources this study teases out some of the intricate connections between the local and the universal in order to situate medieval Irish historiography within the context of that of the wider world Using an overarching biblical chronology beginning with the lives of the Jewish Patriarchs and ending with the Christian apostolic missions this study shows how one culture understood the histories of others and has important implications for issues such as kingship religion and literary production in medieval Ireland This book will appeal to scholars and students of medieval Ireland as well as those interested in religious and cultural history

The Emergence of Subjectivity in the Ancient and Medieval World Jon Stewart, Jon Bartley Stewart, 2020 This volume presents a philosophical analysis of the development of Western civilization from antiquity to the Middle Ages by tracing the various self conceptions of different cultures as they developed historically reflecting different views of what it is to be human and the rise of the concept of subjectivity

Medieval Ireland (New Gill History of Ireland 1) Michael Richter, 2005-09-27 Medieval Ireland The Enduring Tradition the first instalment in the New Gill History of Ireland series offers an overview of Irish history from the coming of Christianity in the fifth century to the Reformation in the sixteenth concentrating on Ireland s cultural and social life and highlighting Irish society s inherent stability in an very unstable period Such a broad survey reveals features otherwise not easily detected For all the complexity of political developments Irish society remained basically stable and managed to withstand the onslaught of both the Vikings and the English The inherent strength of Ireland consisted in the cultural heritage from pre historic times which remained influential throughout the centuries discussed in Professor Michael Richter s engaging and informative book Irish history has traditionally been described either in isolation or in the manner in which it was influenced by outside forces especially by England This book strikes a different balance First the time span covered is longer than usual and more attention is paid to the early medieval centuries than to the later period Secondly less emphasis is placed in this book on the political or military history of Ireland than on general social and cultural aspects As a result a more mature interpretation of medieval Ireland emerges one in which social and cultural norms inherited from pre historic times are seen to survive right through the Middle Ages They gave Irish society a stability and inherent strength unparalleled in Europe Christianity came in as an
