Rogers, 1965-05-15 Maybe Barack Obama was not the first **The Five Negro Presidents** Joel Augustus Rogers, 1965 A Hubert Harrison Reader Hubert Harrison, 2021-03-29 This volume fills a gap in our understanding of black radical and nationalist writings and will change the way we tend to look at black thought Ernest Allen Jr W E B DuBois Department of Afro American Studies University of Massachusetts at Amherst The brilliant writer orator educator critic and activist Hubert Harrison 1883 1927 is one of the truly important yet neglected figures of early twentieth century America Known as the father of Harlem radicalism and a leading Socialist party speaker who advocated that socialists champion the cause of the Negro as a revolutionary doctrine Harrison had an important influence on a generation of race and class radicals including Marcus Garvey and A Philip Randolph Harrison envisioned a socialism that had special appeal to African Americans and he affirmed the duty of socialists to oppose race based oppression Despite high praise from his contemporaries Harrison's legacy has largely been neglected This reader redresses the imbalance Harrison's essays editorials reviews letters and diary entries offer a profound and often unique analysis of issues events and individuals of early twentieth century America His writings also provide critical insights and counterpoints to the thinking of W E B DuBois Booker T Washington and Marcus Garvey The reader is organized thematically to highlight Harrison's contributions to the debates on race class culture and politics of his time The writings span Harrison's career and the evolution of his thought and include extensive political writings editorials meditations reviews of theater and poetry and deeply evocative social commentary Jeff Perry's new book on Hubert Harrison's writings and speeches is a timely addition to the scholarship on early Black radicals and on the Harlem Renaissance period A must read Portia James Anacostia Museum The Skin Color Syndrome Among African-Americans William A. James (Sr.), 2003 William A James Sr has created a cogent book of essays that deals with a perplexing problem found among African Americans James calls it The Skin Color Syndrome His book is divided into four sections consisting of seven chapters Within those chapters he depicts five principles that define blacks intra racial hatred a hatred based upon Pigmentation Discrimination as the first principle of the Skin Color Syndrome James then discusses Passing and Where Blacks Are And Where They Need To Go He talks about Where Blacks are headed and then he gives A Conclusion Of The Matter and The Problems We African Americans Must Fix Lastly James offers Kwanzaa 365 Days Per Year as a restorative solution to the ravages of Jim Crow Law in America Conspiracies and Conspiracy Theories in American History Christopher R. Fee, Jeffrey B. Webb, 2019-05-24 This up to date introduction to the complex world of conspiracies and conspiracy theories provides insight into why millions of people are so ready to believe the worst about our political legal religious and financial institutions Unsupported theories provide simple explanations for catastrophes that are otherwise difficult to understand from the U S Civil War to the Stock Market Crash of 1929 to the terrorist attacks on the World Trade Center in New York Ideas about shadowy networks that operate behind a cloak of

secrecy including real organizations like the CIA and the Mafia and imagined ones like the Illuminati additionally provide a way for people to criticize prevailing political and economic arrangements while for society's disadvantaged and forgotten groups conspiracy theories make their suffering and alienation comprehensible and provide a focal point for their economic or political frustrations. These volumes detail the highly controversial and influential phenomena of conspiracies and conspiracy theories in American society. Through interpretive essays and factual accounts of various people, organizations, and ideas, the reader will gain a much greater appreciation for a set of beliefs about political scheming, covert intelligence gathering, and criminal rings that has held its grip on the minds of millions of American citizens and encouraged them to believe that the conspiracies may run deeper and with a global reach. *FOX NEWS NUTS? (Unfair & Unbalanced for over 200 years)* Kristina Townsend, 2014-03-31

Fox News philosophy consists of Rightwing views VS Leftwing views. But the Real World consists of Rightwing views VS Common Sense. Discover how Fox News distorts, manipulates, falsifies, misrepresents, fabricates, and manufactures their side of the story while Fox News Viewers are induced in a hypnotic state based on bigotry, racism, prejudice, and hate. **Black Messiahs and Uncle Toms** Wilson Jeremiah Moses, 2010-11-01 **Medgar Evers**

Robert Johnson's Freewheeling Jazz Funeral Whit Frazier, 2021-08-10 During the heady days of the 2008 election cycle, playwright Rudy Paschal struggles to create a new theater that reflects a contemporary Black aesthetic using the iconic figure of Robert Johnson and the last days of his life. His girlfriend Janet, a white feminist literary theorist at NYU, is at work on a book herself attempting to find peace between third wave feminism and womanism. The political and cultural differences dividing the two lead to a strain in the relationship which leads both characters to re-examine their core values.

Squirricular! Summer Hill Seven, 2010-11 My philosophy of acting and thus life transcends anything that resembles philosophy. It is now about what I do and not merely what I think. I experience happiness with a smile. I experience thought with a word. I experience life with action. I act therefore I am. Summer Hill Seven. Squirricular. As a child, Summer Hill Seven studied and taught from the Bible and Quran. He became a 5%er and later a youth Imam with the American Muslim Mission. At Richard Stockton College, he served as the first African American and first two-term student body president. At Princeton University and the New York University School of Law, he emerged as a national student leader in the same year that President Obama became the editor of the Harvard Law Review. After leading a protest, both Fisher and Seven's stories are beautifully triumphant, and yet only one is Poemedy. David Lamb, writer/producer. **Confluence Narratives** Antonio Luciano de Andrade Tosta, 2016-10-19 *Confluence Narratives: Ethnicity, History, and Nation Making in the Americas* explores

how a collection of contemporary novels calls attention to the impact of ethnicity on national identities in the Americas These historical narratives portray the cultural encounters the conflicts and alliances peaceful borrowings and violent seizures that have characterized the history of the American continents since the colonial period In the second half of the twentieth century North and South American readers have witnessed a steady output of novels that revisit moments of cultural confluence as a means of revising national histories Confluence Narratives proposes that these historical novels published in such places as Brazil Argentina Mexico the United States and Canada make up a key literary genre in the Americas The genre links the various parts of the hemisphere together through three common historical experiences colonization slavery and immigration Luciano Tosta demonstrates how numerous texts from the United States Canada Spanish America the Caribbean and Brazil fall into the genre The book focuses on four case studies from ethnic groups in the Americas Amerindians Afro descendants Jewish Americans and Japanese Americans Tosta uses the experience of the American nations as a springboard to problematize the concept of the contemporary nation an identity marked by border crossings and other experiences of deterritorialization Based on the exploration of confluence narratives Tosta argues that the contemporary nation is not as contemporary as one may think Informed by postcolonial theory and transnational and ethnic studies this book offers an important comparative study for and of inter American literature Its analysis of the representation of cultural encounters within distinctive national histories underscores the complex nature of otherness in the Americas as well as the inherently transcultural aspect of a trans continental American identity **Hubert Harrison** Jeffrey B. numerous Afrocentrist claims including that cultural tutors from black Africa roamed early Europe Muslim Spain and pre Columbian Mesoamerica and even traveled to ancient China with all sorts of cultural intellectual and scientific contributions The author concludes that most damaging to the credibility of Afrocentrists is their willingness to adopt any and every theory that supports their ideological thesis of African cultural supremacy overtly or covertly based upon race Open your mind to an honest and impartial view of world history with *White Athena Volume 2* **J.
