The Human Couple In The Fathers:

The Human Couple in the Fathers ,1999 **The Politics of Conjugal Love** Conor Sweeney,Brian T. Trainor,2019-06-27 Does the New Testament teach that a wife must submit to her husband as head If so does it have a lasting value beyond the cultural milieu in which it was first articulated **The Politics of Conjugal Love** takes a fresh approach to this classic issue in theological anthropology paying specific attention to the role of theological hermeneutics in its interpretation Conor Sweeney and Brian T Trainor contend that both subordinationist and anti subordinationist readings of headship and submission miss the mark Their alternative is a baptismally specified trinitarian reading in which headship and submission appear as modes intrinsic to both life in Christ and the love proper to the highest mode of trinitarian love **The Human Mosaic** Mona Domosh,Terry G. Jordan-Bychkov,Roderick P. Neumann,Patricia L. Price,2012 **Father Abraham's Many Children** Tyler D. Mayfield,2022-01-04 Reframing religious diversity through the stories of Cain Ishmael and Esau The way we read the Bible matters for the way we engage the pluralistic world around us For instance if we understand the book of Genesis as narrowly focused on primary characters like Abraham Isaac Jacob and Joseph we ll miss the larger story and end up with the impression that God only cares about those who are chosen In fact the narratives of marginalized biblical characters reveal that God protects and provides for them also What might this mean for Christians living in a world of religious difference today In **Father Abraham s Many Children** Tyler Mayfield reflects on the stories of three of the most significant other brothers in the Bible namely on God s continued engagement with Cain after he murders Abel Ishmael s circumcision as a sign of God s covenant and Esau s reconciliation with Jacob From these stories Mayfield draws out a more generous theology of religious diversity so that Christians might be better equipped to authentically love their neighbors of multiple faith traditions as God loves and has always loved all humanity **The Human Mosaic** Terry G. Jordan-Bychkov,2005-08-19 Carrying forward the legacy of original author Terry Jordan Bychkov Mona Domosh and new coauthors Roderick Neumann and Patricia Price offer this thoroughly updated new edition of the acclaimed introduction to the cultural geography of the world today The result is a text that maintains its original distinctive style while addressing contemporary issues and situations that students care about most importantly the continuing phenomenon of globalization **The Thematic Approach of The Human Mosaic** The Human Mosaic introduces five themes in the opening chapter culture region cultural diffusion cultural ecology cultural interaction and cultural landscape then uses those themes as a framework for the topical chapters that follow Each theme is applied to a variety of geographical topics demography agriculture the city religion language ethnicity politics industry folk and popular culture Through this organization students are able to relate to the most important aspects of cultural geography at every point in the text **In My Father's House** Anthony Appiah,1992 In this vastly important widely acclaimed volume Appiah a Ghanaian philosopher who now teaches at Harvard explores what it means to be an African American on the many preconceptions that have muddled discussions of face Africa and

