The Hopi Survival Kit:

The Hopi Survival Kit Thomas E. Mails, 1997-07-01 Now made public for the first time an ancient Hopi spiritual guide that may hold the key to our survival in the next millennium For nearly a century the Elders of Hotevilla a tiny village on a remote Hopi reservation in Arizona have been guarding the secrets and prophecies of a thousand year old covenant that was created to ensure the well being of the earth and its creatures But the elders are dying and there is no one left to pass on its remarkable teachings Renowned Native American expert Thomas Mails was chosen by the last surviving elders to reveal to the outside world the sacred Hopi prophecy and instructions at precisely the time in history when they are most urgently needed The Hopi Survival Kit is the first full revelation of traditional Hopi prophecy Many of its predictions have already been realized but the most shattering apocalyptic events are still to occur And though this may be a sobering realization it is also our best defense For the Hopi teachings give detailed instructions for survival our actions can alter the pace and intensity of what will happen and help avoid a cataclysmic end

Hopi Survival Kit Thomas E. Mails, 1997-02-01 In May 1993 Mails accepted an invitation to visit the Traditionalist village of Hotevilla on the remote Hopi reservation in Arizona He was then chosen by a 100 year old high priest to reveal to the outside world the entire range of Hopi prophecy instructions and warnings a proven way for our endangered world to survive Mails discovered that the Elders of Hotevilla were the capstones of a long line of stalwart keepers of a remarkable Covenant which was designed to ensure the well being of the earth and its creatures This book provides a comprehensive account of traditional Hopi prophecy Illustrated The Hopi Nancy Bonvillain, Ada Elizabeth Deer, 2009 The Hopi which means good in every respect largely lived in northeast Arizona and were an agricultural society that practiced ancestor worship

Dancing for the Fat Lady Ray Drake, 2013 This is the story of my journey from a university psychology department to public mental health and private practice and on to being a psychologist in Indian land It includes of course the many interesting people novel experiences and challenging ideas I encountered along the way It is a story of expanding spiritual awareness and growth as a human being and the part played in that by the Chippewa Ojibwa Indians whose own practice of faith clearly embodies Jesus teachings on how to live with reverence gratitude humility and grace The discovery of their faith was an immense surprise and an unexpected joy Eventually I was called in dreams to Sundance in Canada a calling that also included dancing in other ceremonies which like the Sundance required four days of fasting and prayer I attempt to convey to the reader some of the learning and growth that are inevitable when one dances in a sacred arbor filled with kind souls and the Creator's unconditional love and yet I know full well that words merely hint at what can be learned only through experience When I answered the call to Sundance who could have known that as a dancer helper and eventual leader I would spend the next eighteen years of my life in those sacred arbors I was fifty two when I first danced and a couple of weeks shy of seventy when last I dragged the buffalo skulls My dear wife pursued her own calling to teach children and wound up teaching many years in a nearby Indian school She

made this journey ours by her loving constancy faith courage and support She was the first and best of the joy filled surprises the Creator had for me when He moved me out of the university world *Native Harvests* E. Barrie Kavasch,2013-05-27

Hardy,2011-02-23

How sacred sites amplify the energies of consciousness the earth and the universe Examines the web of geometrical patterns linking sacred sites worldwide with special focus on the sacred network of ley lines in Paris Unveils the coming state of shared consciousness for humanity fueled by the sacred network Reveals how consciousness is a tangible form of energy First marked by the standing stones of our megalithic ancestors the world's sacred sites are not only places of spiritual energy but also hubs of cosmic energy and earthly energy Generation upon generation has recognized the power of these sites with the result that each dominant culture builds their religious structures on the same spots the Cathedral of Notre Dame in Paris for example was constructed over a Temple to Diana that in turn had been built over a stone pillar worshipped by the Gauls In The Sacred Network Chris Hardy shows how the world's sacred sites coincide with the intersections of energetic waves from the earth's geomagnetic field and how via their megaliths temples and steeples these sites act as antennae for the energies of the cosmos Delving

