The Federal Civil War Shelter Tent Frederick C. Gaede, 2001-01-01 *The Business of Civil War* Mark R. Wilson, 2006-07-15 Publisher Description **The Howling Storm** Kenneth W. Noe, 2020-10-07 Finalist for the Lincoln Prize Winner of the Colonel Richard W Ulbrich Memorial Book Award Traditional histories of the Civil War describe the conflict as a war between North and South Kenneth W Noe suggests it should instead be understood as a war between the North the South and the weather In *The Howling Storm* Noe retells the history of the conflagration with a focus on the ways in which weather and climate shaped the outcomes of battles and campaigns He further contends that events such as floods and droughts affecting the Confederate home front constricted soldiers food supply lowered morale and undercut the government's efforts to boost nationalist sentiment By contrast the superior equipment and open supply lines enjoyed by Union soldiers enabled them to cope successfully with the South's extreme conditions and ultimately secure victory in 1865 Climate conditions during the war proved unusual as irregular phenomena such as El Niño La Niña and similar oscillations in the Atlantic Ocean disrupted weather patterns across southern states Taking into account these meteorological events Noe rethinks conventional explanations of battlefield victories and losses compelling historians to reconsider long held conclusions about the war Unlike past studies that fault inflation taxation and logistical problems for the Confederate defeat his work considers how soldiers and civilians dealt with floods and droughts that beset areas of the South in 1862 1863 and 1864 In doing so he addresses the foundational causes that forced Richmond to make difficult and sometimes disastrous decisions when prioritizing the feeding of the home front or the front lines *The Howling Storm* stands as the first comprehensive examination of weather and climate during the Civil War Its approach coverage and conclusions are certain to reshape the field of Civil War studies **Constructing Image, Identity, and Place** Alison K. Hoagland, Kenneth A. Breisch, 2003 Although vernacular architecture scholarship has expanded beyond its core fascination with common buildings and places its attention remains fixed on the social function of building Consistent with this expansion of interests *Constructing Image Identity and Place* includes essays on a wide variety of American building types and landscapes drawn from a broad geographic and chronological spectrum Subjects range from examinations of the houses hotels and churches of America's colonial and Republican elite to analyses of the humble cottages of Southern sharecroppers and mill workers Mississippi juke joints and the ephemeral rustic arbors and bowers erected by Civil War soldiers Other contributors examine or reexamine the form of early synagogues in Georgia colonial construction technologies in the Chesapeake the appropriation and use of storefront windows by San Francisco suffragists and the evolution of the modern factory tour Other decidedly twentieth century topics include the impact of the automobile on American building forms and landscapes including parkways drive in movie theaters and shopping malls Drawn from the Vernacular Architecture Forum conferences of 1998 and 1999 these seventeen essays represent the broad range of topics and methodologies current in the field today The

volume will introduce newcomers to the breadth and depth of vernacular architecture while also bringing established scholars up to date on the field's continued growth and maturation. Campaigning with Uncle Billy Robert I. Girardi, 2008-10-17 Campaigning with Uncle Billy is the memoir of the service of Sgt Lyman S Widney of Illinois who served throughout the Civil War with the 34th Illinois Infantry. Widney's account of his wartime service is based on the diary he kept during the conflict. As a regimental clerk he was in a position to meet many prominent people and to know the plans and thinking of the command staff. Widney's narrative is personal, highly detailed, vividly descriptive and accurate. He writes with emotion and humor. He details the life of the volunteer soldiers as they enlist, adapt to military life and learn the trade of soldiering. His descriptions of the horrors of the battlefield, its grisly aftermath and the toll that sickness exacted on the rank and file is highly personal. Through Widney's eyes we explore the countryside, tour Mammoth Cave, learn firsthand about combat and sickness and endure life in the trenches in the relentless fighting of the Atlanta Campaign and the grueling March to the Sea and through the Carolinas. Widney's memoir is a worthy addition to the literature of the Civil War from the point of view of the common soldier. [Moving Mountains](#) Jonathan K. Rice, 2011-02-23 The germ of this document began with two questions: how much does it take to supply a Civil War army? the Army of the Potomac has the best records so it is used as the exemplar and since we are dealing with the 19th century man the numbers for other armies Northern Virginia Cumberland Tennessee should be pretty much the same and how does it work? The results of the study are more or less complete but there is a host of unanswered questions: Are wagons designated by regiment, brigade, division, corps? photographic evidence suggests that some wagons had some sort of designation painted on their white tops. Does the same wagon always carry the same supply? Forage, the single most common supply unit, rations, administrative furniture, desks, cooking equipment, files, ammunition: are wagons specifically designated by battery? are there general artillery ammunition wagons? Are wagons carrying mixed loads: 3 rifles, 12 pound Napoleons, Parrot guns? I did not find the answers and these questions are left for other writers to research and answer. *The Historical Archaeology of Military Sites* Clarence Raymond Geier, Lawrence E. Babits, Douglas Dowell Scott, David G. Orr, 2010-12-15 The recent work of anthropologists, historians and historical archaeologists has changed the very essence of military history. While once preoccupied with great battles and the generals who commanded the armies and employed the tactics, military history has begun to emphasize the importance of the common man for interpreting events. As a result, military historians have begun to see military forces and

the people serving in them from different perspectives The Historical Archaeology of Military Sites has encouraged efforts to understand armies as human communities and to address the lives of those who composed them Tying a group of combatants to the successes and failures of their military commanders leads to a failure to understand such groups as distinct social units and in some instances self supporting societies structured around a defined social and political hierarchy regulated by law needing to be supplied and nurtured and often at odds with the human community whose lands they occupied be they those of friend or foe The Historical Archaeology of Military Sites will afford students professionals dealing with military sites and the interested public examples of the latest techniques and proven field methods to aid understanding and conservation of these vital pieces of the world s heritage **Civil War Collector's Encyclopedia** Francis A. Fritsch,2012-08-21 Told in unflinching detail this is the story of the Twenty Ninth Ohio Volunteer Infantry also known as the Giddings Regiment or the Abolition Regiment after its founder radical abolitionist Congressman J R Giddings The men who enlisted in the Twenty Ninth OVI were according to its lore handpicked to ensure each was as pure in his antislavery beliefs as its founder Whether these soldiers would fight harder than other soldiers and whether the people of their hometowns would remain devoted to the ideals of the regiment were questions that could only be tested by the experiment of war The Untried Life is the story of these men from their very first regimental formation in a county fairground to the devastation of Gettysburg and the march to Atlanta and back again enduring disease and Confederate prisons It brings to vivid life the comradeship and loneliness that pervaded their days on the march Dozens of unforgettable characters emerge animated by their own letters and diaries Corporal Nathan Parmenter whose modest upbringing belies the eloquence of his writings Colonel Lewis Buckley one of the Twenty Ninth s most charismatic officers and Chaplain Lyman Ames whose care of the sick and wounded challenged his spiritual beliefs The Untried Life shows how the common soldier lived his entertainments methods of cooking medical treatment and struggle to maintain family connections and separates the facts from the mythology created in the decades after the war The Commercial & Financial Chronicle ,1919
