The Female Orgasm Seymour Fisher, 1973 [The Female Orgasm](#) Seymour Fisher, 1973 [The Hite Report](#) Shere Hite, 2011-01-04 A reproduction of the classic text unavailable now for more than a decade with a new introduction by the author The Hite Report first published in 1976 was a sexual revolution in six hundred pages To answer sensitive questions dealing with the most intimate details of women's sexuality Hite's innovation was simple she asked women a lot of them everything and published the results One hundred thousand women ages fourteen to seventy eight were asked what they do and don't like about sex how orgasm really feels with and without intercourse how it feels not to have an orgasm during sex the importance of clitoral stimulation and masturbation and to name the greatest pleasures and frustrations of their sexual lives among many other questions The Hite Report declares that orgasm is easy and strong for women given the right stimulation that most women have orgasm most easily during masturbation or clitoral stimulation by hand that sex as we define it is a cultural institution not a biological one and that attitudes must change to include the stimulation women desire

The Case of the Female Orgasm Elisabeth A. Lloyd, 2009-07 Why women evolved to have orgasms when most of their primate relatives don't is a persistent mystery among evolutionary biologists In pursuing this mystery Lloyd arrives at another How could anything as inadequate as the evolutionary explanations of the female orgasm have passed muster as science [Female Arousal and Orgasm: Anatomy, Physiology, Behaviour and Evolution](#) Donald Lambert Jesse Quicke, 2023-12-28 Female Arousal and Orgasm Anatomy Physiology Behaviour and Evolution is the first comprehensive and accessible work on all aspects of human female sexual desire arousal and orgasm The book attempts to answer basic questions about the female orgasm and questions contradictory information on the topic The book starts with a summary of important early research on human sex before providing detailed descriptions of female sexual anatomy histology and neuromuscular biology It concludes with a discussion of the high heritability of female orgasmicity and evidence for and against female orgasm providing an evolutionary advantage The author has attempted to gather as much information on the subject as possible including medical images anonymized survey data and previously unreported trends The groundbreaking book gives a scientific perspective on sexual arousal in women and helps to uncover information gaps about this fascinating yet complex phenomenon Readership Biologists general readers psychologists [An Existentialist Theory of the Human Spirit \(Volume 1\)](#) Shlomo Giora Shoham, 2020-07-22 This first volume examines how sexual mores and behavior religious dogma and practice and artistic creativity and authenticity have influenced and been influenced by the existentialist thought of Kierkegaard Heidegger Sartre Nietzsche Husserl and Buber and the writings of Camus Dostoevsky Beckett Kafka and Shestov It compares the author's personality theory with those of Freud Jung Fairbairn Karl Abraham and Melanie Klein and Buddhist Gnostic Christian and Muslim mysticism with Jewish Kabbalah It explains society's harsh treatment of Carlo Gesualdo Vincent van Gogh and Antonin Artaud and analyzes the existentialist approach to existence absurdity human

dialogue and suicide It will appeal to students and professionals in fields as diverse as philosophy psychology sociology anthropology religion law music art drama literature and biology *Adolescent Suicidal Behavior* David K. Curran,2014-05-12 First published in 1987 This comprehensive book addresses the problem of adolescent suicidal behavior in America today It devotes a great deal of attention to sublethal acts or suicide attempts rather than committed suicides This study establishes a progression that discusses the scope and magnitude of the problem and an exploration of the meaning and reasons for adolescent suicide in the individual case **Synaesthesia** Michael Banissy,Roi Cohen Kadosh,Clare Jonas,2015-10-07 Synaesthesia is a rare experience in which one property of a stimulus evokes a secondary experience that is not typically associated with the first e g hearing words can evoke tastes In recent years a number of studies have highlighted the authenticity of synaesthesia and attempted to use the experience to inform us about typical processes in perception and cognition This Research Topic brings together research on synaesthesia and typical cross modal interactions to discuss the mechanisms of synaesthesia and what it can tell us about typical perceptual processes Topics include but are not limited to the neurocognitive mechanisms that give rise to synaesthesia the extent to which synaesthesia does does not share commonalities with typical cross modal correspondences broader cognitive and perceptual consequences that are linked to synaesthesia and perspectives on the origins defining characteristics of synaesthesia New Sex Therapy Helen Singer Kaplan,2013-10-28 First published in 1975 The last two decades have brought remarkable advances in our knowledge of human sexuality These data are in the process of being assimilated into the main body of psychiatric thought which is being greatly enriched thereby Our increased understanding of sexuality is also currently being translated into innovative new approaches to the treatment of sexual difficulties These developments promise relief to many persons with distressing sexual problems who were previously thought to be beyond help At the present time the specific approach to sex therapy described in this volume is being employed further developed and most important systematically evaluated at the Sex Therapy and Education Program of the Payne Whitney Psychiatric Clinic of the Cornell University New York Hospital Center The Cornell program is psychiatrically oriented It regards sex therapy as a specialized branch of psychotherapy The Clinic conceives of sexual dysfunctions as psychosomatic symptoms and it s orientation is multicausal and eclectic in that it believes that sexual dysfunctions are the product of multiple etiologic factors and our treatment armamentarium comprises an amalgam of experiential behavioral and dynamically oriented modalities Fathering the ADHD Child Edward H. Jacobs,1998 Fathers and mothers do not experience or handle parenting the same way In the case of the ADHD child for whom consistency is so important differences in the way parents regard behavior discipline and ADHD itself often get in the way of their working effectively as a team Clinical psychologist Edward H Jacobs recognizes the needs and perspectives particular to fathers and he suggests how differences can be harnessed to strengthen and enrich the parenting team to benefit the ADHD child *At Home with Pornography* Jane Juffer,1998-07-01 Twenty five years after the start of the