Afrocentrism since the end of the 19th century A New York Times Notable Book of the Year **In My Father's House** Kwame Anthony Appiah, 1993-05-27 The beating of Rodney King and the resulting riots in South Central Los Angeles The violent clash between Hasidim and African Americans in Crown Heights The boats of Haitian refugees being turned away from the Land of Opportunity These are among the many racially charged images that have burst across our television screens in the last year alone images that show that for all our complacent beliefs in a melting pot society race is as much of a problem as ever in America In this vastly important widely acclaimed volume Kwame Anthony Appiah a Ghanaian philosopher who now teaches at Harvard explores in his words the possibilities and pitfalls of an African identity in the late twentieth century In the process he sheds new light on what it means to be an African American on the many preconceptions that have muddled discussions of race Africa and Afrocentrism since the end of the nineteenth century and in the end to move beyond the idea of race In My Father's House is especially wide ranging covering everything from Pan Africanism to the works of early African American intellectuals such as Alexander Crummell and W E B Du Bois to the ways in which African identity influences African literature In his discussion of the latter subject Appiah demonstrates how attempts to construct a uniquely African literature have ignored not only the inescapable influences that centuries of contact with the West have imposed but also the multicultural nature of Africa itself Emphasizing this last point is Appiah's eloquent title essay which offers a fitting finale to the volume In a moving first person account of his father's death and funeral in Ghana Appiah offers a brilliant metaphor for the tension between Africa's aspirations to modernity and its desire to draw on its ancient cultural roots During the Los Angeles riots Rodney King appeared on television to make his now famous plea People can we all get along In this beautiful elegantly written volume Appiah steers us along a path toward answering a question of the utmost importance to us all The Church Fathers in Arabic Translations Alexander Treiger, 2024-12-23 This volume tells the story of the Arabic translations of the Church Fathers By tracing the history of major translation centres such as Palestine Sinai and Antioch it describes how Middle Eastern Christians translated into Arabic preserved and engaged with their Patristic heritage In addition to well known authors such as Gregory of Nazianzus Ephrem the Syrian and Dionysius the Areopagite the volume presents a Patristic treatise written in Greek but preserved only in Arabic the Noetic Paradise Finally by reconstructing a lost Arabic Dionysian paraphrase used by the Muslim theologian al Ghazali the volume explores Patristic influences on Islamic thought **I Don't** Susan Squire, 2011-01-15 For 10 000 years marriage and the idea of marriage has been at the very foundation of human society In this provocative and ambitious book Susan Squire unravels the turbulent history and many implications of our most basic institution Starting with the discovery long before recorded time that sex leads to paternity and hence to couplehood and leading up to the dawn of the modern love marriage Squire delves into the many ways men and women have come together and what the state of their unions has meant for history society and politics especially the politics of the home This book is the product of 13 years of intense research but even more than the

intellectual scope what sets it apart is Squire's voice and contrarian boldness Learned, acerbic, opinionated and funny she draws on everything from Sumerian mythology to Renaissance theater to Victorian housewife's manuals sometimes all at the same time to create a vivid kaleidoscopic view of the many things marriage has been and has meant The result is a book that will provoke and fascinate readers of all ideological stripes feminists traditionalists conservatives and progressives alike

needs of the small number of Catholic Christians who have settled there He was strong in his Christian convictions and accordingly succeeded in establishing a full fledged Catholic Church with St Joseph as its patron He succeeds in instilling Christian discipline among his handful of Catholic laity and ingraining deep Christian values in them The moral fibre so strongly woven by the previous priest gradually begins to get loosened and the second priest's stature displays a downward slide This has repercussions on the laity as well which by that time had swelled into a large community Dr Naa D Souza has woven a fine story of three generations of Christians which in the end sees its decadence Indeed this Novel is an interesting story spread over three generations that from the pinnacle of its glory sinks into its moral quagmire Readers who peruse through it would surely be taken on a voyage through Christian family life their struggles and strains their joys and sorrows and also their wayward lives and amoral alliances which are so effectively portrayed **Ways of Baloma** Mark S.

Mosko, 2017-11-15 Bronislaw Malinowski's path breaking research in the Trobriand Islands shaped much of modern anthropology's disciplinary paradigm Yet many conundrums remain For example Malinowski asserted that baloma spirits of the dead were responsible for procreation but had limited influence on their living descendants in magic and other matters claims largely unchallenged by subsequent field investigators until now Based on extended fieldwork at Omarakana village home of the Tabalu Paramount Chief Mark S Mosko argues instead that these and virtually all contexts of indigenous sociality are conceived as sacrificial reciprocities between the mirror worlds that baloma and humans inhabit Informed by a synthesis of Strathern's model of dividual personhood and Lévy Bruhl's theory of participation Mosko upends a century of discussion and debate extending from Malinowski to anthropology's other leading thinkers His account of the intimate interdependencies of humans and spirits in the cosmic generation and coordination of life, momova and death kaliga strikes at the nexus of anthropology's received wisdom and Ways of Baloma will inevitably lead practitioners and students to reflect anew on the discipline's multifold theories of personhood, ritual agency and sociality **Father and Son** Jonathan
