Marian Engel's Notebooks Christl Verduyn, 2006-01-01 Marian Engel emerged as a writer during that period in Canada when nationalism increased and new feminism dawned Although she is recognized as a distinguished woman of letters she has not been widely studied consequently we know relatively little about her and her craft The material collected in Marian Engel's Notebooks Ah mon cahier coute is a major step in redressing that neglect Extracts carefully chosen by Christl Verduyn from Marian Engel's forty nine notebooks notebooks Engel began in the late 1940s and which she maintained until her death in 1985 track Engel's creative development illustrate her commitment to the craft of writing and document her growth as a major Canadian writer The notebooks also portray Engel's surprising leaps of logic her fascination with the bizarre the eclecticism of her

reading and the depth and variety of her thinking Finally they present moving documentation of a woman facing cancer and early death Christl Verduyn s illuminating introductory discussions to each of the notebooks unobtrusively guide us in the reading of these sometimes difficult writings Marian Engel s Notebooks Ah mon cahier coute leaves readers with a vivid sense of Canadian culture during the 1960s and 1970s It provides insight into the literary life of one of Canada s significant woman writers including her connections with other Canadian writers and will be of special interest to scholars working in the field of literature

Making Babies Sandra Sabatini, 2006-01-01 Although the infant has been a consistent figure in literature and for many people a significant figure in personal life there's been little attention focused on infants or on their place in Canadian fiction until now In this book Sandra Sabatini examines Canadian fiction to trace the ideological charge behind the represented infant Examining writers from L M Montgomery and Frederick Philip Grove to Thomas King and Terry Griggs Sabatini compares women's writing about babies with the way infants appear in texts by men over the course of a century She discovers a range of changing attitudes toward babies After being seen as a source of financial burden social shame or sentimental fantasy infants have increasingly become a source of value and meaning The book challenges the perception of babies as passive objects of care and argues for a reading of the infant as a subject in itself It also reflects upon how the representations of infancy in Canadian literature offer an intriguing portrait of how we imagine ourselves
