Contemporary Review, 1875 *Contemporary Arab Thought* Elizabeth Suzanne Kassab, 2025-04-29 In the last third of the
twentieth century the Arab intellectual and political scene polarized between totalizing doctrines nationalist Marxist and
religious and radical critique Arab thinkers were reacting to the disenchanting experience of postindependence and a
widespread sense of malaise as well as to authoritarianism intolerance injustice failed development and successive defeats by
Israel The foundational account of these responses *Contemporary Arab Thought* illuminates the relationship between cultural
and political critique in the work of major Arab thinkers Elizabeth Suzanne Kassab also connects Arab debates to the
postcolonial issues of Latin America and Africa revealing the shared struggles of different regions Since its first publication
in 2009 this book has stood as the foremost account of contemporary Arab debates on culture philosophy modernity tradition
identity and liberation It is widely used in Middle Eastern studies courses and it has become a classic in the field of Arab
intellectual history *Contemporary Arab Thought* now features an extensive new introduction that reconsiders post 1967 Arab
intellectual history in light of the 2011 uprisings and the upheavals that have occurred over the intervening years Kassab
critically reflects on the book's arguments and the responses it has provoked and she surveys the new preoccupations that
have emerged in Arab debates since 2011 As crises again overtake the Middle East this landmark work continues to offer
indispensable insight into the richness of contemporary Arab thought *A History of Modern Italy* Anthony L. Cardoza, 2019
A History of Modern Italy addresses the question of how Italy's modern history from its prolonged process of nation building
in the nineteenth century to the crises of the last two decades has produced a paradoxical blend of hyper modernity and
traditionalism and thus made the country different in the broader context of Western Europe The text explores how Italians
have experienced seismic shifts in their social and economic landscape over the past two centuries while simultaneously
maintaining older cultural norms social practices and political methods As a second objective the book showcases a narrative
of modern Italy that incorporates and blends the research findings and methodological insights of the new quantitative and
cultural historical scholarship of the past two and a half decades In doing so it chronicles the regime changes that have taken
the country from a Liberal monarchy through the Fascist dictatorship to a Democratic Republic while also delving into the
simultaneous economic and social history of the nation through these periods **The Making of Modern Woman** Lynn
Abrams, 2016-04-08 Modern woman was made between the French Revolution and the end of the First World War In this time
the women of Europe crafted new ideas about their sexuality motherhood the home the politics of femininity and their
working roles They faced challenges about what a woman should be and how she should act From domestic ideology to
women's suffrage this book charts the contests for woman's identity in the epoch shaping nineteenth century

Ancient Rome and Modern America; A Comparative Study of Morals and Manners Guglielmo Ferrero, 2025-08-31 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage From Yuan to Modern China and Mongolia Morris Rossabi, 2015-01-27 This wide ranging work consisting of selected essays of Morris Rossabi reflects the diverse interests of a leading scholar of China and Inner Asia It encompasses the eras from the thirteenth century to the present territories stretching from China to Mongolia to Central Asia and to the Middle East and religions from Islam to Nestorian Christianity to Judaism and Confucianism in East Central and West Asia Rossabi first challenged the conventional wisdom concerning traditional Chinese foreign relations by showing the pragmatism of Chinese officials who were not bound by Confucian strictures and stereotypes about foreigners and were actually knowledgeable about neighboring regions His studies of the territories surrounding China led to the discovery of a major omission in historical writing the lack of a biography of Khubilai Khan one of the most renowned rulers in Eurasian history His biography of Khubilai resulted in further studies of the Mongolian legacy on global history and of the significant role of women in the Mongolian empire His repeated travels in Mongolia in turn stimulated an interest in modern Mongolia especially the turbulence following the turbulence after the collapse of socialism in 1990 a subject he writes about in this book The need for greater public knowledge and

awareness of China Mongolia Central Asia the Silk Roads and Islam in Asia prompted Rossabi to write general occasionally pedagogical articles about these topics for a wider audience