feminist sex wars pornography remains a flashpoint issue with feminists locked in a familiar argument Are women victims or agents In *At Home with Pornography* Jane Juffer exposes the fruitlessness of this debate and suggests that it has prevented us from realizing women's changing relationship to erotica and porn Over the course of these same twenty five years there has been a proliferation of sexually explicit materials geared toward women made available in increasingly mainstream venues In asking what is the relationship of women to pornography Juffer maintains that we need to stop obsessing over pornography's transgressive aspects and start focusing on the place of porn and erotica in women's everyday lives Where she asks do women routinely find it for how much and how is it circulated and consumed within the home How is this circulation and consumption shaped by the different marketing categories that attempt to distinguish erotica from porn such as women's literary erotica and sexual self help videos for couples *At Home with Pornography* responds to these questions by viewing women's erotica within the context of governmental regulation that attempts to counterpose a dangerous pornography with the sanctity of the home Juffer explores how women's consumption of erotica and porn for their own pleasure can be empowering while still acting to reinforce conservative ideals She shows how for instance the Victoria's Secret catalog is able to function as a kind of pornography whose circulation is facilitated both by its reliance on Victorian themes of secrecy and privacy and on its appeals to the selfish pleasures of modern career women In her pursuit to understand what women like and how they get it Juffer delves into adult cable channels erotic literary anthologies sex therapy guides cyberporn masturbation and sex toys showing the varying degrees to which these materials have been domesticated for home consumption Representing the next generation of scholarship on pornography *At Home with Pornography* will transform our understanding of women's everyday sexuality

Understanding Asexuality Anthony F. Bogaert, 2015-03-06 Asexuality can be defined as an enduring lack of sexual attraction Thus asexual individuals do not find and perhaps never have others sexually appealing Some consider asexuality as a fourth category of sexual orientation distinct from heterosexuality homosexuality or bisexuality However there is also recent evidence that the label asexual may be used in a broader way than merely as a lack of sexual attraction People who say they have sexual attraction to others but indicate little or no desire for sexual activity are also self identifying as asexual Distinct from celibacy which refers to sexual abstinence by choice where sexual attraction and desire may still be present asexuality is experienced by those having a lack of sexual attraction or a lack of sexual desire More and more those who identify as asexual are coming out joining up and forging a common identity

The time is right for a better understanding of this sexual orientation written by an expert in the field who has conducted studies on asexuality and who has provided important contributions to understanding asexuality This timely resource will be one of the first books written on the topic for general readers and the first to look at the historical biological and social aspects of asexuality It includes firsthand accounts throughout from people who identify as asexual The study of asexuality as it contrasts so clearly with sexuality also holds up a lens and reveals clues to the mystery of sexuality

The Psychology of Adaptation To Absurdity Seymour Fisher, Rhoda L. Fisher, Rhoda Fisher, 2014-02-25 The major goal of this book is to explore and integrate all that is scientifically known about the utility of magical plans and strategies for coping with life's inevitable absurdities Make believe has great adaptive value and helps the average individual to function better in cultures saturated with puzzling contradictions This book traces the origins of pretending illusion construction and the developmental phases of this skill Further it analyzes how parents depend on pretending to secure conformity and self control from their children It unravels the ways in which make believe is utilized to defend against death anxiety and feelings of fragility It examines the relationship between pretending and the classical defense mechanisms and particularly weighs the evidence bearing on the potential protective power of embracing religious beliefs Finally it defines the diverse contributions of make believe to the construction of the self concept the defensive maneuvers typifying psychopathology and the maintenance of somatic health In short this book pulls together a spectrum of scientific information concerning the defensive value of illusory make believe in coping with those aspects of life such as death loss suffering and injustice that are experienced as unreasonable and beyond understanding The volume is unique not only in the breadth of the literature it analyzes but also in demonstrating the contribution of make believe to both the psychological and somatic aspects of behavior No previous work has documented in such detail and across so many domains how basic the capacity to engage in make believe is to human adaptation
