Revisiting and Revising the Fifties in Contemporary US Popular Culture Eleonora Ravizza, 2020-05-25 In this book Eleonora Ravizza analyzes how contemporary American popular culture has represented and reproduced the fifties By investigating the cultural work of films and TV series from the last two decades the book uncovers the inherent limitations of a revisionist take on the fifties Ravizza argues that due to the visual nature of the fifties crystallized in American consciousness through the widespread influence of television most contemporary attempts to rework and rewrite the regressive gender queer and racial politics fall short of such a revisionist reevaluation

**British Cinema in the Fifties** Christine Geraghty, 2002-01-04 In the fifties British cinema won large audiences with popular war films and comedies creating stars such as Dirk Bogarde and Kay Kendall and introducing the stereotypes of war hero boffin and comic bureaucrat which still help to define images of British national identity In British Cinema in the Fifties Christine Geraghty examines some of the most popular films of this period exploring the ways in which they approached contemporary social issues such as national identity the end of empire new gender roles and the care of children Through a series of case studies on films as diverse as It Always Rains on Sunday and Genevieve Simba and The Wrong Arm of the Law Geraghty explores some of the key debates about British cinema and film theory contesting current emphases on contradiction subversion and

excess and exploring the curious mix of rebellion and conformity which marked British cinema in the post war era

**America in the Fifties** Enzo George, 2015-07-15 Shortly after World War II America experienced an incredible economic and technological boom as soldiers returned home from abroad. The middle class grew and technology such as the automobile and television found their way into more and more homes. Explore the Fifties through the eyes of artists, politicians and ordinary people.

*America in the Fifties* Andrew J. Dunar, 2006-11-07 The 1950s evoke images of prosperity, suburbia, a smiling President Eisenhower, cars with elaborate tail fins, Elvis Presley, Marilyn Monroe, and the golden age of television. Seemingly a simpler time in which the idealized family life of situation comedies had at least some basis in reality. A closer examination however recalls more threatening images: the hysteria of McCarthyism, the shadow of the atomic bomb war in Korea, the Soviet threat manifested in the launch of Sputnik, and the bombast of Nikita Khrushchev and clashes over the integration of public buses in Montgomery, Alabama, and a high school in Little Rock, Arkansas. Andrew J. Dunar successfully shows how the issues confronting America in the late twentieth century have roots in the fifties, some apparent at the time, others only in retrospect: civil rights, environmentalism, the counterculture, and movements on behalf of women, Chicanos, and Native Americans. The rise of the Beats, the continuing development of jazz, the emergence of rock n roll, and the art of Jackson Pollock reveal the decade to be less conformist than commonly portrayed. While the cold war rivalry with the Soviet Union generated the most concern, Dunar skillfully illustrates how the rise of Nasser in Egypt, Castro in Cuba, and Communist regimes in North Korea, Vietnam, and China signaled new regional challenges to American power.

*The Fifties* Peter Lewis, 1978 From the publisher: This is an attempt to chronicle the decade which began with postwar austerity and saw the exploding of the H bomb, the popularization of television, and the emergence of teenagers, and concluded with ventures into space and the beginnings of the affluent society. The book covers this period of major rebellion against existing attitudes to sex, class, authority, and good taste, the time of Elvis Presley, Marilyn Monroe, James Dean, Burgess and Maclean, and the Angry Young Men, as well as of Krushchev, Castro, and Suez.

**The Fifties Spiritual Marketplace** Robert S. Ellwood, 1997 Ellwood frames his detailed and lively account with the provocative idea of the fifties as a supply side free enterprise spiritual marketplace with heady competition between religious groups and leaders and with church attendance at a record high.

*New Orleans in the Fifties* Mary Lou Widmer, 2004-07-31 Photos and reminiscences of life the 1950s part of the decade by decade series that vividly documents the Crescent City's history. Remember when Mardi Gras was cancelled in 1951 in tribute to the men fighting the Korean War? Surely you were there for Elvis Presley's visit to the Municipal Auditorium in 1956 and you must recall the first time you crossed the brand new Greater New Orleans Bridge. How about the milk bottle on top of the Cloverland Dairy? For those who were there and those who wish they were, Mary Lou Widmer recalls these and many other images and events that define the decade. Packed with photographs, her remembrances will delight and entertain all who lived through this unique decade in New Orleans and fascinate anyone intrigued by the city's past from the tumult of
