

The History Of The Seventeenth Century

Dale B. J. Randall, Jackson C. Boswell

The History Of The Seventeenth Century:

The Cambridge History of Seventeenth-century Philosophy Daniel Garber, Michael Ayers, 2003 **The Seventeenth Century** Richard Foster Jones, 1965 The Seventeenth Century Richard Foster Jones, Marjorie Nicholson, 1965 The Chesapeake in the Seventeenth Century Thad W. Tate, David Leon Ammerman, 1979 Seventeenth century Chesapeake involved the area of the colonies of Virginia and Maryland **The Seventeenth Century** Madeleine Mainstone, Rowland Mainstone, 1981-04-30 A survey of seventeenth century painting sculpture and architecture considers the major artists trends influences and social changes of the age *The Seventeenth Century* Graham Parry, 2014-06-06 The seventeenth century was a period of immense turmoil This book explores the methods by which a distinctive iconography was created for each Stuart king describes the cultural life of the Civil War period and the Cromwellian Protectorate and analyses the impact of the antiquarian movement which constructed a new sense of national identity Through this detailed and fascinating discussion of seventeenth century society Graham Parry provides a clear insight into the many forces operating on the literature of the period The Dutch Republic in the Seventeenth Century Maarten Prak, 2023-01-19 Substantially revised second edition of the leading textbook on the Dutch Republic including new chapters on language and literature and slavery

A History of England Principally in the Seventeenth Century Leopold von Ranke, 1875 **The History of English Democratic Ideas in the Seventeenth Century** George Peabody Gooch, 1898 **Leaves from the History of Welsh Nonconformity in the Seventeenth Century** Richard Davies, 1899 **English Prose of the Seventeenth Century 1590-1700** Roger Pooley, 2014-06-06 This is the first book length history of the range of seventeenth century English prose writing Roger Pooley s study begins with narrative ranging from the fiction of Bunyan and Aphra Behn to the biographical and autobiographical work of Aubrey and Pepys Further sections consider religious prose from the hugely influential Authorised Version to Donne s sermons the political writing of figures as diverse as Milton Hobbes Locke and Marvell cornucopian texts and the writings of the new scientists from Bacon to Newton At a time when the boundaries of the canon are being increasingly revised this is not only a major survey of a series of great works of literature but also a fascinating social history and a guide to understanding the literature of the period as a whole *Rembrandt, Vermeer, and the Gift in Seventeenth-Century Dutch Art* Michael Zell, 2025-10-01 Rembrandt Vermeer and the Gift in Seventeenth Century Dutch Art offers a new perspective on the art of the Dutch Golden Age by exploring the interaction between the gift s symbolic economy of reciprocity and obligation and the artistic culture of early modern Holland Gifts of art were pervasive in seventeenth century Europe and many Dutch artists like their counterparts elsewhere embraced gift giving to cultivate relations with patrons art lovers and other members of their social networks Rembrandt also created distinctive works to function within a context of gift exchange and both Rembrandt and Vermeer engaged the ethics of the gift to identify their creative labor as motivated by what contemporaries called a love of art not materialistic gain In the merchant republic s vibrant market for art

