The History of Sumatra. A [facsimile] Reprint of the Third Edition Introduced by John Bastin. [Illustrated and with a Map.]. William Marsden (F.R.S.),1966 The History of Sumatra William Marsden,1966 **Smallholders and**

Stockbreeders P. Boomgaard,David E.F. Henley,2021-11-15 Historians of Southeast Asia have traditionally preferred to write about politics and culture rather than economics and ecology and where they have looked at the history of agriculture they have most often concentrated on cash crops like sugar coffee and rubber which figure prominently in colonial records Smallholders and stockbreeders by contrast provides a rare survey of the history of foodcrop farming and a unique look at the history of animal husbandry in the Southeast Asian region Thirteen contributions by an international selection of expert authors cover topics ranging from the agricultural economy of precolonial Java to the growth of rice production in the Mekong Delta since 1950 and from the breeding of horses on the northern borderlands of mainland Southeast Asia to the production and consumption of beef in the Philippines New light is shed on old questions regarding the directions in which Southeast Asian agriculture has evolved over the centuries and new questions raised regarding the cultural demographic economic and political determinants of farming practices While the geographical and chronological scales of analysis vary most chapters deal with relatively large areas and with developments over periods of 100 years or more Besides production for subsistence commercial aspects of livestock and foodcrop farming are also given due attention and prove to have been important in many parts of the region from very early periods Smallholders and stockbreeders is essential reading for anyone interested in the agricultural history of Southeast Asia whether for its own sake or in connection with other aspects of regional history or for purposes of comparison with other parts of the world **The Guritan of Radin Suane** William

Collins,1998-01-01 This study presents the text and translation of an oral epic or guritan relating the exploits of Radin Suane which was recorded during anthropological fieldwork among the Besemah in the remote highlands of South Sumatra Documentation of an epic in Besemah a little known Sumatran Malay language will be useful for comparative purposes to specialists in Malaysian and Indonesian languages and literatures This work is also intended to serve students of ethnography folklore and oral poetry as well as general readers who may not be familiar with Sumatran culture Accordingly an extensive commentary has been provided to give a cultural context for understanding this epic **Hikayat Hang Tuha (atau Hikayat Hang Tua)** Ahmat Adam, Karya ini sekali lagi mempamerkan keberanian pengarangnya dalam memberikan tafsiran baru terhadap satu lagi karya klasik agung orang Melayu Kali ini dengan menggunakan kaedah filologi Prof Emeritus Datuk Dr Ahmat Adam secara kritis telah membedah isi kandungan sebuah hikayat yang selama lebih daripada dua abad ternyata salah dibaca dan silap ditransliterasikan ke huruf Rumi oleh para pengkaji Orientalis dan tempatan Kesalahan zaman berzaman ini jugalah yang menjadikan hikayat yang masyhur ini telah silap ditafsirkan bukan sahaja dari segi penyebutan nama gelaran Laksamana Melaka yang sebenar tetapi juga dari segi isi kandungan yang menceritakan

petualangan Laksamana yang masyhur itu Yang menjadi lebih parah lagi ialah selepas kisah legendaris Laksamana itu diceriterakan oleh pengarang Sulalat u s Salatin kisah pengembaraannya yang dilukiskan di dalam Hikayat Hang Tuha telah mempengaruhi pemikiran sebahagian anggota masyarakat dan dipercayai oleh mereka itu sebagai kisah yang benar benar terjadi dalam sejarah Melaka Melalui kajian ini pengarang cuba mengajak pembaca agar menilai sendiri karya sastera yang berlatarkan sejarah ini dan cuba berfikir secara kritis untuk membezakannya dengan sebuah karya sejarah yang lebih tulen mengenai kesultanan Melaka dan Laksamana yang benar benar wujud pada zaman abad ke 15 dan ke 16

The Logic of the Laws David S. Moyer, 2012-12-11 This study is directed towards providing basic background material for the understanding of South Sumatran social organisation To this end four legal codes from the first half of the nineteenth century are presented and analysed The method used in the analysis is a modification of that used by Levi Strauss for the analysis of myth The author concludes by stating Out of these detailed analyses the most significant phenomenon to emerge is the fact that a relatively small number of formal properties are distributed through a large number of structures within a single legal code and because of their formal similarities these structures are mutually reinforcing

