survived the denazification process because it became a nonsense that those who hoped he would assume a leadership in postwar Germany were disappointed by his inability to accept the new Europe and that he died in ignominy The book is a re appraisal of Kesselring and demythologises many deeply held concepts of the period between 1930 and 1960 The Memoirs of Field-Marshal the Viscount Montgomery of Alamein, K.G. Bernard Law Montgomery, 1958 Montgomerys selvbiografi og beskrivelse af begivenheder fra hans liv og karriere i den engelske h r sluttende med etableringen af NATO organisationen efter 2 verdenskrig **Military Memoirs of Field Marshal** Moyle Sherer, 1830 *The Personal Memoirs of Joffre, Field Marshal of the French Army, Vol. II* Joseph Jacques Cesaire Joffre, Colonel S. Baxter, 1999-10-30 In the desperate summer of 1942 Hitler seemed to be on the verge of victory in Russia and the Middle East With Rommel nearing Cairo a little known lieutenant general Bernard Montgomery took charge of what Churchill called a baffled and bewildered British 8th Army Assuming command Montgomery issued his famous order Here we will stand and fight If we can t stay here alive then let us stay here dead and led the Army to one of the Allies greatest victories El Alamein Monty became an instantly

recognizable Allied leader but as a man with strong views unbending principles and outspoken frankness he was both loved and disliked praised and criticized This bibliography presents and evaluates the extensive body of literature that has grown up around the controversial Field Marshal Any serious study of World War II military campaigns must confront Field Marshal Bernard Montgomery an individualist with both admirers and detractors This book provides an extensive historiographical overview of the literature in Part I and a bibliography of significant works in Part II It is a basic reference and research guide for the student scholar and general reader

Mau Mau Memoirs Marshall S. Clough, 1998 Clough history U of Northern Colorado analyzes 13 personal accounts by Kenyans in order to make a case for not only their historical value but their role in the struggle to define the importance of Mau Mau within Kenyan historiography and politics He argues that the recollections of the authors whose experiences ranged from organizing the secret movement to supplying the guerillas to active fighting to resistance in the British detention camps serve to refute both the British and Kenyan versions of the revolt

Field Marshal Von Manstein Marcel Stein, 2007-02 Most military historians are in agreement that Feldmarschall Erich von Manstein was the most outstanding German high commander of the Second World War Many view him as the foremost exponent of large scale mobile operations in any of the Second World War armies Surprisingly no biography of him has yet been written To this day his family refuses to release the papers of his estate to the German military archives at Freiburg Furthermore the contradictions in the personality of von Manstein make it difficult to generate a synthesis On one side there is an extraordinary military talent on the other many political and moral aspects His military achievements stand in sharp contrast to his inhumane policy of occupation in Russia his active participation in the slaughter of Jews in Southern Ukraine and the Crimea and his ambivalent attitude to the military resistance movement These contradictions have led the author to describe Manstein as the Janushead the term chosen for the title of the book He has not written a traditional biography but a portrait A complete account of all phases of Mansteins career is given in one chapter seven more chapters deal extensively with milestones in Mansteins career his successful plan for the battle of France which led to the defeat of the French Army in less than one month his dereliction of duty during the battle for Stalingrad his hubris which led to the disaster of the battle for Kursk his refusal to take part in the military resistance movement his compliance with the Commissar order and his involvement in the Holocaust he author has widened the subject well beyond the personality of its central figure It shows how the Nazi system step by step succeeded in perverting the centuries old traditions of the Prussian and German officer corps

Wellington's Command George E. Jaycock, 2020-01-19 A military historian assesses the leadership style of the man who defeated Napoleon The Duke of Wellington s victory at the Battle of Waterloo cemented his reputation as a great general and much subsequent writing on his career has taken an uncritical sometimes chauvinistic view of his talents Little has been published that fully pins down

the reality of Wellington's leadership clearly identifying his weaknesses as well as his strengths George E Jaycock in this perceptive and thought provoking reassessment does not aim to undermine Wellington's achievements but to provide a more nuanced perspective He clarifies some simple but fundamental truths regarding his leadership and his performance as a commander Through an in depth study of his actions over the war years of 1808 to 1815 the author reassesses Wellington's effectiveness as a commander the competence of his subordinates and the qualities of the troops he led His study gives a fascinating insight into Wellington's career and abilities Wellington's Command is absorbing reading for both military historians and those with an interest in the Napoleonic period The Greenhill Dictionary of Military Quotations Peter G Tsouras, 2020-05-18 An authoritative compilation of military history quotes from 2000 BC to the present day A massive compilation casting light not only upon the pain suffering and sheer insanity of war but also upon the unique comradeship and exhilaration of battle this is a valuable addition to the literature of reference The Spectator Peter Tsouras brings 4 000 years of military history to life through the words of more than 800 soldiers commanders military theorists and commentators on war Quotes by diverse personalities Napoleon Machiavelli Ataturk Che Guevara Rommel Julius Caesar Wellington Xenophon Crazy Horse Wallenstein T E Lawrence Saladin Zhukov Eisenhower and many more sit side by side to build a comprehensive picture of war across the ages Broken down into more than 480 categories covering courage danger failure leadership luck military intelligence tactics training guerrilla warfare and victory this definitive guide draws on the collected wisdom of those who have experienced war at every level From the brutality and suffering of war to the courage and camaraderie of soldiers to the glory and exhilaration of battle these quotes offer an insight into the turbulent history of warfare and the lives and deeds of great warriors The ^APower Triangle Hazem Kandil, 2016-08-18 Revolution reform and resilience comprise the respective fortunes of modern Iran Turkey and Egypt Although the countries all experienced coups with remarkably similar ambitions each followed a very different trajectory Iran became an absolutist monarchy that was overthrown from below Turkey evolved into a limited democracy and Egypt turned into a police state Memoir of the Family of Wratishlaw of Rugby. ... , 1849
