Harding, 1990-12-31 For the millions who had fought in the Great War and for their families the land fit for heroes turned out to be an illusion instead there was suffering and deprivation Out of this on 1 July 1921 was born the British Legion In the years that followed the Legion fought for justice for the ex service community meanwhile seeking to protect them It introduced the Poppy Appeal and insisted on an annual act of national Remembrance for the fallen It went to extraordinary lengths to try to prevent another war ultimately finding itself in controversial discussions with Hitler Even after the Second World War the Legion's work was far from over the war disabled and the war widows seemed to have been forgotten in the new welfare state Remembrance itself appeared to be under threat as the memory of war receded There were more battles to be fought while conflicts such as the Gulf War brought fresh problems Perhaps most inspiring is the human aspect Those who have done the Legion's work represent every class of society from admirals and former private soldiers to poppy collectors But they have one thing in common compassion for all who have suffered in the service of the country This is their story too

Crisis and Class War in Egypt Sean F. McMahon, 2016-10-15 In 2011 capital's crisis erupted in Egyptian society This eruption and subsequent politics have been misrepresented as revolutionary as the working class was and is increasingly so devalued and disempowered In *Crisis and Class War in Egypt* Sean F McMahon critically analyses Egypt's recent political history He argues that the so called revolution was the appearance of capital's destruction of the value of the

Egyptian working class and an existential crisis for capital In response productive capital in the form of the military used disposed of and replaced its junior partners in governing first the predatory capital of the Mubarak state with the commodity capital of the Muslim Brotherhood and then commodity capital with the finance capital of the Gulf Cooperation Council These reconfigurations have been expressed in all manner of reactionary governmental arrangements including constitutions legislation and currency reform Extending today s analysis into the near future McMahon sees the war of Egyptian society intensifying and increasingly violent lives for Egyptian workers

[Loving a Cheater](#) Chinedu Nnadi,2025-07-08 Lena thought she could see through anyone until the man she loved became a stranger in her own bed Daniel was once her safe place tender loyal hers But the

signs crept in like shadows an unfamiliar perfume secretive smiles and the cold weight of his phone always facedown When the truth emerged it came not with rage but with a broken confession It didn't mean anything And tragically Lena believed him She stayed Not because she forgave but because she still loved him desperately irrationally painfully But betrayal doesn't fade it festers The second time shattered her illusions yet silence became her armor She watched him lie with practiced ease watched herself wither in the mirror wondering when love had become a slow kind of self burial And when she finally asked why his answer was a wound that wouldn't close Loving a Cheater is a raw heart wrenching portrait of a woman caught between the ache of betrayal and the terror of letting go It's about the lies we tell ourselves to keep loving the wrong people and the war between dignity and devotion Some scars don't fade Some choices redefine us And sometimes the hardest person to forgive is yourself

Black Movements in America Cedric J. Robinson, 2013-10-18 Cedric Robinson traces the emergence of Black political cultures in the United States from slave resistances in the 16th and 17th centuries to the civil rights movements of the present Drawing on the historical record he argues that Blacks have constructed both a culture of resistance and a culture of accommodation based on the radically different experiences of slaves and free Blacks

J. M. Coetzee and the Ethics of Reading Derek Attridge, 2021-04-10 Nobel Prize winning novelist J M Coetzee is one of the most widely taught contemporary writers but also one of the most elusive Many critics who have addressed his work have devoted themselves to rendering it more accessible and acceptable often playing down the features that discomfort and perplex his readers Yet it is just these features Derek Attridge argues that give Coetzee's work its haunting power and offer its greatest rewards Attridge does justice to this power and these rewards in a study that serves as an introduction for readers new to Coetzee and a stimulus for thought for those who know his work well Without overlooking the South African dimension of his fiction

Attridge treats Coetzee as a writer who raises questions of central importance to current debates both within literary studies and more widely in the ethical arena. Implicit throughout the book is Attridge's view that literature more than philosophy, politics or even religion does singular justice to our ethical impulses and acts. Attridge follows Coetzee's lead in exploring a number of issues such as interpretation and literary judgment, responsibility to the other, trust and betrayal, artistic commitment, confession and the problematic idea of truth to the self.

Writing Death Jeremy Fernando, 2011-06-06. Ask not for whom the bell tolls. Eulogy, one of the many English words combining *legein* to gather together and *logos* the word, the law. With eulogy though, the speech act itself is all important, *eu* and its impossibility evident in a written work. The site of the gathering together of words of scattered sounds disappears in the act of writing itself, scatter all too forcefully underlining the cause, the event of dispersion that creates the need for gathering together. Jeremy Fernando's eulogy, this particular eulogy is called *Writing Death* and it reminds us that eulogy in its impossibility may well be the primary genre of writing. Writing and death have always gone together, hence Plato's suspicions of chirographic technologies. The author is absent as is the subject. The text brooks no questions and gives no answers. Fernando's gathering of scatterings in the form of mini meditations unfolds the weaving of *textus* that makes writing possible and makes death comprehensible in all of its paradoxical mystery and aweful presence. His is a book of catalysts, use them with care.

Love, Infidelity, and Sexual Addiction Christine A. Adams, 2000-12. *Love, Infidelity, and Sexual Addiction* is an honest sharing of a trust betrayed. This book offers hope and healing to those who have suffered from repeated betrayal. It details a system of spiritual and emotional self-help including chapters defining Sexual Addiction and Coaddiction, The Shame-based Family and The Spiritually Centered Family, Signs of Obsession, Compulsive Behavior, Finding Self, The Solution, A Healthy Relationship and Forgiveness.