deeply in to Paris s sacred network she also explores the intricate geometrical patterns created by the alignments of churches and monuments such as pentagrams and Stars of David Revealing that consciousness is a tangible energy she explains how the sacred network is fueling an 8 000 year evolutionary cycle initiated by our megalithic ancestors that will soon culminate in a new state of shared consciousness for humanity [Atlantis and the Coming Ice Age](#) Frank Joseph,2015-03-16 Reveals the parallels between the rise and fall of Atlantis cultures in ancient Mesoamerica and our modern civilization Links the demise of Atlantis with the birth of the Olmec civilization in Mexico the beginning of the first Egyptian dynasty and the start of the Mayan Calendar Reveals the Atlantean and Mayan prophecy of an eternal cycle of global creation destruction and renewal and how we are headed into a destructive phase Shows how ancient prophecies correlate precisely with the latest climatology studies the rising incidence of solar flares and papers from Pentagon and NASA analysts With the passing of the Mayan Calendar s end date we can now focus on the true significance of what the Maya and their predecessors were trying to convey to future civilizations Frank Joseph reveals how the Mayan prophecy symbolized by their calendar was created through the combined genius of Atlantis and Lemuria and predicts an eternal cycle of global creation destruction and renewal He shows how this cycle correlates precisely with scientific studies on glacial ice cores and predictions from the Hopi the Incas and the Scandinavian Norse as well as the visions of Edgar Cayce He links the demise of Atlantis with the birth of the Olmec civilization in Mexico the progenitors of the Maya the beginning of the first Egyptian dynasty and the start of the Mayan Calendar Drawing on the latest climatology studies and papers from Pentagon and NASA analysts he reveals that we are on the brink of a destructive phase in the global cycle of change as predicted by the Atlanteans and the Maya The world s current political economic and cultural deterioration is paralleled by unprecedented storms and record temperatures massive solar flares tectonic disturbances and fissuring sea floors that could release dangerous reservoirs of methane gas into the environment all of which signals we are headed into another ice age Despite the Atlanteans greater understanding of the cyclical nature of catastrophes and of the human role in them Joseph reveals the mistakes they made that played a crucial role in their civilization s destruction By recognizing the self destructive patterns of Atlantis in our own civilization we can learn from their mistakes to reestablish civilization s cosmic balance before time runs out **Fear of Speaking the Unspeakable** Willa Lee Adkins,2014-12-15 Air ships UFOs abound in the El Capitan Mountains of New Mexico constantly vigilant in protecting the sacred secrets being held from mankind Here are the secret passages and rooms of the ancients the metropolis that once was here and the constant flow of space travelers who meet here to trade many things Our alien space families are here to teach us a new way of living Nephalem are the guardians of El Capitan Mountain yet Sunset Peak is inaccessible for them Why In 1998 I settled in the ghost town of White Oaks New Mexico located on the western end of the El Capitan Mountains There I met people who talk of mythical giants who once lived here of hidden treasure and ancient civilizations I believe we humans carry all history in our memory buried deep

within our DNA The time has come to remember this ancient memory to better understand upcoming events As far back as I can remember I have communicated telepathically with what I call the shadow people As a five year old child my father and I visited the UFO Museum in Roswell New Mexico What a surprise to find a replica of the little people that were and are my friends This is my life story of gathering the courage and having the faith to come forward and relate my experiences with extraterrestrials UFOs psychic healing unexplainable laser marks dimensional orbs and vortexes of energy The time has come to speak the unspeakable *The Spiral of Memory and Belonging* Frank MacEowen,2004 With his second book Frank MacEowen steps firmly into his role as a shamanic teacher showing readers how to find power and meaning through Celtic teachings Written for all those who have felt the tug of memory or a connection to some time and place that came before they lived this book explores Frank s trip to Ireland for a shamanic conference and his experiences of connecting with the land the faery people and the spirits that inhabit the land It explores the inner reaches of our connections to ancestors to the land to the mysteries shared in all life As Frank explores these depths he brings the reader along on the journey explaining what is happening and what he is experiencing and how this ties to the myths and deep meanings of the Celtic traditions The book continues on the mist filled path of Frank s first book exploring the teachings and beliefs of ancient Ireland and recasting them into language and stories that will appeal to today s readers Celtic spirituality is based on the oneness of all life and the sanctity of our Mother Earth *Coming Down from Above* Lee Irwin,2014-10-20 For longer than five centuries Native Americans have struggled to adapt to colonialism missionization and government control policies This first comprehensive survey of prophetic movements in Native North America tells how religious leaders blended indigenous beliefs with Christianity s prophetic traditions to respond to those challenges Lee Irwin gathers a scattered literature to provide a single volume overview that depicts American Indians creative synthesis of their own religious beliefs and practices with a variety of Christian theological ideas and moral teachings He traces continuities in the prophetic tradition from eighteenth century Delaware prophets to Western dream dance visionaries showing that Native American prophecy was not merely borrowed from Christianity but emerged from an interweaving of Christian and ancient North American teachings integral to Native religions From the highly assimilated ideas of the Puget Sound Shakers to such resistance movements as that of the Shawnee Prophet Irwin tells how the integration of non Native beliefs with prophetic teachings gave rise to diverse ethnotheologies with unique features He surveys the beliefs and practices of the nation to which each prophet belonged then describes his or her life and teachings the codification of those teachings and the impact they had on both the community and the history of Native religions Key hard to find primary texts are included in an appendix An introduction to an important strand within the rich tapestry of Native religions *Coming Down from Above* shows the remarkable responsiveness of those beliefs to historical events It is an unprecedented encyclopedic sourcebook for anyone interested in the roots of Native theology *Dream Catchers* Philip Jenkins,2005-12-01 In books such as *Mystics and Messiahs Hidden Gospels* and *The Next Christendom* Philip

