The Charge Mark Adkin, 2004 A definitive and highly readable account of the charge of the Light Brigade at Balaclava in the Crimean War brought fully up to date to mark the 150th anniversary The charge of the Light Brigade is one of Britain's best known glorious military disasters On 25 October 1854 during the siege of Sebastopol the Light Brigade attacked Russian gun positions at Balaclava The charge lasted 7 minutes of 673 officers and men who went into action 247 men and 497 horses were lost This book shatters many long held conceptions of how and why it happened and who was to blame Mark Adkin a former professional soldier has combined military expertise and detailed research of participants accounts with a careful examination of the actual ground His story switches carefully from the strategic and tactical problems of the battlefield to what it was like for the trooper riding down the valley or a Russian gunner serving his cannon Through the novel use of sketches the reader can at every stage look down on the battlefield from the same position as that used by the British commander in chief Lord Raglan He sees the situation as Raglan saw it when he gave his order that launched the Brigade down the valley of death Raglan gave the order Captain Nolan delivered it Lord Lucan received it and the Earl of Cardigan executed it History has disagreed over the share of the blame This book makes a masterly analysis of the probabilities and discusses factors previously overlooked There is a cogent argument never made before that the blunder was deliberate The result is a gripping and definitive study of a debacle that has never ceased to enthral the imagination

The Charge of the Light Brigade John Grehan, 2017-03-30 A compelling portrait of the fateful Crimean War cavalry charge told through the soldiers own words Historical Novels Review The most notorious and most contentious cavalry charge in history still remains an enigma Though numerous books have been written about the charge all claiming to reveal the truth or to understand the reason why exactly what happened at Balaklava on October 25 1854 continues to be fiercely debated Voices from the Past *The Charge of the Light Brigade* relives that fateful day not through the opinions of historians but from the words of those that were there This is the story of the charge told by the soldiers of both sides in the most detailed description of the Battle of Balaklava yet written Gallop with the light dragoons and lancers into the mouths of the Russian cannon as the shells and cannonballs decimate their ranks Read of the desperate efforts to return down the Valley of Death as the enemy pressed around the remnants of the Light Brigade and of the nine Victoria Crosses won that day Possibly more

significant are the accusations and counter arguments that followed the loss of the Light Brigade Just who was responsible for that terrible blunder The leading figures all defended their own positions leading to presentations in Parliament and legal action Yet one of those senior figures made an astonishing admission immediately after the battle only to change his story when the charge became headline news Just who was it that made the fatal error that cost the British Army its Light Brigade Quotations from contemporary sources skillfully woven together How literate those Victorians were even the private soldiers
