The China Russia Papers:

The China/Russia Papers Roy Kammerman,1972-01-01 **The China-Russia Relationship** Robert Hamilton,2024-10-24 This book takes a new approach to examining the relationship between China and Russia departing from the standard debate over whether the relationship is a true strategic partnership or merely an axis of convenience Instead the book argues that the best way to gain an understanding of ties between Beijing and Moscow is to watch how they interact on the ground in regions of the world where they both have important interests at stake It provides an in depth analysis of Chinese Russian interaction in Africa Central Asia and East Asia as well as an analysis of China s response to Russia s invasion of Ukraine The picture of the relationship that emerges portrays its dynamic complex and contingent nature and reveals areas of convergence and divergence between these two powers In doing so it provides a new perspective useful to both scholars and policymakers **The China White Paper** United States. Dept. of State,1967 A Stanford University Press classic **The Rise of China and the China-Russia Strategic Partnership** Lei Yu,2025-02-08 This book argues that China s quest for a strategic partnership with Russia reveals the country s desire to create a geopolitical environment in favour of their country s re emergence as a great power at the systemic global level The partnership with its no limit is expected to help China counterbalance its perceived US containment and reshape the US dominated world order By intensifying Sino Russian economic and energy cooperation and trade in the framework of the partnership China attempts to gain entry to Russia s markets and particularly its energy resources to sustain its economic growth that is viewed by Deng Xiaoping as the basis underlying China s hard power and particularly its military capabilities By intensifying their military collaboration China seeks to gain entry to Russia s military weaponry and technology for the modernization of the People s Liberation Army PLA and work together with Russia to contain their perceived US unilateralism hegemonism and interventionism The Chinese foreign policy elites increasingly view US unilateralism and hegemonism as detrimental to China s core interests e g its territorial integrity and national rejuvenation This sheds light on why the Chinese foreign policy elites conceive the China Russia partnership as vital for China s peaceful development commonly known as peaceful rise overseas and the ballast stone for global peace and strategic stability This book will be of interest to sinologists and scholars of China s foreign policy **Trust and Mistrust in the Economies of the China-Russia Borderlands** Caroline Humphrey,2025-10-01 The first English language book to focus on northeast Sino Russian border economies Trust and Mistrust in the Economies of the China Russia Borderlands examines how trans border economies function in practice The authors offer an anthropological understanding of trust in juxtaposition to the economy and the state They argue that the history of suspicion and the securitised character of the Sino Russian border mean that trust is at a premium The chapters show how diverse kinds of cross border business manage to operate often across great distances despite widespread mistrust *The Future of China-Russia Relations* James Bellacqua,2010-09-12 Relations between China and Russia have evolved

dramatically since their first diplomatic contact particularly during the twentieth century During the past decade China and Russia have made efforts to strengthen bilateral ties and improve cooperation on a number of diplomatic fronts The People's Republic of China and the Russian Federation maintain exceptionally close and friendly relations strong geopolitical and regional cooperation and significant levels of trade In The Future of China Russia Relations scholars from around the world explore the current state of the relationship between the two powers and assess the prospects for future cooperation and possible tensions in the new century The contributors examine Russian and Chinese perspectives on a wide range of issues including security political relationships economic interactions and defense ties This collection explores the energy courtship between the two nations and analyzes their interests and policies regarding Central Asia the Korean Peninsula and Taiwan
