## **The Fires Of Sinhala:**

**The Fires of Sinhala** Colin De Silva, 1986 *Religious Radicalization and Securitization in Canada and Beyond* Paul Bramadat, Lorne Dawson, 2014-09-17 After the terrorist attacks of 9/11 those in London and Madrid and the arrest of the Toronto 18 Canadians have changed how they think about terrorism and security As governments respond to the potential threat of homegrown radicalism many observers have become concerned about the impact of those security measures on the minority groups whose lives are securitized In *Religious Radicalization and Securitization in Canada and Beyond* Paul Bramadat and Lorne Dawson bring together contributors from a wide range of academic disciplines to examine the challenges created by both religious radicalism and the state's and society's response to it This collection takes a critical look at what is known about religious radicalization how minorities are affected by radicalization from within and securitization from without and how the public media and government are attempting to cope with the dangers of both radicalization and securitization *Religious Radicalization and Securitization in Canada and Beyond* is an ideal guide to the ongoing debates on how best to respond to radicalization without sacrificing the commitments to multiculturalism and social justice that many Canadians hold dear

**Pain, Pride, and Politics** Amarnath Amarasingam, 2015 *Pain, Pride, and Politics* is an examination of diasporic politics based on a case study of Sri Lankan Tamils in Canada Amarnath Amarasingam analyzes the reactions of diasporic Tamils in Canada at a time when the Tamil Tigers a separatist Tamil militant movement was being crushed by the Sri Lankan armed forces and revises currently accepted analytical frameworks relating to diasporic communities This book adds to our understanding of a particular diasporic group while contributing to the theoretical literature in the area Throughout Amarasingam argues that transnational diasporic mobilization is at times determined and driven as much by internal organizational and communal developments as by events in their countries of origin a phenomenon that has received relatively little attention in the scholarly literature His work provides an in depth examination of the ways in which a separatist sociopolitical movement beginning in Sri Lanka is carried forward altered and adapted by the diaspora and the struggles that are involved in this process Amarasingam's impressive clearly written study provides at once a fascinating account of the complex politics of the Sri Lankan Tamil community in Canada and a significant reappraisal of diaspora theory

Mark P Whitaker author of *Learning Politics from Sivaram: The Life and Death of a Revolutionary Tamil Journalist in Sri Lanka* Written from the perspective of a critical insider this engaging book helps us to make sense of the fractious complexity of Tamil diaspora politics since the defeat of the Liberation Tigers of Tamil Eelam in 2009 Its innovative angle on diaspora as a social movement points to ways of understanding how and why diasporas have become such important players on the global scene

*The Cult of the Goddess Pattini* Gananath Obeyesekere, 1987-01-01 Pattini goddess virgin wife and mother folk deity of Sinhala Buddhists and Jains and assimilated goddess of the Hindu pantheon has been worshiped in Sri Lanka and South India for fifteen hundred years or more as she still is today This long awaited book is the culmination of Gananath Obeyesekere's comprehensive study of the Pattini cult and its historical sociological and psychoanalytical role in the culture of South Asia A well known anthropologist and a native of Sri Lanka Obeyesekere displays his impeccable scholarship and a stunning range of theoretical perspectives in this work the most detailed analysis of a single religious complex in South Asian ethnography and possibly in all of anthropology Since 1955 Obeyesekere has observed and participated in modern performances of the rituals of worship healing and propitiation in the Pattini cult particularly the postharvest ritual known as the gammaduva He presents detailed texts of the gammaduva placing them in their historical and mythic traditions Using the texts he formulates a cultural analysis of the Buddhist pantheon and a critique of empiricist notions of South Asian historiography Obeyesekere shows that some seemingly historical figures of South India and Sri Lanka are mythic characters and that their historical significance can best be understood by an anthropological analysis of myth rather than through a reification of myth in history The concurrent Hindu worship of Pattini with its myths and rituals is described in detail Obeyesekere documents the Sanskritization of Pattini the changing physical structures of the goddess's shrines from the 1930s to the present the assumption by Brahman priests of ritual functions formerly carried out by folk priest and the sociocultural causes of these changes He traces too the origins and diffusion of the cult throughout its entire history as well as its survival today Of psychological interest is the problematic status of Pattini as virgin wife and mother and her relationship with her god husband Palanga and his courtesan Madevi Obeyesekere discusses the psychodynamics of this relationship in detail and explains its role in Hindu Buddhist socialization and family structure Further he uses this analysis to account for local variations in the performance and structure of the ritual The ritual of the killing and resurrection of Pattini's husband and her role as mater dolorosa will interest scholars of comparative religion
