The Fertility Question Margaret Nofziger,1982 Family Questions Allan Carlson,1991-07-01 Drawing upon evidence from different fields Carlson offers a number of provocative explanations to the American crisis in the family In his search for a solution he borrows from a number of traditions conservatism feminism socialism and Marxism **Annual Report of the Illinois Farmers' Institute** Illinois Farmers' Institute,1902 *Michigan State Farmers' Institutes* Michigan. State Board of Agriculture,1898 **Institute Bulletin ...** Michigan. Farmers' Institutes,1898 Michigan State Agricultural College Farmers' Institutes Michigan. State Board of Agriculture,1898 **International Handbook on Gender and Demographic Processes** Nancy E. Riley,Jan Brunson,2018-05-02 This handbook presents a comprehensive and up to date overview of gender in demography addressing the many different influences of gender that arise from or influence demographic processes It collects in one volume the key issues and perspectives in this area whereby demography is broadly defined The purpose in casting a wide net is to cover the range of work being done within demography but at the same time to open up our perspectives to neighboring fields to encourage better conversations around these issues The chapters in this handbook carefully document definition and measurement issues and take up parts of the demographic picture and focus on how gender plays a role in outcomes In other cases gender often plays a cross cutting role in social processes rather than having a single or easily distinguishable role it often combines with other social institutions and even other statuses and inequalities to affect outcomes Thus a key factor in this volume is how gender interacts with race ethnicity class nationality and sexuality in any demographic setting While each section contains chapters that are broad overviews of the current state of knowledge and behavior the handbook also includes chapters that focus on specific cultures or events in order to examine how gender operates in a particular circumstance **NLS News** ,2006 *OMB Review of CDC Research* ,1986 **Agriculture of Pennsylvania** ,1889 **Population Geography: Progress & Prospect (Routledge Revivals)** Michael Pacione,2013-10-14 First published in 1986 this book presents a comprehensive overview of the contemporary state of knowledge in the field of population geography It discusses the contemporary state of the art and surveys new research developments and new thinking in the major branches of the subject It thereby provides an introductory guide to contemporary trends and forms a reference point for future development in the subject 100 Questions & Answers About Infertility John D. in Japan With a focus on impact demographic shifts Sawako Shirahase examines female labour market participation income inequality among households with children the state of the family generational change single person households and income distribution among the aged and asks whether increasing inequality and is uniquely Japanese or if it is a social problem common across all of the societies included in this study Crucially this book shows that Japan is distinctive not in terms of the degree of inequality in the society but rather in how acutely inequality is perceived Further the data shows that Japan differs from the other countries examined in terms of the gender gap in both the labour market and the family and in inequality among single person households single men and women including lifelong bachelors and spinsters and also among single parent households who pay a heavy price for having deviated from the expected pattern of life in Japan Drawing on extensive empirical data this book will be of great interest to students and scholars interested in Japanese culture and society Japanese studies and social policy more generally
