Third Series** Library of Congress. Copyright Office, 1973 **The Uncanny Muse** David Hajdu, 2025-02-04 One of Literary Hub's Most Anticipated Books of 2025 An acclaimed critic journalist and songwriter musician tells the story of art's relation to machines from the Baroque period to the age of AI What does it mean to be human in a world where machines too can be artists The Uncanny Muse explores the history of automation in the arts and delves into one of the most momentous and controversial aspects of AI artificial creativity The adoption of technology and machinery has long transformed the world but as the potential for artificial intelligence expands David Hajdu examines the new increasingly urgent questions about technology's role in culture From the life size mechanical doll that made headlines in Victorian London to the doll's modern AI pop star counterpart Hajdu traces the fascinating varied ways in which inventors and artists have sought to emulate mental processes and mechanize creative production For decades machines and artists have engaged in expressing the human condition along with the condition of living with machines through player pianos broadcasting technology electric organs digital movie effects synthesizers and motion capture By communicating and informing human knowledge the machines have exerted considerable influence on the history of art and often more influence than humans have been willing to recognize As Hajdu proclaims before machine learning there was machine teaching With thoughtful wide ranging and surprising turns from Berry Gordy and George Harrison to Andy Warhol and Stevie Wonder David Hajdu takes a novel and contrarian approach he sees how machines through the ages have enabled creativity not stifled it and The Uncanny Muse sees no reason why this shouldn't be the case with AI today **Pound/the Little Review** Ezra Pound, 1988 Gathers Pound's letters to the publisher of the Little Review and provides background information on this period in Pound's life **Sexuality and Gender at Home**

Brent Pilkey, Rachel Scicluna, Ben Campkin, Barbara Penner, 2020-05-27 *Sexuality and Gender at Home* is the first book to explore the meanings and experiences of home through the framework of sexuality. Looking at a broad spectrum of sexuality, gender and domesticity, it examines the many ways in which home is constructed, performed and experienced in relation to sexuality and gender. Considering identity issues such as age, class, ethnicity and gender, the authors problematize intimacy and question conventional ways of thinking about allegedly private home space. Comprehensive introductions to each of the book's three sections on Intimacy and Home, Queering Home, Beyond Home, provide a coherent overview of the existing literature as well as additional historical and cultural context. Fourteen chapters present ground-breaking research and insights into sexuality, gender and home across culture, time and space. Written by academics from a range of subject disciplines, chapters are based on research covering countries including Australia, France, Sweden, the UK, the USA, Guyana, Israel and Singapore. This highly original text is the ideal starting point for anyone wishing to get to grips with the emerging field of sexuality, gender and home and will particularly appeal to researchers and students in anthropology, architecture, gender studies, sociology and human geography.
