Second Edition, Revised* Howard Staunton,1861 **The Methuen Drama Handbook of Theatre History and Historiography**

Claire Cochrane,Jo Robinson,2019-10-31 Shortlisted for the 2021 TaPRA Edited Collection Prize The Methuen Drama

Handbook of Theatre History and Historiography is an authoritative guide to contemporary debates and practices in this field. The book covers the key themes and methods that are current in theatre history research with a particular focus on expanding the object of study to include engagement with theatre and performance practices and the development of theatre histories around the world. Central to the book are eighteen specially commissioned essays by established and emerging scholars from a wide range of international contexts whose discussion of individual case studies is predicated on their understanding and experience of their local landscape of theatre history. These essays reveal where important work continues to be done in the field and most valuably draws on academic contexts beyond the Western academy to expand our knowledge of the exciting directions that such an approach opens up. Prefaced by an introduction tracing the development of the discipline of theatre history and changing historiographical approaches, the Handbook explores current issues pertaining to theatre and performance history research as well as providing up to date and robust introductions to the methods and historiographic questions being explored by researchers in the field. Featuring a series of essential research tools including a detailed list of resources and an annotated bibliography of key texts, this is an indispensable scholarly handbook for anyone working in theatre and performance history and historiography.
