numerous films and other media over the years      **Subject Guide to Books in Print** ,1996      *The First Men in the Moon* Herbert George Wells,2019-12-03 The reader may imagine it best if he will lie on the ground some warm summer s night and look between his upraised feet at the moon but for some reason probably because the absence of air made it so much more luminous the moon seemed already considerably larger than it does from earth The minutest details of it s surface were acutely clear And since we did not see it through air its outline was bright and sharp there was no glow or halo about it and the star dust that covered the sky came right to its very margin and marked the outline of its unilluminated part And as I stood and stared at the moon between my feet that perception of the impossible that had been with me off and on ever since our start returned again with tenfold conviction      [The First Men in the Moon](#) H. G. Wells,Gerald McCann,2015-09 H G Wells s story of the first men on the moon and what they find there Classics Illustrated tells this wonderful tale in colorful comic strip form providing an excellent introduction for younger readers Also includes theme discussions and study questions

**The First Men in the Moon** H. G. Wells,2015-01-21 And this book is the sequel So utterly at variance is destiny with all the little plans of men I may perhaps mention here that very recently I had come an ugly cropper in certain business enterprises Sitting now surrounded by all the circumstances of wealth there is a luxury in admitting my extremity I can admit even that to a certain extent my disasters were conceivably of my own making It may be there are directions in which I have some capacity but the conduct of business operations is not among these But in those days I was young and my youth among other objectionable forms took that of a pride in my capacity for affairs I am young still in years but the things that have happened to me have rubbed something of the youth from my mind Whether they have brought any wisdom to light below it is a more doubtful matter
