The Homemakers Colonial Americans:

The Homemakers ,1998 Describes how four staples candles soap brooms and cider were made in colonial times

The Library of Home Economics ,1907 *The American Home* ,1929 **American Home Life, 1880-1930** Jessica H. Foy,2024-07-31 In the pivotal decades around the turn of the century American domestic life underwent dramatic alteration From backstairs to front stairs spaces and the activities within them were radically affected by shifts in the larger social and material environments This volume while taking account of architecture and decoration moves us beyond the study of buildings to the study of behaviors particularly the behaviors of those who peopled the middle class single family detached American home between 1880 and 1930 The book s contributors study transformations in services such as home utilities of power heat light water and waste removal in servicing for example the impact of home appliances such as gas and electric ranges washing machines and refrigerators and in serving changes in domestic servants duties hours of work racial and ethnic backgrounds In blending intellectual and home history these essays both examine and exemplify the perennial American enthusiasm for as well as anxiety about the meaning of modernity **The Family in America** Robert McC. Adams,2017-07-12 The Family in America offers a fresh interpretation of American social history emphasizing the vital role of the family and household autonomy and threats to both imposed by industrial organization and the state Allan Carlson shows that the United States rather than being born modern as a progressive consumerist society was in fact founded as an agrarian society composed of independent households rooted in land lineage and hierarchy Carlson argues that family survival continues to be of paramount importance today He critically examines five distinct strategies to restore a foundation for family life in industrial society drawing on the insights of Frederic LePlay Carle Zimmerman and G K Chesterton Carlson shows that family survival depends on the creation of meaningful pre modern household economies This new edition includes an introduction by Allan Carlson detailing the continued press of the industrial process onto the American family structure since initial publication of the book in 1993 **Directory of U.S. Register of Merit Sires and Dams Qualifying Under the National Poultry Improvement Plan, 1942-43** ,1946 This publication provides some information of a nation wide survey to determine the importance of butter as a source of vitamin A in the diet of the people of the United States

The Oxford Encyclopedia of Women in World History Bonnie G. Smith,2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated womens daily lives in virtually every region and have researched the leadership roles women have filled across time and

region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike *The Fleas of North America* Henry Ellsworth Ewing,Irving Fox,1943 The proper identification of fleas forms a sound basis for disease prevention and flea control This publication prepared primarily as a taxonomic revision will help those called upon to identify the species of these insects and recommend control procedures Full descriptions are given of the genera ad higher groups accompanied in most instances by figures For species subspecies and varieties formal descriptions are avoided but data have usually been supplied for each as follows Indication of synonymy name of type host type locality statement relative to range and remarks upon identification characteristics nature of original description references to figures published notes on biology or economic importance and redescriptions **Food and Nutrition Information and Educational Materials Center catalog** Food and Nutrition Information Center (U.S.),1976 Keeping Place Jen Pollock Michel,2017-05-09 Home is our most fundamental human longing Jen Pollock Michel connects that desire with the story of the Bible revealing a homemaking God with wide arms of welcome and a church commissioned with this same work Keeping Place offers hope to the wanderer help to the stranded and a new vision of what it means to live today longing for eternal home *Catalog* Food and Nutrition Information Center (U.S.),1973 2365 references to books journal articles brochures and audiovisual aids that are of interest to personnel of the school food service and nutrition education profession Broad topical arrangement Entries include accession number bibliographical information call number of FNIC descriptors and abstract Indexes by subjects authors personal and corporate and titles *The Carpet and Upholstery Trade Review* ,1923 *Textile Recorder* ,1916 Good Housekeeping Great Home Cooking Beth Allen,2011-01-04 From Southern Fried Chicken to New England Clam Chowder Good Housekeeping presents the best of traditional time tested American home cooking all in one big beautiful book Every cook needs these favorites with delectable photos and fascinating history tracing the recipes evolution at her fingertips All the recipes were triple tested in the Good Housekeeping kitchens where the magazine s experts created the perfect rendition of each beloved dish And what a delicious portrait of American cuisine they paint Who could resist Maryland Crab dip Bear Mountain Butternut Soup Barbecued Pulled Pork or Boston Cream Pie The recipes also reflect the American melting pot with
