## **The Flight Of The Tiger:**

The Flying Tigers Sam Kleiner, 2022-03-01 The thrilling story behind the American pilots who were secretly recruited to defend the nation's desperate Chinese allies before Pearl Harbor and ended up on the front lines of the war against the Japanese in the Pacific Sam Kleiner's *The Flying Tigers* uncovers the hidden story of the group of young American men and women who crossed the Pacific before Pearl Harbor to risk their lives defending China. Led by legendary army pilot Claire Chennault, these men left behind an America still at peace in the summer of 1941, using false identities to travel across the Pacific to a run-down airbase in the jungles of Burma. In the wake of the disaster at Pearl Harbor, this motley crew was the first group of Americans to take on the Japanese in combat, shooting down hundreds of Japanese aircraft in the skies over Burma, Thailand, and China. At a time when the Allies were being defeated across the globe, the Flying Tigers' exploits gave hope to Americans and Chinese alike. Kleiner takes readers into the cockpits of their iconic shark-nosed P-40 planes, one of the most familiar images of the war, as the Tigers perform nail-biting missions against the Japanese. He profiles the outsize personalities involved in the operation, including Chennault whose aggressive tactics went against the prevailing wisdom of military strategy, Greg Pappy Boyington, the man who would become the nation's most beloved pilot until he was shot down and became a POW, Emma Foster, one of the nurses in the unit who had a passionate romance with a pilot named John Petach, and Madame Chiang Kai-shek herself, who first brought Chennault to China and who would come to visit these young Americans. A dramatic story of a covert operation whose very existence would have scandalized an isolationist United States, *The Flying Tigers* is the unforgettable account of a group of Americans whose heroism changed the world and who cemented an alliance between the United States and China as both nations fought against seemingly insurmountable odds.

**Tales of the Flying Tigers: Five Books about the American Volunteer Group, Mercenary Heroes of Burma and China** Daniel Ford, 2022-01-13 What God abandoned these defended, and saved the sum of things for pay. In the bleak winter of 1941-1942, no American or British force could stem the tide in Southeast Asia as the Philippines, Thailand, Malaya, and Singapore fell to the victorious Japanese. Only in Burma was there a ray of hope. There, over beleaguered Rangoon, a few dozen Americans clawed Japanese warplanes from the sky for a cash bounty from the Chinese government. Wearing mismatched uniforms with Chinese insignia and flying cast-off fighter planes, they did what no other air force seemed able to do and won immortality as the Flying Tigers. Daniel Ford wrote the definitive history of the American Volunteer Group as it was officially known. Here he has collected five small books about the Flying Tigers into an omnibus that details the AVG's planes, pilots, and history as remembered in the United States and in Japan. An essential collection for every admirer of the Flying Tigers. Revised and updated January 2022. Very well written and full of new information about a fascinating time in our history. 100 Hawks for China: The AVG's first encounter with the Japanese Air Force over Kunming, China, on 20 December 1941, is often written about. The version Dan Ford presents here is probably the most complete picture extant. *First Blood for the Flying Tigers* I

can wholeheartedly recommend his work to anyone desiring insight into the early years of the JAAF Rising Sun Over Burma A unique insight into how the Japanese appeared to the pilots meeting them and how the AVG learned to deal with them AVG Confidential Whitey From Farm Kid to Flying Tiger to Attorney Wayne Gordon Johnson,2011 Whitey From Farm Kid to Flying Tiger to Attorney is the fascinating and riveting story of a boy the 11th of 14 children of Norwegian immigrant parents who grew up on tenant farms in rural Minnesota during the Great Depression Johnson describes in graphic detail the harsh conditions under which the family lived and survived We were poor but didn't know it With commendable honesty Johnson's story illuminates the indiscretions of youth against the backdrop of a rural farm family His story takes us through the extraordinary journey of one man who has seen more in his life so far than most of us could ever imagine Wayne Whitey Johnson enlisted in the Air Corps on 8 December 1941 the day after the Japanese attack on Pearl Harbor Trained as a fighter pilot in the P 40 Warhawk and the P 51 Mustang Wayne was sent to China to join the famed Flying Tigers He was stationed in an area of far eastern China referred to as the pocket surrounded by Japanese troops less than 50 miles away He relates the grim realities of war with startling realism graphically portraying the triumphs and tragedies and the joys and sorrows of young men at war Whitey as part of a flight of 16 P 51 Mustang fighters participated in the first fighter strike against Japanese airdromes near Shanghai Coming in at tree top level and catching the enemy by complete surprise they destroyed 97 Japanese planes mostly on the ground without loss of any Americans After the war he became a successful attorney setting a record as the longest serving City Attorney in the United States serving two cities for over fifty years Continuing his activity in Aviation Johnson was named Mr Aviation of Minnesota in 1968 He was inducted into the Minnesota Aviation Hall of Fame in 2001 The Silver Bay MN airport was renamed the Wayne Johnson Airport in his honor in 2005 an honor few living airmen enjoy He has flown over 60 military and civilian aircraft and piloted his own plane into his mid eighties Back cover
