Though it s based on the ancient palmistry system I use celebrity palm examples to illustrate many of the lines and hand shapes I always found it frustrating that though the old palmistry books contain a wealth of information they are often disorganized For example you discover palm illustrations pages after the appropriate lesson is given So I tried to make my book as organized as possible by providing an illustration after each explanation of the new line or mark This book has several hundred illustrations of different palms lines and marks on hands I tried to make the book as easy as possible to understand therefore it contains many drawings

Benham,2006-03-22 The book that for more than a century has been the standard reference for reading the hand now in a completely reformatted edition Palmistry is one of the ancient arts practiced in Egypt India Greece and Rome and prized as a sacred and peculiar gift Its practitioners were highly respected philosophers oracles and priests Yet by the 17th century it had become a lost art kept alive almost solely in gypsy camps And by the end of the 19th century it was seen as little more than quackery a small step up or down from fortune telling and alchemy When it was originally published as The Laws of Scientific Hand Reading Benham s book immediately transformed the image of palm reading from a huckster s trick to a practice with a firm scientific basis It quickly became an essential reference work for anyone serious about palm reading The Essential Edition brings Benham s original text back in print It also updates many of the graphics which have become obscured through numerous printings Benham s words remain as viable today as they were 100 years ago as they form the foundation of modern palmistry

Destiny in the Palm of Your Hand Ghanshyam Singh Birla,2000-06-01 Use the ancient Indian art of Vedic palmistry as a guide to self understanding and the creation of your destiny Learn to influence your future to bring forth the best qualities of heart mind and soul Read a record of the past a print of the present and guidance for the future in the ever changing interplay of lines Become aware of your innate tendencies and personality type from the lines in your palms One s destiny isn t carved in stone Rather than predicting a set future Vedic palmistry shows us how to take active steps to influence and improve our destinies once we have gained better self understanding Using dozens of illustrations and examples of actual palm prints Birla demonstrates how our less dominant hand reflects all that we have inherited from the past old behavior patterns thoughts desires and attitudes while our dominant hand the hand we write with reflects our resolve to change for the better By comparing both hands we gain an understanding of where we are coming from and where we are headed As we make positive changes in our lives the lines on our palms will actually change to reflect our progress