Jenkins has established himself as a leading commentator on religion and society Now in *Dream Catchers* Jenkins offers a brilliant account of the changing mainstream attitudes towards Native American spirituality once seen as degraded spectacle now hailed as New Age salvation Jenkins charts this remarkable change by highlighting the complex history of white American attitudes towards Native religions considering everything from the 19th century American obsession with Hebrew Indians and Lost Tribes to the early 20th century cult of the Maya as bearers of the wisdom of ancient Atlantis He looks at the popularity of the Carlos Castaneda books the writings of Lynn Andrews and Frank Waters and explores New Age paraphernalia including dream catchers crystals medicine bags and Native themed Tarot cards He also examines the controversial New Age appropriation of Native sacred places and notes that many white indians see mainstream society as religiously empty An engrossing account of our changing attitudes towards Native spirituality *Dream Catchers* offers a fascinating introduction to one of the more interesting aspects of contemporary American religion **The Maya End Times** Patricia Mercier,2012-01-01 According to the Maya Prophecies the 5 000 yearFourth Age will come to it end in 2012 In a remarkable adventure which takes her all over Central South America and involves strange ceremonies at sacred pyramids scaling an active volcano and chases with drug runners Patricia Mercier attempts to discover whether 2012 will be the end of the world as know it or the dawning of a new golden age **Gaia Matrix** Peter William Champoux,1999 **Is the Sacred for Sale** Alison M Johnston,2014-10-14 Definitely a book that sheds light on perspectives and perceptions about today s global economy A must read for tourists and corporations alike also heads of state the media and environment groups all of whom need to be informed on this key subject Chief Garry John Chair and Spokesperson St at imc Chiefs Council an activist s call to action on behalf of people who have been made invisible in the merciless spread of globalization under corporate control Nina Rao Southern Co Chair of the Tourism Caucus at the UN Commission on Sustainable Development and Professor of Tourism A powerful and much needed tool to fight the seemingly all pervasive ignorance in the corporate and consumer driven world that continues to hail ecotourism and other tourism alternatives as beneficial to local people without looking at the root causes of problems Anita Pleumarom Tourism Investigation and Monitoring Team Bangkok Tourism is the fastest growing industry in the world Ecotourism often considered a more benign form of tourism can in fact cause the most damage as it targets more vulnerable environments and cultures *Is the Sacred for Sale* looks at our present crossroads in consumer society It analyses the big questions of tourism clarifying how tourism can support biodiversity conservation It also offers a cross cultural window to the divide between corporate thinking and sacred knowledge to help us understand why collisions over resources and land use are escalating Finally we have a full spectrum of information for healthy dialogue and new relationships This book is a profound wake up call to the business world and to decision makers who shape current policy It poses important questions to us all and is a must read for every tourist and traveller **Native Peoples of the World** Steven L.