The Leiden Legacy Peter Burns, 2021-09-20 *Muddied Waters* P. Boomgaard, David E.F. Henley, 2021-10-01 This book examines the history of human interaction with forest and marine ecosystems in Indonesia Malaysia and the Philippines Rainforests falling to snarling chainsaws and factory trawlers emptying the life out of tropical seas are nowadays among the most familiar images of Southeast Asia Yet the present excessive levels of logging and fishing have emerged only within the last generation Until a few decades ago it was common for marine and forest related economic activities in Southeast Asia to have limited and in the long run rather stable effects on the environment Did this relative stability simply reflect lower population densities less well developed markets and less efficient extraction technologies Or was it the result of successful resource management techniques and institutions If so why have these since failed or been abandoned Seventeen contributions by an international selection of expert authors cover topics ranging from the collection of rattan beeswax and forest resins in the seventeenth century to the management of modern marine nature reserves Muddied waters is essential reading for anyone interested in the environmental history of Southeast Asia whether in connection with other aspects of this particular region or in relation to patterns of environmental change and resource management in other parts of the world

Exploring the History of Southeast Asian Astronomy Wayne Orchiston, Mayank N. Vahia, 2021-06-30 This edited volume contains 24 different research papers by members of the History and Heritage Working Group of the Southeast Asian Astronomy Network The chapters were prepared by astronomers from Australia France Germany India Indonesia Japan Malaysia the Philippines Scotland Sweden Thailand and Vietnam They represent the latest understanding of cultural and scientific interchange in the region over time from ethnoastronomy to archaeoastronomy and more Gathering together researchers from various locales this volume enabled new connections to be made in service of building a more holistic vision of astronomical history in

Southeast Asia which boasts a proud and deep tradition **Paper Landscapes** P. Boomgaard, David E.F. Henley, Freek Colombijn, 2022-04-11 Too much of what has so far passed for the historical background to Indonesia's environmental problems has consisted of little more than thinly disguised backward projections of modern trends The writers in this volume report on their own pioneer journeys into the paper landscapes of the colonial literature and archives in search of the real environmental history of Indonesia **Mapping the Acehnese Past** R. Michael Feener, Patrick Daly, Anthony Reed, 2011-01-01 Aceh has become best known in our times for its twin disasters the worst earthquake and tsunami of modern times in December 2004 and a long running separatist conflict that rent Indonesia for most of its independent history Although this book emerged from the process of recovery from those traumas it turns the spotlight on a more positive and neglected claim Aceh has on our attention as the Southeast Asian maritime state that most successfully and creatively maintained its independent place in the world until 1874 Like Burma Siam and Vietnam all better protected by geography Aceh has its own story to tell of a unique culture struggling for survival through the European colonial era Unfortunately the sources for this story are scattered since Aceh's own records have not well survived the ravages of climate civil war and eventual foreign conquest To recover its cosmopolitan history an unparalleled range of sources and skills had to be brought together Aceh's central role in the creation of Malay literature out of Arabic Persian Indian and Indonesian elements had to be explored with reference to texts surviving in a dozen world libraries Teuku Iskandar Amirul Hadi The rich archeological record neglected through the long years of conflict had again to be brought into play Daniel Perret and the extensive relations of the Aceh sultanate with the Ottoman Empire Ismail G ksoy and Ismail Kad Andrew Peacock Annabel Gallop Portugal Jorge Alves England Annabel Gallop and the Netherlands Sher Banu and Jean Taylor had to be explored chiefly in European archives by experts in these respective fields The result of this combined work in this volume is the most comprehensive picture so far of sources for the history of Aceh **Unity in Diversity** P.E. de Josselin de Jong, 2021-11-01 This collective volume contains papers and comments on these papers from an international symposium on Indonesia as a Field of Anthropological Study held in Leiden 22-26 November 1982 The following contributions are listed P E de Josselin de Jong A field of anthropological study in transformation with comments by G B Milner Robert Blust Indonesia as a Field of Linguistic Study A Teeuw Indonesia as a Field of Literary Study A case study genealogical narrative texts as an Indonesian literary genre with comments by Els Postel Sandra Niessen Textiles are female but what is femaleness Toba Batak textiles in the Indonesian field of ethnological study with comments by Wolfgang Marschall David S Moyer South Sumatra in the Indonesian Field of Anthropological Study with comments by C W Watson J J J M Wuisman The Rejang and the Field of Anthropological study concept with comments by William D Wilder Peter J M Nas Settlements as symbols The Indonesian town as a Field of Anthropological Study Hans Dieter Evers Cities as a Field of Anthropological Studies in South East Asia R Hagesteijn Continental Southeast Asian political myths compared J D M Platenkamp The Tobelo of Eastern Halmahera in the
