**Masquerade and Gender** Catherine A. Craft-Fairchild, 2012-03-31 Terry Castle's recent study of masquerade follows Bakhtin's analysis of the carnivalesque to conclude that for women masquerade offered exciting possibilities for social and sexual freedom Castle's interpretation conforms to the fears expressed by male writers during the period Addison Steele and Fielding all insisted that masquerade allowed women to usurp the privileges of men Female authors however often mistrusted these claims perceiving that masquerade's apparent freedoms were frequently nothing more than sophisticated forms of oppression Catherine Craft Fairchild's work provides a useful corrective to Castle's treatment of masquerade She argues that in fictions by Aphra Behn Mary Davys Eliza Haywood Elizabeth Inchbald and

Frances Burney masquerade is double sided It is represented in some cases as a disempowering capitulation to patriarchal strictures that posit female subordination Often within the same text however masquerade is also depicted as an empowering defiance of the dominant norms for female behavior Heroines who attempt to separate themselves from the image of womanhood they consciously construct escape victimization In both cases masquerade is the condition of femininity gender in the woman s novel is constructed rather than essential Craft Fairchild examines the guises in which womanhood appears analyzing the ways in which women writers both construct and deconstruct eighteenth century cultural conceptions of femininity She offers a careful and engaging textual analysis of both canonical and noncanonical eighteenth century texts thereby setting lesser read fictions into a critical dialogue with more widely known novels Detailed readings are informed throughout by the ideas of current feminist theorists including Luce Irigaray Julia Kristeva Mary Ann Doane and Kaja Silverman Instead of assuming that fictions about women were based on biological fact Craft Fairchild stresses the opposite the domestic novel itself constructs the domestic woman

Narratives of Women and Murder in England, 1680-1760 Kirsten T. Saxton,2017-05-15 Arguing that the female criminal subject was central to the rise of the British novel Kirsten T Saxton provides fresh and convincing insights into the deeply complex ways in which categories of criminality gender and fiction intersected in the long eighteenth century She offers the figure of the murderess as evidence of the constitutive relationship between eighteenth century legal and fictional texts comparing non fiction representations of homicidal women in biographies of Newgate Ordinaries and in trial reports with those in the early novels of Aphra Behn Delariviere Manley Daniel Defoe and Henry Fielding As Saxton demonstrates that legal narratives informed the budding genre of the novel and

fictional texts shaped the development of legal narratives her study of deadly plots becomes a feminist intervention in scholarship on the literature of crime that simultaneously insists on the centrality of crime literature in feminist histories of the novel Her epilogue shows that more than two centuries later we still contend with displays of female violence that defy and define our notions of textual and sexual license and continue to shape legal and literary mandates even as the lines between the real and the fictive remain blurred

The Critical Fortunes of Aphra Behn Janet Todd,1998 This is the first study of the posthumous life of Aphra Behn the extraordinary vicissitudes of her critical reception and the personal vilifications of her reputation through three centuries Beginning with the reception of Behn s work during her lifetime which she herself helped to orchestrate by performing herself as a seductive woman a beleaguered lady writer and a serious intellectual among other roles the work ends with the late 20th century reception of Behn when the interest in gender race and class has made of her almost a postmodern writer In the 17th century she was seen as a playwright of sexy and propagandist comedies and attacked by those who disapproved her supposedly unfeminine stance and her royalist politics Later as the Restoration period itself fell into disrepute Behn s plays were denigrated along with those of her fellow men but greater opprobrium fell on her as a woman because in the 19th century it was felt that a female writer should have higher morals than a man During this period Behn s reputation was exceedingly low while her short story Oroonoko gained acclaim freed from any association with its author or her supposedly squalid times In the 18th and 19th centuries Oroonoko moved from being viewed as political commentary and heroic romance to a sentimental tale of doomed love and then an abolitionist text In the early twentieth century it was hailed as one of the earliest realist texts part of the great English ascent into the novel