networks of gift relations and the anti economic rhetoric of the gift mingled with the growing dimension of commerce revealing a unique chapter in the interconnected history of gift giving and art making *Cervantes in Seventeenth-Century England* Dale B. J. Randall, Jackson C. Boswell, 2009-01-29 This unique work of scholarship gathers together over a thousand early modern English references to the writings of the great Spanish writer Miguel de Cervantes not only from Don Quixote but also from his ground breaking *Novelas ejemplares* Seventeenth-century Water Gardens and the Birth of Modern Scientific thought in Oxford Stephen Wass, 2022-12-02 Based on a decade of archaeological investigation and historical research this book tells the story of the Copes of Hanwell Castle in north Oxfordshire and the creation of a garden with links to the development of scientific thinking in Oxford in the late seventeenth century New research using Robert Plot's Natural History of Oxfordshire as a starting point has uncovered details of a remarkable family and their rise and tragic downfall their social circle that included some great names in the development of early scientific thinking and their garden that in effect became a place dedicated to the wonders of technology The complex tale weaves together the activities of a royalist agent Richard Allestree a prodigious musician Thomas Baltzar John Claridge a Hanwell Shepherd with a penchant for weather forecasting and Sir Anthony Cope who in an atmosphere of secrecy and distrust began to gather together a community that eventually was named by Plot as The New Atlantis a reference to a book published earlier in the century by Sir Francis Bacon in which he suggests a model for a Utopian science focused society The book also chronicles the program of archaeological excavation that has uncovered several unusual garden features and most significantly of all describes in detail the unique collection of seventeenth century terracotta garden urns an assemblage that is unparalleled in post medieval archaeology This collection was destroyed in a single episode of vandalism around 1675 and has been preserved in deeply buried deposits of mud and silt Their analysis and reconstruction is opening new insights into the decorative schemes of seventeenth century gardens There is coverage of other gardens of the period and their surviving features as well as an examination of early science and how gardens impacted on its development in many ways *The Midwives of Seventeenth-Century London* Doreen Evenden, 2006-11-02 This book is the first comprehensive and detailed study of early modern midwives in seventeenth century London Midwives as a group have been dismissed by historians as being inadequately educated and trained for the task of child delivery The Midwives of Seventeenth Century London rejects these claims by exploring the midwives training and their licensing in an unofficial apprenticeship by the Church Dr Evenden also offers an accurate depiction of the midwives in their socioeconomic context by examining a wide range of seventeenth century sources This expansive study not only recovers the names of almost one thousand women who worked as midwives in the twelve London parishes but also brings to light details about their spouses their families and their associates **Thomas Traherne and Seventeenth-century Thought** Elizabeth S. Dodd, Cassandra Gorman, 2016 New essays on Thomas Traherne challenge traditional critical readings of the poet **Europe in the Seventeenth Century** Donald Pennington, 2015-12-14

As before the second edition of this widely used survey is in two main parts The first analyses the major themes of seventeenth century European history on a continent wide basis The second part moves on to outline political diplomatic and military events in the various states and nations of the time For the second edition all the chapters have been rewritten to take account of recent scholarship Moreover many new topics are discussed the family crime the impact of printing climate population and social mobility Islam in seventeenth century Europe Throughout the book emphasises current lines of research and controversy to illustrate that the history of the period is a process of enquiry and argument rather than incontrovertible fact

Seventeenth Century Studies, a Contribution to the History of English Poetry Edmund Gosse,HardPress,2013-06

Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

Popular Medicine in Seventeenth-century England Doreen Evenden,1988 This monograph the first detailed study of seventeenth century popular medicine depicts the major role which lay or popular medical practitioners played in the provision of seventeenth century health care in England

Hospital Politics in Seventeenth-Century France Tim McHugh,2016-07-22 The seventeenth century witnessed profound reforms in the way French cities administered poor relief and charitable health care New hospitals were built to confine the able bodied and existing hospitals sheltering the sick poor contracted new medical staff and shifted their focus towards offering more medical services Whilst these moves have often been regarded as a coherent state led policy recent scholarship has begun to question this assumption and pick up on more localised concerns and resistance to centrally imposed policies This book engages with these concerns to investigate the links between charitable health care poor relief religion national politics and urban social order in seventeenth century France In so doing it revises our understanding of the roles played in these issues by the crown and social elites arguing that central government s social policy was conservative and largely reactive to pressure from local elites It suggests that Louis XIV s policy regarding the reform of poor relief and the creation of General Hospitals in each town and city as enshrined in the edict of 1662 was largely driven by the religious concerns of the kingdom s devout and the financial fears of the Parisian elites that their city hospitals were overburdened Only after the Sun King s reign did central government begin to take a proactive role in administering poor relief and health care utilizing urban charitable institutions to further its own political goals By reintegrating the social aspirations of urban elites into the history of French poor relief this book shows how the key role they played in the reform of hospitals inspired by a mix of religious economic and social motivations It concludes that the state could be a reluctant participant in reform until pressured into action by assisting elite groups pursuing their own goals
